GENERAL NOTES

This report presents for each recipient country the annual fiscal yea trend of obligations and loan authorizations, and of expenditures, for the economic assistance programs of the Agency for International Development and its predecessor agencies. The period covered is April 3, 1948, throug June 30, 1964, some sixteen fiscal years.

A.I.D. was the administering agency for economic assistance under the Foreign Assistance Act only during the last three of these years, bein activated on November 4, 1961. Agencies dealing with economic assistance programs during the Marshall Plan period and the Mutual Security Act perio were, successively: The Economic Cooperation Administration (April 3, 194 October 31, 1951); the Mutual Security Agency (November 1, 1951-July 31, 1953); the Foreign Operations Administration (August 1, 1953-June 30, 1955 the International Cooperation Administration (July 1, 1955-November 3, 196 and the Development Loan Fund (August 14, 1957-November 3, 1961).

The data in this report cover commitments for economic and technical assistance made by A.I.D. and its predecessor agencies. Commitments may be defined as development loans authorized and obligations of other A.I.D. funds. All annual commitment data as well as the cumulative totals are on a "net" basis, that is, new obligations from funds appropriated for that fiscal year, plus reobligations and minus deobligations of prior year fund A minus figure indicates deobligations in excess of new obligations.

Commitments made by A.I.D. and its predecessor agencies are shown separately for loans and grants. The loan total covers development loans, Alliance for Progress loans, supporting assistance loans, and any other loans from A.I.D. or predecessor agency funds. The loans made from the Social Progress Trust Fund by the Inter-American Development Bank are not included in the regular tables, but appear separately on page 14. In addition to loans authorized and expended, the data also include cumulative principal repayments and interest collections for the period 1949-1964, against loans made by A.I.D. and its predecessor agencies. These data include repayments and interest collections in dollars and in foreign currencies; the latter are expressed in dollar equivalents.

The Latin American data include a special additional recapitulation for the 19 Latin American Republics who were signatories of the Act of Bogota which formalized the Alliance for Progress. These data are, of course, also included in the regular Latin American totals. The special summaries for the 19 Republics exclude Cuba, British Guiana, British Honduras, Jamaica, Surinam, and Trinidad and Tobago; they include regional assistance.

Excluded from this report are military assistance programs and all economic programs not authorized by the various Foreign Assistance Acts and antecedent legislation. The latter include, for example, Export-Import Bank loans and the Food for Peace program. The report includes, however, aid under the Chilean Reconstruction and Rehabilitation Program and the Program for Social Progress administered by A.I.D.

NOTE: Details may not add to totals due to rounding.
