TITLE ____

I. Broad Purpose of the Project

The main purpose of the project is to help increase the capacity of the East African Community's East African Agriculture and Forestry Research Organization (EAAFRO) to serve the partner states of Kenya, Tanzania and Uganda.

Specifically, the project (a) will work to strengthen EAAFRO's permanent research capability as an African institution to perform effective research on basic food crop varieties, and (b) pending the development of a full African professional staff, will undertake research as agreed with the East African Community (EAC) to improve selected food crop varieties, agronomic practices, and pest and disease control methods. This will take place in appropriate cooperation with: a) other EAC bodies such as the East African Industrial Research Organization (EAIRO), and b) the international network of centers performing basic research on these crops (e.g. CYMMT, IRRI, IITA).

The new project will first consolidate on-going activities under the Major Cereals and Legume Improvement (618-11-130-652) and Animal and Crop Production (618-11-110-644) projects, both of which terminate 30 June 1972, then lead gradually to an enlarged input from both parties and intensified efforts toward the long range institutional development of EAAFRO.

II. Nature of Assistance

The United States government through the Agency for International Development (AID) expects, subject to the availability of funds, to finance jointly with the EAC the following types of activities through fiscal year 1980 (ending 30 June 1980):

-- American research personnel

-- limited amounts of expendable supplies

-- certain equipment and other capital costs

-- participant training in the U.S. or third countries for EAAFRO's professional staff

Details of those activities funded in the current fiscal year 1972 are found in section III below. U.S. Dollar funds provided in this Project

| A.I.D. 1020-1A (6-70) PROAG CONTINUATION SHEET ANNEX | PROJECT AGREEMENT BETWEEN AID AND THE EAST AFRICAN COMMUNITY | 1. Project/Activity No. 618-11-110-657 | PAGE 3 OF 5 PAGES |
|---|---|---|---|
| | | 2. Agreement No. EAFCR No. 1 (208) | 3. [X] Original or Revision No. |
| | | 4. Project/Activity Title East African Food Crop Research | |

Agreement will serve to start the new project and ensure its continuity with the two existing projects it replaces. Full details of the nature and magnitude of AID and EAC commitments will be spelled out in Project Agreements to be negotiated in FY 1973 and subsequently as required.

III. FY 1972 Activities: Details of EAC and AID Contributions

A. Personnel Costs

AID agrees to provide $30,800 (Shs.218,680 ) from FY 1972 funds toward the direct personnel costs of American technicians serving in East Africa under Participating Agency Service Agreements (PASAs) with the U.S. Department of Agriculture (USDA) in the Major Cereals and Legume Improvement, Animal and Crop Production, and East African Food Crop Research projects.

B. Participant Training

The EAC agrees to continue the salaries and allowances of officers accepted by AID for participant training. The EAC will also be responsible as necessary for meeting local costs associated with processing the candidates for departure and returning them to East Africa, such as travel and local per diem to and from the point of departure from East Africa, passport fees, clothing allowances, pre-departure medical examinations, and other similar items. In addition, for each participant financed under this agreement, the EAC will pay fifty percent (50%) of the cost of round trip international travel between East Africa and the point of entry into the U.S. or third country. The estimated EAC costs for this part of the Project Agreement are approximately Shs.3b,000/- ($5,000).

AID agrees to provide from FY 1972 Funds $24,000 (Shs.170,400/-) for such training and fifty percent (50%) of the round-trip international travel between East Africa and the point of entry into the U.S. or third country for each participant. Details of the training to be financed will be set forth in PIO/P's.

C. Commodities

The EAC through its agents EAAFRO and/or EAIRO agrees to take the following actions in connection with commodities and equipment, including vehicles, financed by AID pursuant to this agreement (but not including stoves, refrigerators and airconditioners supplied by AID to the American technicians. Title to these latter commodities shall remain with AID):

|---|---|---|---|
| | | 2. Agreement No. EAFCR No.1 (208) | 3. [X] Original or Revision No. ___ |
| | | 3. Project/Activity Title East African Food Crop Research | |

a) Accept title to all commodities at port of entry and transport them to the site of use.

b) Install all commodities and/or equipment.

c) Provide necessary care and maintenance of these commodities and/or pieces of equipment.

d) Pay all duties, tariffs, and taxes which may be imposed. (See Standard Provisions Annex I. (1)).

The estimated cost to the EAC of these activities (excluding care and maintenance) is Shs.14,200/- ($2,000).

AID agrees to provide $24,000 (Shs.170,400/-) from FY 1972 funds for the purchase of commodities and equipment. Details of the purchases will be set forth in PIO/C's.
