Reporting Concepts

General

The annual update of the "U.S. Overseas Loans and Grants", informally known as the "*Greenbook*", contains summary data of United States Government (USG) foreign assistance since 1945 and detailed annual data for the last four fiscal years. Foreign assistance is categorized as either economic assistance or military assistance. Non-concessional support is also presented. The contents of each section are explained in further detail below.

Foreign assistance is reported by recipient country and organized by geographic region, without distinction between developed and developing countries. The report includes a world summary page, regional summary pages and individual country pages. Generally, country names are those officially designated by the U.S. Department of State. Specific information on country/region names and groupings can be found in the County and Regional Notes in the back of the book.

From 1955 to the present, annual data represent total new grant obligations and loan authorizations in the given fiscal year. Where obligations are not available, appropriations or disbursements are used. Historical data are updated and may not reconcile with past editions of the *Greenbook*. Prior to 1955, grant data represent net obligations and loan data represent net authorizations.

All data are reported in historical U.S. dollars. Columns and rows may not sum due to rounding. Values less than $50,000 are denoted as 0.0 .

The accounts of program that make up each row of the country pages are listed below. For annual data of the individual accounts or programs visit http://qesdb.cdie.org/gbk/index.html.

Section Notes

A brief explanation of the contents of each section (economic assistance, military assistance, and non-concessional support) is provided below. Each section is divided into multiple funding categories, indicated by the shaded rows. The tables provide a detailed listing of "accounts" that comprise each funding category in the current year. For the purpose of this publication, "accounts" refer to Federal appropriation accounts or Agency programs that fall under those accounts.

Economic Assistance

Economic assistance data are not comparable to statistics compiled by the U.S. Government on Official Development Assistance (ODA) included in reports to the Development Assistance Committee (DAC) of the Organization for Economic Cooperation and Development (OECD) due to definitional differences.

Total economic assistance is broken into the following funding categories: United States Agency for International Development (USAID) and Predecessor, Food Aid, and Other Economic Assistance.

The **USAID and Predecessor** Account Table shows the comprehensive list of accounts that comprise the funding categories for USAID and Predecessor Loans and Grants, and Security Support Assistance/Economic Support Fund (ESF). ESF is included in USAID loan and grant data, but is also shown as a separate line item. The Department of State administers several ESF-funded programs.

The report covers development assistance over a period of more than fifty years. There have been a number of changes in the types of assistance programs covered. The following tables detail the accounts that have become inactive, the last year of reported data, and the total funding assistance over the life of the account.

Some historical data are not available by individual accounts because annual data were subsumed into aggregate funding categories. For example, subsumed in historical USAID Loan and Grant data are obligations from such appropriation accounts as: Sahel Development Program, Sub-Saharan Disaster Assistance, Special Assistance, Defense Support, Direct Forces Support, Indochina Postwar Reconstruction, Middle East Special Requirements Fund, and Assistance to Portuguese Colonies in Africa. Obligations for these accounts are not available due to past reporting procedures.

Time Period Notes

Country and regional pages contain historical summary data, the most current four years of annual data, cumulative total and information on loan status. Summary data are available for each legislative authority: Post-War Relief (1946-1948), Marshall Plan (1949-1952), Mutual Security Act (1953-1961) and Foreign Assistance Act (1962-present). Detailed annual data on prior years can be found on the website at http://qesdb.cdie.org/gbk/index.html .

Loan Status

Cumulative loans and grants is the sum of annual data from 1945 to the present. The columns on loan status indicate the amount of debt repaid, forgiven or written off, as well as the outstanding loan balance. The outstanding loan balance is the total principal of all loans yet to be repaid on loans made during the period 1946 to the present, as reported by the U.S. Department of Treasury. Debt repaid, forgiven or written off is the difference between the cumulative loans and grants and the outstanding loan balance. Private loans to foreign entities that are guaranteed and/or insured by the U.S. Government are not included in this publication. Claims acquired by the U.S. Government upon default under these programs are also not included, however, capitalization of the defaults are included. The final two columns equal the total loans and grants for the entire period. Note: Prior to 1999, OPIC annual loan data are embedded in other non-concessional loans. Therefore, OPIC's outstanding loan balance may be greater than total loan and grants.

Glossary of Terms

Appropriations– an act of the United States Congress allowing US Federal Agencies to incur obligations for specified purposes.

Authorization – substantive legislation that establishes legal operation of a Federal program, either indefinitely or for a specific period of time, and sanctions particular program funding levels.

Fiscal Year (FY) – an accounting period of 365 days (366 in leap years), but not necessarily starting on January 1. The fiscal year of the United States Government begins on October 1 and ends on September 30 and is designated by the calendar year in which it ends. Prior to FY 1977, the U.S. fiscal year ran from July 1 through June 30. The three-month transition period in 1976 (July 1 through September 30) is treated as a distinct reporting period.

Grant – cash transfers for which the recipient incurs no legal debt.

Loan – transfers for which the recipient incurs a legal debt and repayment is required over time, with or without interest, in convertible currencies or in kind.

Obligation – a binding agreement that will result in outlays, immediately or in the future. Budget resources must be available before obligations can be legally incurred.
