Theses and Dissertations
Available in
The ICRISAT Library

Compiled by

Tayaba A. Rahman

July 1975

International Crops Research Institute for the Semi-Arid Tropics
1-11 256 Begumpet
Hyderabad 500016 (A.P.), India

1 BASHIR AHMAD.
Farm mechanization and agricultural development; a case study of the Pakistan Punjab.
xiii, 236 p. 21 cm.

Ph.D. (1972) - Michigan State University, East Lansing, United States.

2 BEHARI LAL.
Diallel analysis of grain yield and some other quantitative traits in bengal gram (Cicer arietinum L.).
95 p. 28 cm.

M.S. (1972) - Punjab Agricultural University, Ludhiana, India.

3 BHAT, S. SHANKARA
Investigations on the biology and control of Sclerospora graminicola on bajra.
viii, 165 p. 28 cm.

Ph.D. (1973) - University of Mysore, Mysore, India.

4 CASTLEBERRY, RON M.
Effects of thinning at different growth stages on morphology and yield of grain sorghum Sorghum bicolor (L.) Moench.
153 p. 28 cm.

Ph.D. (1973) - University of Nebraska, Lincoln, United States.

5 ELLIS, GENE.
Man or machine; beast or burden: a case study of the economics of agricultural mechanization in Ada District, Ethiopia.
xiii, 214 p. 21 cm.

Ph.D. (1972) - University of Tennessee, Knoxville, United States.

6 FISHER, KENNETH SAMUEL.
Physiological studies of yield in grain sorghum.
(Sorghum vulgare Pers.)
xiv, 140 p. (Microform).

Ph.D. (1972) - University of Queensland, Queensland, Australia.

7 GHEYI, HANS RAJ.
Study of some calcareous soils from Morocco. Part I: Chemical and physical properties; a correlative study. Part II: Cation exchange equilibria; a comparison of empirical studies and theoretical approaches.
2 pts. 27 cm.

Ph.D. (1974) - Catholic University of Louvain, Louvain, Belgium.

8 GREEN, DAVID ALFRED GEORGE
Agricultural mechanization in Ethiopia: an economic analysis of four case studies.
xxii, 377 p. 21 cm.

Ph.D. (1971) - Michigan State University, East Lansing, United States.

9 HAKEEM, M.A.
Expression of heterosis in some varietal crosses of Sorghum vulgare (Pers.), with respect to vegetative and growth characters.
94 p. 29 cm.

M.S. (1961) - Indian Agricultural Research Institute, New Delhi, India.

10 HUSSAINI, S.H.
Some studies on pollen viability, stigma receptivity and seed set in sorghum.
37 p. 29 cm.

M.S. (1962) - Indian Agricultural Research Institute, New Delhi, India.

11 JALAJA, R.
Comparison of nutritive value, cooking qualities and acceptability of four selected strains of hybrid cholam (Sorghum vulgare) with a local strain.
vii, 107 p. 28 cm.

M.S. (1965) - University of Madras, Madras, India.

12 JAN-ORN, JINDA
Estimates of genetic and environmental components of variance in some quantitative genetic traits from families derived from NP3R random-mating sorghum population and their application in breeding systems.
xxii, 163 p. tables. 30 cm.

Ph.D. (1973) - University of Nebraska, Lincoln, United States.

13 KATRE, RAM KISHORE.
Time and depth patterns of water loss from a deep vertisol.
v, 66 p. 29 cm.

Ph.D. (1973) -- University of Illinois, Urbana, United States.

14 KAVERIAPPA, K.M.
Investigations on the downy mildew of sorghum.
viii, 171 p. 28 cm.

Ph.D. (1973) - University of Mysore, Mysore, India.

15 LAURA, RAM DHARI.
Adsorption of ethylenediamine (EDA) on montmorillonite saturated with different cations.
119 p. 27 cm.

Ph.D. (1974) -- Universite Catholique de Louvain, Louvain, Belgium.

16 LIN, WEN-RONG.
Decision under uncertainty: an empirical application and test of decision theory in agriculture.
xiv, 218 p. 21 cm.

Ph.D. (1973) - University of California, Davis, United States.

17 McALPIN, MICHELLE BURGE
Impact of railroad on agriculture in India, 1860-1900: a case study of cotton cultivation.
x, 210 p. 21 cm.

Ph.D. (1973) - University of Wisconsin, Madison, United States.

18 MATTEI, MAURICO RICCELLI.
Capacidad combinatoria, heterosis y correlaciones en cruzamientos de cultivares tropicales con lineas androesteriles de sorgo granifero (Sorghum bicolor (L.) Moench).
iii, 125 p. 28 cm.

Ph.D. (1973) - Central University of Venezuela, Maracay, Venezuela.

19 MIRA BAI, R.
Cooking qualities and acceptability of some new strains of hybrid cholam (Sorghum vulgare).
88 p. 29 cm.

M.S. (1963) - University of Madras, Madras, India.

20 MONTAGNINI, MARIO ITHAMAR.
Inheritance of photoperiodism in pearl millet, Pennisetum typhoides (Burm.) Stapf and C.E. Hubb.
iv, 27 p. 28 cm.

M.S. (1966) · University of Georgia, Athens, United States.

21 MUKHERJEE, D.
Genetic variability in Cajanus cajan.
160 p.

Assoc. (1956) Indian Agricultural Research Institute, New Delhi, India.

22 NARASIMHA RAO, D.V.
Influence of natural crossing and population density of variability and stability in grain sorghums (Sorghum vulgare Pers)
vii, 84 p. 29 cm.

M.S. (1962) - Indian Agricultural Research Institute, New Delhi, India.

23 PANKAJA REDDY, R.
Studies on hybrid vigour in relation to general and specific combining ability in sorghum.
iv, 79 p. 29 cm.

M.S. (1963) -- Indian Agricultural Research Institute, New Delhi, India.

24 PASTERNAK, D.
Plant and environmental effects on the stomatal regulation of photosynthesis and transpiration in sorghum.
xvi, 179 p. (Microform).

Ph.D. (1971) -- University of Queensland, Queensland, Australia.

25 PASTERNAK, D.
Studies of the use of antitranspirants on grain sorghum.
iv, 159 p. (Microform).

M.S. (1963) -- University of Queensland, Queensland, Australia.

26 PONNAIYA, B.W.X.
Studies in the genus sorghum.
v, 153 p. 29 cm.

M.S. (1949) - University of Madras, Madras, India.

27 RANGANATHAN, S.R.
Heterosis in the developmental stages of sorghum.
vi, 75 p. 29 cm.

M.S. (1965) - Indian Agricultural Research Institute, New Delhi, India.

28 REIDINGER, RICHARD BARBER.
Canal irrigation and insitutions in North India; microstudy and evaluation.
xvii, 352 p. 21 cm.

Ph.D. (1971) - Duke University, Durham, United States.

29 SATISH CHANDRA.
Analysis of grain quality in sorghum (Sorghum vulgare Pers.)
iii, 133 p. 29 cm.

Ph.D. (1965) - Indian Agricultural Research Institute, New Delhi, India.

30 SINGH, RAM NARESH.
Studies, on the evaluation of some grass forages.
vii, 57 p. 29 cm.

M.S. (1965) - Indian Agricultural Research Institute, New Delhi, India.

31 SOMBOONSUP, SRI-ON.
Pattern of Thai rice exports, 1955-72.
277 p. 27 cm.

M.S. (1975) - Kasetsart University, Bangkok, Thailand.

32 SRIBOONCHITTA, SONGSAK.
Private cost of using tractors versus buffaloes; a case study of farmers in Cha Choeng Sao Province.
vi, 142 p. 27 cm.

M.A. (1975) - Thammasat University, Bangkok, Thailand.

33 SWANSON, BURTON EUGENE.
Training agricultural research and extension workers from less developed countries: an examination of training approaches used by the International Research Institute and the International Maize and Wheat Improvement Centre.
xx, 419 p. 28 cm.

Ph.D. (1974) - University of Wisconsin, Madison, United States.

34 TECLE, TESFAI.
Economic evaluation of agricultural package programs in Ethiopia.
xii, 283 p. (Microform).

Ph.D. (1974) - Cornell University, Ithaca, United States.

35 TEE THEAN SOO.
Comparison of single-seed-descent and bulk population breeding methods and evaluation of single-seed selection in wheat (Triticum aestivum L.)
xi, 73 p. 21 cm.

Ph.D. (1971) - University of California, Davis, United States.

36 THIRSK, WAYNE ROBERT.
Economics of Colombian farm mechanization.
ix, 382 p. 21 cm.

Ph.D. (1972) - Yale University, New Haven, United States.

37 VON OPPEN, MATTHIAS KONRAD.
Optimal size and location of marketing facilities for soybeans in India.
xiii, 182 p. 30 cm.

Ph.D. (1972) - University of Illinois, Urbana, United States.

38 VOYSEST VOYSEST, OSWALDO.
Attempt to overcome the yield-dampening effect of negative correlations among yield components in beans (Phaseolus vulgaris L.)
xiv, 103p. 21 cm.

Ph.D. (1970) - Michigan State University, East Lansing, United States.
