SUMMARY OF

PROJECT REPORTS, PUBLICATIONS AND PROFESSIONAL PAPERS

COMPLETED UNDER AID/OFDA PASA'S, 1979-1989

by

National Oceanic and Atmospheric Administration
National Environmental Satellite, Data, and Information Service
Satellite Applications Laboratory
Climate Applications Branch

and

The Cooperative Institute for Applied Meteorology

July 18, 1989

AISC, 1986. Trip Report: Technical Assistance Missions: Sahel Countries, Somalia and Kenya. AISC and CIAM, 84pp. + Appendix.

AISC, 1984. User's Guide: Agroclimatic/Crop Condition Index and Multiple Regression Models for the AISC Crop Modeling System. AISC, 49pp.

AISC and CIAM, 1987. Response to National Research Council, Board of Science and Technology for International Development (NRC/BOSTID): Final Report: Panel on the National Oceanic and Atmospheric Administration Climate Impact Assessment Program for Africa. 16pp.

AISC and CIAM, 1986. Briefing Package: Methodology for NOAA/NESDIS/AISC Climate Impact Assessment Program in Africa. AISC, 116pp.

AISC and CIAM, 1986. Resource Manual. AISC.
Burkina Faso, 45pp.
Cape Verde Islands, 17pp.
Chad, 47pp.
Ethiopia, 35pp.
Haiti, 15pp.
Mali, 30pp.
Mauritania, 20pp.
Niger, 37pp.
Pakistan, 41pp.
Senegal, 47pp.
Somalia, 11 pp.
Sudan, 38pp.
The Gambia, 40pp.

AISC, CIAM, and AGRHYMET, 1986. Plan de Travail pour le Cours Professionel du Sahel: Les Evaluations de l'Impact du Climat pour les Cultures et les Parcours. AISC, 134pp.

AISC, CIAM, and AGRHYMET, 1986. Sahel Course Lesson Plans: Special CLimatic Impact Assessment for Crops and Rangelands: Agroclimate and Remote Sensing Techniques Used by NOAA/NESDIS/AISC. AISC, 150pp.

AISC, CIAM, and AGRHYMET, 1986. Sahel Course Syllabus: Special Climatic Impact Assessment for Crops and Rangelands: Agroclimate and Remote Sensing Techniques Used by NOAA/NESDIS/AISC. AISC, English 20pp., French 12pp.

AISC/NESDIS/NOAA, 1986. Assessment Products, Distribution and Feedback.

Achutuni, V.R., L.T. Steyaert, and C.M. Sakamoto, 1983. Agroclimatic Assessment Methods for Monitoring Drought Related Food Shortages in South and Southeast Asia. Presented at Special International Conference on Biometeorology, New Delhi, India, December 26-30.

Achutuni, V.R., L.T. Steyaert, and C.M. Sakamoto, 1983. Agroclimatic Assessment Methods for Monitoring Drought Related Food Shortages in South and Southeast Asia. Presented at AMS 16th Conference on Agriculture and Forest Meteorology, Fort Collins, Colorado, April 26-28.

Achutuni, V. Rao, Louis T. Steyaert, and Clarence M. Sakamoto, 1982. An Early Warning Assessment Program for Drought/Food Shortages in South and Southeast Asia: Final Report on Test and Evaluation. AISC Models Branch, 157pp. Supplement I: Meteorological Data, 293pp. Supplement II: Crop Data, 498pp. Supplement III: Episodic Data, 162pp.

Achutuni, V. Rao, Judith L. Trujillo, and Clarence Sakamoto, 1985. A Synopsis of Agroclimatic Conditions in North Africa and the Middle East. AISC Models Branch, 295pp.

Achutuni, V. Rao, Judith L. Trujillo, and Louis T. Steyaert, 1984. Agroclimatic Methods to Assess Climate/Food Security Conditions in the South Pacific. AISC Models Branch, 150pp.

Adolphe, Frantz and Arno Behlau, 1986. Training Report: Special Climate Impact Assessment for Crops and Rangelands: Examples for Haiti. AISC Models Branch, 95pp.

Also, Idrissa and Mariama Ousseini, 1986. Training Report: Special Climatic Impact Assessment for Crops and Rangelands: Examples for Niger. AISC Models Branch, 87pp.

Alves, Luis, 1986. Training Report: Special Climatic Impact Assessment for Crops and Rangelands: Examples for Cape Verde. AISC Models Branch, 151pp.

Ambroziak, R.A., 1986. Real Time Crop Assessment Using Color Theory and Satellite Data. Ph.D. Dissertation, University of Delaware.

Ambroziak, Russell A., 1985. NOAA Meteorological Satellite Applications for Food Security. NOAA/NESDIS/AISC.

Ambroziak, Russell A., 1985. Training Primer: NOAA Meteorological Satellite Applications for Food Security. NOAA/NESDIS/AISC.

Benacchio, Sergio C. and William D.J. Avilan, 1982. Agroclimatic Assessment Approaches for Major Cropping Areas of Venezuela (Enfoques Agroclimaticos para Importantes Areas Agricolas de Venezuela). AISC Models Branch, 247pp.

Budhathoki, Kamal P., 1984. Agroclimatic Assessment Tools for Nepal: A Training Report. AISC Models Branch, 143pp.

Caceres, Raul, et al., 1984. Desarrollo y Evaluacion de Modelos Agrometeorologicos para el Pronostico del Estado de los Cultivos en el Peru. AISC Models Branch, 116pp.

Callis, Susan L., 1988. Relationship Between the Intertropical Convergence Zone and Satellite Outgoing Longwave Radiation in the Sahelian Countries. Master's Thesis, University of Missouri-Columbia.

Callis, Susan L. and Wayne L. Decker, 1989. Report of the International Workshop on Satellite Techniques for Estimating Precipitation. Cooperative Institute for Applied Meteorology, Columbia, Missouri.

Callis, Susan L. and Douglas M. LeComte, 1987. Operational Use of Satellite Imagery to Estimate Rainfall in the Sahelian Countries of Africa. Presented at the 18th Conference Agricultural and Forest Meteorology and 8th Conference Biometeorology and Aerobiology, W. Lafayette, Indiana, September 15-18.

Callis, Susan and Royce Kirk, 1982. Agroclimatic Handbook #2: Brazil. AISC Models Branch, 35pp.

Callis, Susan and Clarence Sakamoto, 1989. Relationship Between the Intertropical Convergence Zone and Satellite Outgoing Longwave Radiation. Presented at 19th Conference on Agriculture and Forest Meteorology, Charleston, South Carolina, March 7-10.

Callis, Susan, Rita Terry, and Royce Kirk, 1982. Agroclimatic Handbook #1: Argentina. AISC Models Branch, 23pp.

Callis, Susan and Royce Kirk, 1983. Agroclimatic Handbook #3: Australia. AISC Models Branch, 42pp.

Canadas, Luis and Hector E. Salvador, 1982. Modelos de Estimacion Agrometeorologica para el Desarrollo Rural en la Sierra Central del Ecuador: Informe Final. AISC Models Branch, 191pp.

CEAS and UMC, 1979. Weather/Crop Yield Relationships in Drought-Prone Countries of Sub-Saharan Africa: Final Report. Center for Environmental Assessment Services, 177pp.

CEAS and UMC, 1979. A Study of the Caribbean Basin Drought/Food Production Problem: Final Report. Center for Environmental Assessment Services, 200pp.

Choo, Lim Hong, Yong Pok Wing, Tung Nam Ping, and Jamal b. Abdullah, 1989. Satellite Crop Monitoring Workshop Training Report: Malaysia. Asian Institute of Technology, Bangkok, Thailand, 13pp + Appendices.

Cooperative Institute for Applied Meteorology, 1988. Developmental Test Products for the Sahel. Delivered to Price, Williams, and Associates in August, September, and October.

Cooperative Institute for Applied Meteorology, 1987. Climate Impact Assessment for the Sahel and Horn of Africa. Bimonthly bulletins submitted to USAID from May 1 through October 1.

Cooperative Institute for Applied Meteorology, 1987. 10-day Rainfall Anomalies. Submitted to USAID from August 1 through October 1.

Conteh, Amara, 1984. Agroclimatic Impact Assessment Methods for Improving Agricultural and Rural Development Program in Sierra Leone. Assessment and Information Services Center, 163pp.

Darboe, Mounir and Mohammed Sanneh, 1986. Training Report: Special Climatic Impact Assessment for Crops and Rangelands: Examples for The Gambia. AISC Models Branch, 89pp.

Decker, Wayne L. and Clarence Sakamoto, 1981. Simulation of Environmental Impacts on Productivity. Presented at the Sixth Beltsville Agricultural Research Center (BARC) Symposium, May 17-20.

Espoz, Cecilia, 1985. The Remote Sensing Component in a Crop Monitoring System. AISC Models Branch, 49pp.

Espoz, Cecilia and Armando Brizuela, 1983. Application of Remote Sensing and Agrometeorological Methods for Crop Assessment in the Pampa Humeda. AISC Models Branch, 112pp.

Fuentes, Jose D., 1984. Agroclimatic Crop Condition Methods for Assessing Drought/Food Shortages in El Salvador. AISC Models Branch, 100pp.

Gandega, Yelli and Hamala Diakite, 1986. Training Report: Special Climatic Impact Assessment for Crops and Rangelands: Examples for Mauritania. AISC Models Branch, 83pp.

Gautam, Y.P., 1985. Agroclimatic Bulletin for Nepal. Assessment and Information Services Center.

Gonzalez, Fermin E., 1985. Evaluacion del Estado de los Cultivos Usando Tecnicas Agrometeorologicas: Metodologia para la Republica Dominicana. AISC Models Branch, 61pp.

Gueye, Massamba, 1982. Proposed Agroclimatic Assessments for Policy Decision Making, Economic Planning and Rural Development in Senegal: Final Report. AISC Models Branch, 122pp.

Herrara, Hugo, 1984. Agrometeorological Methods for Crop Condition Assessments: A Proposed Program for Costa Rica. AISC Models Branch, 75pp.

Hodges, Tom, 1983. Estimating Solar Radiation for Plant Simulation Models. Presented at 6th Annual Workshop of the Biological Systems Simulation Group, University of Illinois, March 29-31.

Hodges, Tom, 1983. Soybean Phenology Model: Soyphen I. Presented at 16th Conference on Agriculture and Forest Meteorology, Fort Collins, Colorado, April 25-29.

Hodges, Tom, 1982. Second Generation Crop Model's Review. YM-12-04306, JSC-18245, Johnson Space Center, Houston, TX.

Hoilett, Philemon, 1985. Climatic Impact Assessment for Agriculture and Tourism in Jamaica. AISC Models Branch, 104pp.

Johnson, Gary E., 1988. Remote Sensing for Drought Early Warning: the CIAM Experience in Africa. Program and Abstracts, 1988 AAG Annual Meeting, Phoenix, Arizona, p. 89.

Johnson, Gary E., 1988. The Role of AVHRR Data for Operational Agroclimatic Assessment. Technical Papers, 1988 ACSM-ASPRS Annual Convention, St. Louis, Missouri, Vol. 6, p. 174.

Johnson, Gary E., 1985. The Incorporation of AVHRR Data in Operational Agroclimatic Programs in Thailand and Malaysia. Machine Processing of Remotely Sensed Data, Purdue University, West Lafayette, Indiana, p. 66.

Johnson, Gary E., Clarence M. Sakamoto, Sharon K. LeDuc, and Susan L. Callis, 1987. The Application of Remote Sensing for Drought Early Warning in Africa. Presented at the Twenty-First International Symposium on Remote Sensing of Environment, Ann Arbor, Michigan, October 26-30.

Johnson, Gary E., Albert van Dijk, and Clarence M. Sakamoto, 1987. The Use of AVHRR Data in Operational Agricultural Assessment in Africa. Geocarto International, 1: 41-60.

Jose, Aida M., 1982. Proposed Agroclimatic Assessment Models for Policy Decision Making, Economic Planning and Rural Development in the Philippines. AISC Models Branch, 147pp.

Kaylen, Anne Marie, 1986. The Formulation of Yield/Precipitation Regression Models for the 1986 Growing Season in the Sahel. Cooperative Institute for Applied Meteorology.

LeComte, Douglas M., Felix N. Kogan, Carla A. Steinborn, and Larason Lambert, 1988. Assessment of Crop Conditions in Africa. NOAA Technical Memorandum NESDIS AISC 13, 66pp.

LeDuc, Sharon K., 1984. Evaluation and Use of Satellite Products for Agricultural Assessments, 1984. Presented at Eighteenth International Symposium on Remote Sensing of Environment, Paris, France, October 1-5.

LeDuc, S.K., C.M. Sakamoto, N.D. Strommen, and L.T. Steyaert, 1980. Some Problems Associated with Using Climate-Crop Yield Models in an Operational System: An Overview. Int. J. Biometeor., 24: 104-114.

LeDuc, S.K., C.M. Sakamoto, N.D. Strommen, and L.T. Steyaert, 1979. Some Problems Associated with Using Climate-Yield Models in an Operational System: An Overview. Presented at the Eighth International Biometeorologigy Congress, Shefayim, Israel, September 9-15.

Lozano, George D., 1984. Syllabus: Training Course on Agroclimatic Impact Assessment Technology. NOAA/NESDIS/AISC Models Branch.

Leano, Victor G., 1985. Electronic Data Processing of Meteorological and Climatological Data. AISC Models Branch, 6pp + Appendices.

Liu, William T.H., 1988. I. Application of Newly Developed Methods for Crop Yield Prediction in Brazil. II. Drought Early Warning System for Crop Production in the State of Minas Gerais: A Proposal. NOAA/NESDIS/SAL Climate Applications Branch, 99pp.

Lwin, Win, 1984. Proposed Agroclimatic Assessment Models for Policy Decision Making, Economic Planning and Rural Development in Burma. AISC Models Branch, 149pp.

Malik, Bashir Ahmad, 1986. Proposed Agroclimatic Assessment Techniques for Pakistan: A Training Report. Assessment and Information Services Center, 126pp.

Mamo, Shiferaw, 1988. Applications of Satellite Data for Rangeland Assessment in Ethiopia. NOAA/NESDIS/SAL Climate Applications Branch, 26pp.

Magnayon, F., A. Lucido, and M. Dumayac, 1989. Satellite Crop Monitoring Training Report: Philippines. Asian Institute of Technology, Bangkok, Thailand, 16pp.

Martchaipoom, Somwang, Supan Karnchanasutham, and Supak Wongparn, 1985. Application of NOAA Satellite Data for Crop Assessment in Thailand. AISC Models Branch, 103pp.

Martchaipoom, Somwang, Nongnat Ouprasitwong, Supan Karnchanasutham, Somporn Isaranurak, and Uthaiwan Pornprasertchai, 1989. Satellite Crop Monitoring Workshop Training Report: Thailand. Asian Institute of Technology, Bangkok, Thailand, 18pp.

Mejia, Luis, et al., 1988. Metodologias para la Evaluacion y el Pronostico del Rendimiento de Cultivos en el Ecuador (Crop Yield Forecast and Assessment Methods for Ecuador). NOAA/NESDIS/SAL Climate Applications Branch, 97pp.

Models Branch/CIAD, 1983. Potential Satellite Products and Analyses for Assessment Purposes in the Assessment and Information Services Center (AISC/NESDIS). Models Branch/CIAD.

Motha, R.P., S.K. LeDuc, L.T. Steyaert, C.M. Sakamoto, and N.D. Strommen, 1980. Precipitation Patterns in West Africa. Monthly Weather Review, 108: 1567-1578.

Ndene, N'Diaya and Abdallah Samba, 1986. Training Report: Special Climatic Impact Assessment for Crops and Rangelands: Examples for Senegal. AISC Models Branch, 154pp.

Neasmiangodo, Betoloum and Mougabe Lotard, 1986. Training Report: Special Climatic Impact Assessment for Crops and Rangelands: Examples for Chad. AISC Models Branch, 84pp.

NOAA ESCAP Report, 1985. Regional Evaluation Seminar on National Agroclimatic Assessment Programmes for Drought/Disaster Management in South and Southeast Asia. Assessment and Information Services Center.

NOAA ESCAP Report, 1984. Senior Expert Seminar on the Use of Agroclimatic Models for Drought Early Warning. Assessment and Information Services Center.

NOAA ESCAP Report, 1984. Training Workshop on Agroclimatic Assessment Techniques. Assessment and Information Services Center.

Paisarnuchapong, Oranut, 1989. Cloud Identification and Screening for Improving Assessments of Agricultural Production. PhD Dissertation, University of Missouri-Columbia.

Paisarnuchapong, Oranut, 1982. Proposed Agroclimatic Assessment Models for Policy Decision Making, Economic Planning and Rural Development in Thailand. AISC Models Branch, 185pp.

Ping, Tung Nam and Muhammad Pilus Bin Zambri, 1985. Application of NOAA Satellite Data for Crop Assessment in Malaysia: A Training Report on Satellite Assessment Methods. Assessment and Information Services Center, 417pp.

Pollanais, Steve, 1987. Agroclimatic Resource Manual for Trinidad and Tobago. AISC Models Branch, 13pp.

Puterbaugh, Thomas L., 1981. Regional Comparisons of Seasonal African Rainfall. Master's Thesis, University of Missouri-Columbia.

Rahman, Sazedur, 1985. Agroclimatic Assessment Methods for Bangladesh. AISC Models Branch, 41pp.

Rasmidatta, V., V.R. Achutuni, L.T. Steyaert, and C.M. Sakamoto, 1982. A Maize/Climate Yield Model for Thailand. Thai J. Agric. Sci., 15: 223-240.

Rasmidatta, Visit, Rao Achutuni, Louis Steyaert, and Clarence Sakamoto, 1981. A Maize/Climate Yield Model for Thailand. Center for Environmental Assessment Services, 22pp.

Ravelo, Ana Maria and Andres C. Ravelo, 1985. Drought/Crop Condition Assessment Methods for Northeast Brazil, Mexico, Paraguay and Uruguay: An Agroclimatic Approach. AISC Models Branch, 128pp.

Ravelo, Andres C. and Louis T. Steyaert, 1983. Climate Impact Assessment Methods for Drought/Food Shortage Early Warning in Central and South America: Final Report, 405pp. Part I: Episodic Data, 178pp. AISC Models Branch.

Ravelo, A.C. and L.T. Steyaert, 1981. An Agroclimatic Technique for Crop Calendar Simulation and Verification. Presented at the 15th AMS Conference on Agriculture and Forest Meteorology and 5th AMS Conference on Biometeorology, Anaheim, California.

Ravelo, Andres C., Louis T. Steyaert, and Clarence M. Sakamoto, 1980. Drought/Food Production in Haiti: Case Study Analysis for 1957-59, 1965-68, and 1975-77: Progress Report. Center for Environmental Assessment Services, 115pp.

Ravelo-Planchuelo, A.M., 1984. Agroclimatic Survey of the Southern Pacific Island Groups: Fiji, Gilbert Island (Kiribati), Solomon, Tonga and Vanuatu. Assessment and Information Services Center, 153pp.

Report of the National Workshop Missions on Satellite Crop Monitoring for the Phase II Agro-climatic Assessments Programme in Asia and the Pacific. NOAA/NESDIS/SAL Climate Applications Branch, 61pp.

Rovere, Oscar and Miguel Rodriguez, 1985. Metodos Agrometeorologicos para Evaluar el Estado de los Cultivos Ecuador. AISC Models Branch, 66pp.

Rupasena, Liyanapathirana and P.M. Jayatilaka Banda, 1985. Agroclimatic Assessment Bulletin for Sri Lanka. Assessment and Information Services Center.

Sakamoto, C. and L. Steyaert, 1987. Operational Climate Impact Assessment for the Sahel: A Two Year Case Study. Presented at the 18th Conference Agricultural and Forest Meteorology and 8th Conference Biometeorology and Aerobiology, W. Lafayette, Indiana, September 15-18.

Sakamoto, C., R. Achutuni, and L. Steyaert, 1985. Development of Agroclimatic/Crop Condition Index Assessment Models. II. Examples for the Sahel. AISC, 40pp.

Sakamoto, C., R. Achutuni, and L. Steyaert, 1984. User's Guide for Development of Agroclimatic/Crop Condition Assessment Models. AISC Models Branch, 57pp.

Sakamoto, C., G. Johnson, A. van Dijk, and S. LeDuc, 1987. Application of NOAA Polar Orbiter Data for Operational Agricultural Assessment. Proceedings, North American NOAA Polar Orbiter Users Group First Meeting, Boulder, Colorado, 14-16 July, pp. 134-160.

Sakamoto, C.M., 1983. Using Climatic Data for Estimating Representativeness and Testing Crop Simulation Models. Presented at ICRISAT-IBSNAT-SMSS Symposium on Minimum Data Sets for Agrotechnology Transfer, Hyderabad, India, March 21-25.

Sakamoto, C.M., 1981. Real-Time Agrometeorological Assessment in Developing Countries. Presented at Ninth International Congress of Germany, September 23-October 1.

Sakamoto, C.M., 1981. Sense and Nonsense: Statistical Crop Growth and Yield Models. Presented at Workshop on Applications of Weather Data to Agriculture and Forest Production and the 15th Conference on Agriculture and Forest Meteorology and the 5th Conference on Biometeorology, Anaheim, California, March 30-April 3.

Sakamoto, C.M., S.K. LeDuc, N.D. Strommen, and L.T. Steyaert, 1980. Climate and Global Grain Yield Variability, Climatic Change, 2: 349-361.

Sakamoto, C.M., L.T. Steyaert, R. Motha, A.C. Ravelo, and N. Strommen, 1981. Real-Time Meteorological Assessment in Developing Countries. Abstract Volume, Ninth International Congress of Biometeorology, D. Overdieck, J. Mueller, H. Lieth (eds.), Osnabrueck, Germany.

Sakamato, Clarence, 1989. Feasibility of Crop Yield Estimation in the Sahel with NOAA Satellite AVHRR Data. Presented at 19th Conference on Agriculture and Forest Meteorology, Charleston, South Carolina, March 7-10.

Sakamoto, Clarence, 1988. Feasibility of Using NOAA AVHRR Data for Estimating Millet and Sorghum Yield in the Sahel. Accepted for publication in Agricultural and Forest Meteorology.

Sakamoto, Clarence, 1988. Using AVHRR Data to PRedict Crop Yield in the Sahelian Zone. Presented at Second ISLSCP Meeting in Niamey, Niger, April 24-29.

Sakamoto, Clarence M., 1982. A Chapter (4) on Potential Data Problems Associated with Developmental and Operational Applications of Crop Weather Models. Prepared as part of a guide to Crop Weather Model Applications, WMO, Geneva, Switzerland.

Sakamoto, Clarence M., 1981. Climate-Crop Regression Yield Model: An Appraisal. In A. Berg (ed.), Application of Remote Sensing to Agricultural Forecasting. A.A. Balkema, Rotterdam, pp. 131-138.

Sakamoto, Clarence M., 1981. Operational Yield Modeling and Meteorological Data Flow. In A. Berg (ed.), Application of Remote Sensing to Agricultural Forecasting. A.A. Balkema, Rotterdam, pp. 139-149.

Sakamoto, Clarence M., 1981. The Technology of Crop/Weather Modeling. In W. Bach, J. Pankrath and S.H. Schneider (eds.), Food-Climate Interactions. D. Reidel Publishing Company, pp. 383-398.

Sakamoto, Clarence M. and Louis T. Steyaert, 1987. International Drought Early Warning Program of NOAA/NESDIS/AISC. In D.A. Wilhite and W.E. Easterling, eds., Planning for Drought: Toward a Reduction of Societal Vulnerability, Westview Press, Boulder, Colorado, pp. 247-272.

Sakamoto, Clarence and Rita Terry, 1988. Weather and Satellite Products and Data Sets for Early Warning and Environmental Resource Management. NOAA/NESDIS/SAL Climatic Applications Branch and the Cooperative Institute for Applied Meteorology.

Sanchez, Walter, 1982. Agrometeorological Assessment Models for Economic Planning and Rural Development in the Mantaro Valley of Peru. AISC Models Branch, 153pp.

Sanoussi, Fofana and A. Diallo Adama, 1986. Training Report: Special Climatic Impact Assessment for Crops and Rangelands: Examples for Burkina Faso. AISC Models Branch, 111pp.

Sarwade, G. Sambhaji, 1985. India Meteorological Department Monthly Agroclimatic Bulletin. Assessment and Information Services Center.

Smith, Douglas T., 1980. Principles of Climate/Crop Yield Modeling and Other Agroclimatic Assessment Tools with Operational Procedures for Agricultural Belize: Final Report. Center for Environmental Assessment Services, 95pp.

Steyaert, L.T., 1985. Global Agroclimatic/Satellite Assessment of Climatic Impacts in Developing Countries. Paper presented at AID/OFDA Sponsored Conference on Inter-Agency Cooperation in Disaster Early Warning Technologies, Washington, D.C., July 15-16.

Steyaert, L.T., 1984. Annual Progress Report on AID/OFDA PASA's.

Steyaert, L.T., 1984. Climatic Impact Assessment Technology for Disaster Early Warning and Technical Assistance in the Developing World (Program Scope). NOAA/NESDIS/AISC.

Steyaert, L.T., 1984. Methodology for Drought/Food Shortage Assessment in South and Southeast Asia. Paper presented at Joint NOAA/ESCAP/AID Senior Experts Seminar on Drought Food Shortage Assessment, Bangkok, Thailand, January 24-27.

Steyaert, L.T., 1983. Preparation and Use of Climatic Impact Assessments for Agriculture. Paper presented at NOAA/UMC/AID sponsored workshop on Climatic Impact Assessments for Agriculture: Methods and Applications for Southeast Asia, Asian Institute of Technology, Bangkok, Thailand, April 11-15.

Steyaert, L.T., 1983. Climatic Impact Assessment Technology for Disaster Early Warning and Technical Assistance in the Developing World. Presented at the 1983 Conference on Resource Management Applications: Energy and Environment, Session on Global Applications of Space Technology for Disaster Monitoring and Early Warning, San Francisco, California, August 22-26.

Steyaert, L.T., 1982. Opportunities for Climatic Impact Assessment Technology in Improving Food Security Programs and Economic Planning. Presented at WMO Symposium on Education and Training in Meteorology with Emphasis on Climatic Change and Variability, San Jose, Costa Rica, 6-10 December.

Steyaert, L.T., 1982. Development of Agroclimatic Assessment Models for Operational Decision Making. Presented at WMO Symposium on Education and Training in Meteorology with Emphasis on Climatic Change and Variability, San Jose, Costa Rica, 6-10 December.

Steyaert, L.T., 1981. Climatic Variability and Drought Analysis for the Caribbean Basin. Presented at AMS sponsored First Conference on Climate Variations, San Diego, California, January 19-23.

Steyaert, L.T., 1980. Early-Warning of Drought-Related Food Shortages in Developing Countries. Environmental Data Information Service Magazine: 4-11.

Steyaert, L.T., 1980. Tools for Assessing Environmental Vulnerability: Drought and Pseudo-Drought Conditions. Presented at AID/OFDA/ASEAN Disaster Preparedness Seminar, Manila, P.I., January 27-February 2.

Steyaert, L.T., 1980. The Value of Weather Information for Short and Long-Term Economic Decision Making. Presented at AID/OFDA/ASEAN Disaster Preparedness Seminar, Manila, P.I., January 27-February 2.

Steyaert, L.T., 1979. Experiences with Climate and Famine in Haiti. Presented as part of the Working Group on Food Security Issues, Information Systems, Section III, Famine Warnings, held at Resource Systems Institute, The East-West Center, Honolulu, Hawaii, June 18-30.

Steyaert, L.T., 1979. Rainfall Monitoring and Crop Yield Assessments. Presented at the USAID Sponsored Caribbean Disaster Preparedness Seminar, St. Lucia, June 10-20.

Steyaert, L.T. and L. Canadas, 1984. Agrometeorological Assessment Models for Rural Development Planning in the Central Sierra of Ecuador. Paper presented at IIASA/UNEP Workshop on Assessment of Climate Impacts on Agriculture in Semi-Arid and High Altitude Regions, Laxenburg, Austria, October 8-12.

Steyaert, L.T., V.R. Achutuni, and A.C. Ravelo, 1979. A Study of the Caribbean Basin Drought/Food Production Problem. Center for Environmental Assessment Services, 200pp.

Steyaert, L.T., S.K. LeDuc, and J.D. McQuigg, 1979. The Indian Monsoon Circulation and Crop Yield Models for Wheat and Rice. Presented at the 14th Conference on Agriculture and Forest Meteorology and the Fourth Conference on Biometeorology, Minneapolis, Minnesota, April 2-6.

Steyaert, L.T., S.K. LeDuc, and J.D. McQuigg, 1978. Atmospheric Pressure and Wheat Yield Modeling. Agric. Meteor., 19: 23-34.

Steyaert, L.T., S.K. LeDuc, and J.D. McQuigg, 1977. Principal Components of Large Scale General Circulation Features: Interpretation and Use in Climate/Crop Yield Models. Presented at the Fifth Conference on Probability and Statistics in Atmospheric Sciences, Las Vegas, Nevada, November 15-18.

Steyaert, L.T., C.M. Sakamoto, and R.A. Ambroziak, 1983. Climatic Impact Assessment Technology Programs in the Developing World. Presented at the AMS 16th Conference on Agriculture and Forest Meteorology, Fort Collins, Colorado, April 26-28.

Steyaert, L.T., S.K. LeDuc, C.M. Sakamoto, and N.D. Strommen, 1979. Inadvertent Climatic Change: Investigating the Coincidence of Deforestation, Inadequate Soil Conservation Practices, Soil Erosion, and Disastrous Food Shortages in Northwest Haiti. Presented at the Seventh Conference on Inadvertent and Planned Weather Modification, Banff, Alberta, Canada, October 8-12.

Steyaert, L.T., R.P. Motha, A.C. Ravelo, V.R. Achutuni, S.K. LeDuc, C.M. Sakamoto, and N.D. Strommen, 1979. Operational Decision-Making and Verification for Disaster Relief Utilizing Meteorological/Statistical Techniques for Developing Countries. Presented at the Sixth Conference on Probability and Statistics in Atmospheric Sciences, Banff, Alberta, October 8-12.

Steyaert, L.T., M. Reid, P.K. Krumpe, and N.D. Strommen, 1981. Subsistence Crop Assessment Techniques. Presented at Outlook 81: Agricultural Outlook Conference, Washington, D.C., November 19.

Steyaert, L.T., C.M. Sakamoto, A.C. Ravelo, and V.R. Achutuni, 1981. Agroclimatic Assessments in Developing Countries. Presented at the Fifteenth Conference on Agriculture and Forestry and Fifth Conference on Biometeorology, Anaheim, California, April 1-3.

Steyaert, L.T., C.M. Sakamoto, J.C. Hock, and P.K. Krumpe, 1981. Climatic Impact Assessment Programs as a Resource for Economic Planning, Agricultural Development and Food Security. In D. Cusack, ed., Reviving the Green Revolution: Agroclimatic Information for Development, Boulder, Colorado: Westview Press.

Steyaert, L.T., C.M. Sakamoto, J.C. Hock, and P.K. Krumpe, 1981. Aagroclimate as a Resource for Food Security and Economic Development. Intercencia, 6: 210-215.

Steyaert, Louis T., V. Rao Achutuni, and Atanas V. Todorov, 1981. Proposed Agroclimatic Assessment Methods for Early Warning of Drought/Food Shortages in South and Southeast Asia: Final Report. 285pp. Supplement Part I: Meteorological Data, 311pp. Supplement Part II: Crop Data, 498pp. Supplement Part III: 162pp. Center for Environmental Assessment Services.

Steyaert, Louis T., Andres C. Ravelo, and Clarence M. Sakamoto, 1980. Drought/Subsistance Food Shortages in the Caribbean Basin and Sub-Saharan Africa - Early Warning Assessment Program: Final Report on Test and Evaluation. Center for Environmental Assessment Services, 167pp.

Steyaert, Louis T., Andres C. Ravelo, and Clarence M. Sakamoto, 1980. An Early Warning Assessment Program for Drought/Subsistance Food Shortages in the Caribbean Basin and Sub-Saharan Africa: Final Report on Test and Evaluation: Supplement. Center for Environmental Assessment Services.
