Recommended Citation: Health Systems 20/20. September 2012. *Health Systems 20/20 Publications List*. Bethesda, MD: Health Systems 20/20, Abt Associates Inc.

The Health Systems 20/20 cooperative agreement, funded by the U.S. Agency for International Development (USAID) for the period 2006-2011, helps USAID-supported countries address health system barriers to the use of life-saving priority health services. Health Systems 20/20 works to strengthen health systems through integrated approaches to improving financing, governance, and operations, and building sustainable capacity of local institutions.

HEALTH SYSTEMS 20/20 PUBLICATIONS LIST

Health Systems 20/20 is USAID's flagship project for strengthening health systems worldwide. By supporting countries to improve their health financing, governance, operations, and institutional capacities, Health Systems 20/20 helps eliminate barriers to the delivery and use of priority health care, such as HIV/AIDS services, tuberculosis treatment, reproductive health services, and maternal and child health care.

Consumers, providers, and health officials face multiple challenges that need to be addressed to improve health and save lives. Health Systems 20/20 addresses these challenges by working on the health systems strengthening elements below with a particular focus on the priority health issues: HIV/AIDS, tuberculosis, malaria, maternal and child health, and reproductive health.

- Capacity Building
- Costing and Sustainability Planning
- Governance
- Health Insurance
- Human Resources for Health
- Measuring Health Systems Performance
- Performance-based Incentives
- Resource Tracking
- Priority Health Issues

This publications list includes documents produced by the Health Systems 20/20 project catalogued by the above topics.
