Background

District 11 is one of the areas where the population rate is higher than many other districts, Bagh-e-Jahan is considered as a community park where most of the people will come for entertainment in the weekends, this park will mostly be used by families' women and children. The park was existed in a traditional style but the Municipality decided to upgrade the park which will be responsive to the current needs of the citizens.

As Kabul Municipality would like to provide better Municipal Services to the citizens, however this area is an unplanned area but the municipality wants to use that land for a park construction where thousands of people will have access to a safe and clean area for entertainment.

Project Objective

Clean environment and safe place for the citizens to entertain is one of biggest needs of the citizens, therefore Kabul Municipality is planning to offer the citizens with such facilities. Implementation of this park project will reach the municipality to its objective mentioned above.

Current Condition

The park is existed in a traditional structure which is not responsive to the current needs of the people.

Project Budget

TBD	Budget through 03/04	Estimated Total Project Cost	-----Five Year Funding-----				
			1390	1391	1392	1393	1394
	N/A			---	---	---	---
TOTAL	NA			---	---	---	---

Phasing:

To Date	1390	1391	1392	1393	1394
N/A	NA	Phase I and II Final	N/A	N/A	N/A

Project Justifications

Parks are one of the most important facilities which contribute to the safe and clean environment and provide the citizens with a safe place for entertainment. Land Mafia in Kabul city is very powerful, they look for the unused land to use it for their commercial and residential building purposes, however most of the parks which are not constructed are under a huge threat of land mafia to be misused by them for other purposes rather than use if for construction of a park, Kabul Municipality consider this issue of the highest priority that those lands should be used for Park construction. Due to budget constraints KM is not able to construct and rehabilitate all those park therefore all interested parties and donors are welcomed to participate is this very important process.

Comments:

The Phase 1 of this project will be completed in 1390, and Phase 2 and Phase 3 in 1391. This is implemented by KM and CARE International.
