Background

District 8 is one of the important districts in Kabul city where lots of the population live, most of the district is an unplanned area but Rahman mina is a planned residential area where parks are considered.

Project Objective

Clean environment and safe place for the citizens to entertain is one of biggest needs of the citizens, therefore Kabul Municipality is planning to offer the citizens with such facilities. Implementation of this park project will reach the municipality to its objective mentioned above.

Current Condition

There was a free land available for park construction the infrastructure is in a poor condition.

	N/A			---	---	---	---
TOTAL	NA			---	---	---	---

Phasing:

To Date	1390	1391	1392	1393	1394
N/A	NA	Phase I and II Final	N/A	N/A	N/A

Project Justifications

Parks are one of the most important facilities which contribute to the safe and clean environment and provide the citizens with a safe place for entertainment. Land Mafia in Kabul city is very powerful, they look for the unused land to use it for their commercial and residential building purposes, however most of the parks which are not constructed are under a huge threat of land mafia to be misused by them for other purposes rather than use if for construction of a park, Kabul Municipality consider this issue of the highest priority that those lands should be used for Park construction. Due to budget constraints KM is not able to construct and rehabilitate all those park therefore all interested parties and donors are welcomed to participate is this very important process.

Comments:

This park project is underway the funder of this park is the US Embassy in Afghanistan.
