

World AIDS Day 2014 Social Media Toolkit

In honor of World AIDS Day on December 1, USAID is celebrating our HIV and AIDS work under PEPFAR. In particular, we will be highlighting efforts related to PEPFAR's theme, "Focus, Partner, Achieve: An AIDS-Free Generation."

As the year draws to a close, we look back at the amazing impact that USAID, PEPFAR, and our implementing partners have had worldwide. PEPFAR has entered a new phase under new leadership. We have focused our energy on controlling the HIV epidemic in order to achieve a sustainable response. The vision for PEPFAR moving forward is grounded in five key agendas: impact, efficiency, sustainability, partnership, and human rights. We look forward to working together with transparency, accountability, and impact towards our goal of an AIDS-free generation.

Pre-World AIDS Day Facebook Posts:

1. According to the United Nations Children's Fund (UNICEF), approximately 15 million children worldwide have lost one or both parents to AIDS. Nearly 12 million of these children live in sub-Saharan Africa. PEPFAR continues to direct at least 10% of program funds to orphans and vulnerable children activities because they are so critical. #WAD2014 <http://ow.ly/EhtSc>
