

Central Africa Regional  
Program for the Environment

# CARPE Technical Toolkit Workshop

Danae Maniatis, PhD  
Forestry Officer  
FAO, UN-REDD Programme  
Rome, Italy

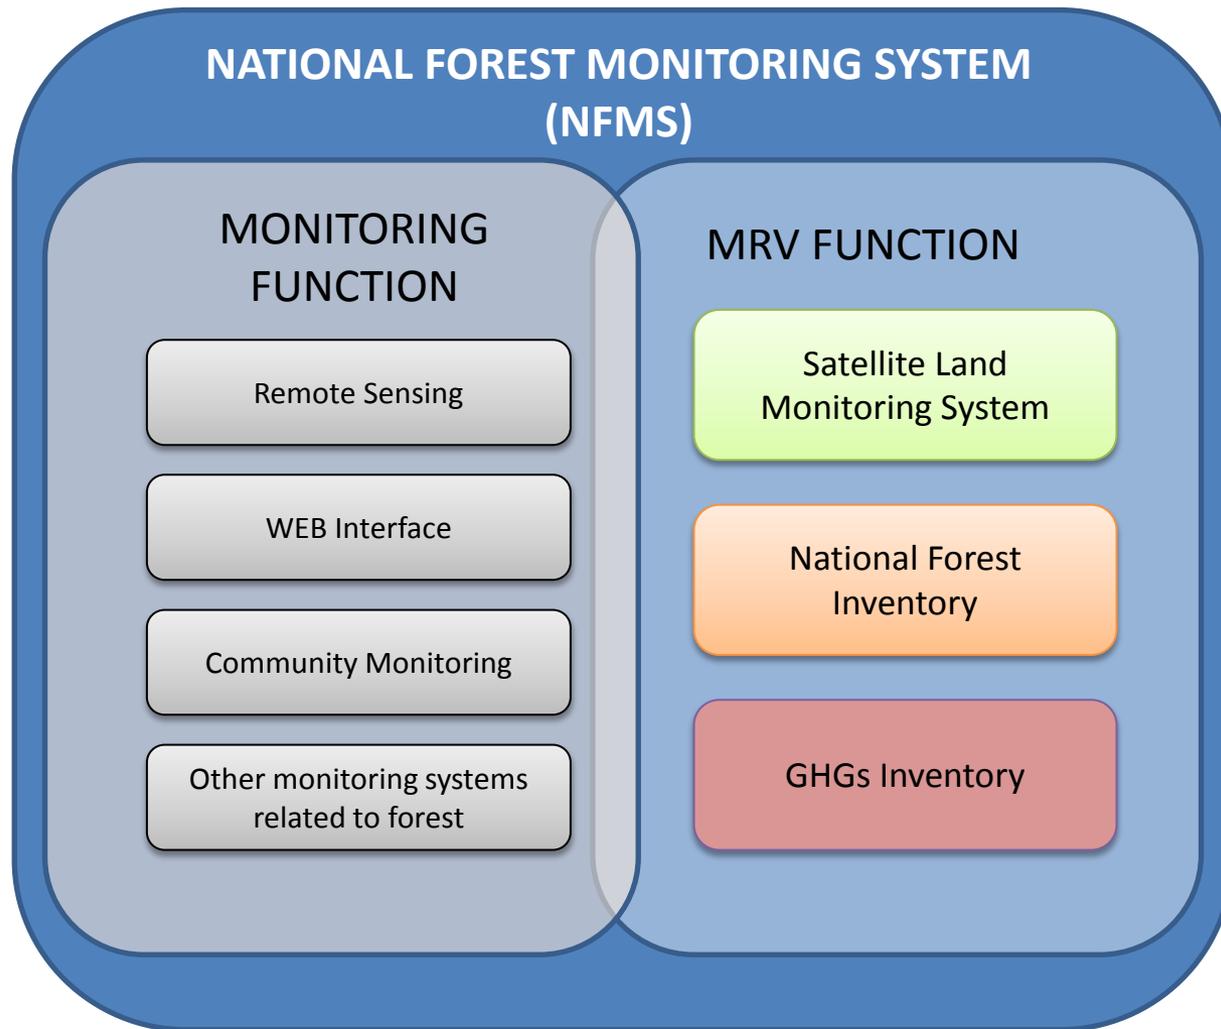

UN-REDD  
PROGRAMME

# What are the success indicators FAO is looking for in building national and regional capacity for MRV?

# FAO's & UN-REDD Approach

# National capacity - indicators

1. Awareness and training
2. Clear institutional arrangements
3. Ownership
4. Definition of a NFMS action plan / roadmap
5. Operational / technical feasibility & simplicity
6. Resilience of capacity
7. Results / analyses produced at national level

# Regional capacity

1. Clear indicators are developed on how countries benefit from regional capacity
2. Coordination of efforts & funding between technical partners
3. Reinforcing existing regional centres
4. Catalytic effect through south-south cooperation.

# Proposal: Integrated NFMS Toolkit

1. Mapping of the existing tools
  2. Pro's & con's
  3. Identify if any tools are 'missing'
  4. Complementarity / linkages between tools
  5. Develop a pick and mix toolkit for NFMS
  6. Based on a simple / adaptable decision tree
- *supporting countries to understand the process & make decisions*
