INTRODUCTION

Mr. Ghulam Abbas, Senior Energy Expert visited Muzaffargarh Thermal Power Station in September 2010. The purpose of the visit was to verify equipment received by the plant was in accordance with FARA, 391-MUZ-FARA-004-00.

FINDINGS

Item Number 4: Replacement of Cold Layer Element for RAH, Unit 1, 2, & 3

The equipment (FARA item # 4) arrived on July 09, 2010. AEAI Energy expert physically inspected the received equipment and certifies that the equipment is as per the technical specification given in the Agreement. Expert took photographs and these are attached in Appendix-I.

Item Number 7: DC Storage Batteries Unit 1, 2, & 3

The D.C. Storage batteries (FARA line item # 8 & New PIL Item#7), which was a local currency Purchase Order has also been supplied on September 4, 2010. AEAI Energy expert physically inspected the received equipment and certifies that the equipment is as per the technical specification given in the Agreement. Expert took photographs and these are attached in Appendix-II.
