# At-a-Glance Facts: Youth Ages 15 to 24

## Introduction

The 2010 Malawi Demographic and Health Survey (DHS), conducted by the National Statistical Office in partnership with ICF Macro, features demographic, household and population data for Malawi.

This pocket factsheet provides results from the DHS with a specific focus on youth ages 15-24. It highlights issues relevant to youth such as education, employment and labor, sexual and reproductive health, as well as health-influencing behaviors.

INFORMING  
DECISIONMAKERS  
TO ACT

This pocket factsheet about youth ages 15 to 24 was prepared by the Population Reference Bureau (PRB) in collaboration with Malawi's Ministry of Finance, Economic Planning and Development (MFEPD), Ministry of Youth and Sports (MYS), the National Youth Council of Malawi (NYCOM) and the National Statistics Office (NSO). This publication is made possible by the generous support of the American people through the United States Agency for International Development (USAID) under the terms of the IDEA Project (No. AID-OAA-A-10-00009). The contents are the responsibility of PRB, MFEPD, MYS, NYCOM and the NSO and do not necessarily reflect the views of USAID or the United States Government.
