FROM - RIO DE JANEIRO

SUBJECT - Project Closure

REFERENCE

Project No. 512-11-521-062.1
 Agreement No. IBAM Accounting
 Project Title URBAN WATER & SEWER SYSTEM IMPROVEMENTS
 Date of Original Agreement: February 29, 1968
 Date of Completion: December 3, 1969
 Funding: NCr\$220,000 - CONTAP

1. The purpose of this agreement was to train approximately 100 municipal employees responsible for the financial departments of sixty Brazilian municipal water services, to publish 2000 copies of a manual on accounting and financial procedures for municipal water works, and to carry out a follow-up program in approximately 50 cities, which had been represented at the training seminars presented through the terms of this agreement, and in 50 cities that had been represented in the series of seminars on administration and management of water supplies that were presented during 1966, through a previous agreement.
2. As a direct result of this agreement, a) 97 participants, representing 78 cities in 18 states in Brazil, were trained in the subject of financial management and planning of water services, b) 2000 copies of a training manual on financial planning and management have been printed, 300 of which
