ACTION MEMORANDUM FOR THE DEPUTY ADMINISTRATOR

THRU: ES
THRU: AA/PPC, Mr. Philip Birnbaum *APB*
FROM: AA/LA, E.N.S. Girard, *ENS*

Problem: Extension of funding for a Dominican Republic Agricultural Sector Development Grant (517-113).

Discussion: This project was submitted as a PROP and approved at \$941,000 in July 1974 for three years of funding (Fiscal Years 1974, 1975 and 1976). The Transition Quarter was subsequently approved at \$68,000. USAID/Dominican Republic has requested two additional years of funding in the amount of \$270,000 and \$275,000 for Fiscal Years 1977 and 1978, respectively.

As stated in the PP Supplement (Attachment A), two additional years funding has been requested for this project to allow for continued program and management support of agricultural sector activities, including technical support of agricultural sector activities, loans. Such support includes guidance in host country contracting, assistance in the preparation of procurement and contract bid documents, evaluations and sector analysis studies. Approximately 60% of the project's cost is used to fund a Participating Agency Service Agreement (PASA) with the U.S. Department of Agriculture to provide assistance in vocational education, rural credit, agricultural economics, rural extension, crop insurance, soil conservation and agricultural statistical surveys.

A key element of this grant is support of the joint AID/Government of the Dominican Republic (GODR) effort to develop an agricultural sector analysis capability within the Planning Office of the Secretariat of Agriculture. The grant provides technical assistance and short term participant training to carry out the data collection and analysis needed to develop an agricultural sectoral model. The model will enable GODR planners to compare the potential impact of alternative agricultural policies so as to maximize the effectiveness of future government expenditures in the agricultural sector. The grant will also support a limited amount of short and long term training and technical assistance in developing Agricultural Sector Loan III for authorization in FY 1978.

This project is included in the FY 1977 Congressional Presentation. We have reviewed the Mission's request for an additional two years of funding and concur that the project is an integral element of the Dominican agricultural development strategy and should be continued in Fiscal Years 1977 and 1978.

Recommendation: That you approve a Fiscal Year 1977 and 1978 extension in the amount of \$270,000 and \$275,000 respectively for the Dominican Republic's Agricultural Sector Development Grant (517-113) by signing the Project Authorization and Request for Allotment of Funds (Attachment B)

PROJECT AUTHORIZATION AND REQUEST FOR ALLOTMENT OF FUNDS

Country: Dominican Republic

Name of Project:
Agricultural Sector Development
(517-113)

Pursuant to Part I, Chapter 1, Section 105 of the Foreign Assistance Act of 1961, as amended, I hereby authorize a Grant to the Government of the Dominican Republic (the "Cooperating Country") of not to exceed five hundred and forty five thousand United States dollars (\$545,000) (the "Authorized Amount") to help in financing certain foreign exchange and local costs of goods and services required for the project described in the following sentence. The project will provide program and managerial support of agricultural sector development activities to the Secretariat of Agriculture through technical assistance and training (hereafter referred to as the "Project").

I approve the total level of A.I.D. appropriated funding planned for this project of not to exceed one million five hundred fifty four thousand United States dollars (\$1,554,000), of which \$270,000 will be grant funded during FY 1977. I approve a further increment during FY 1978 of grant funding of \$275,000, subject to the availability of funds in accordance with A.I.D. allotment procedures. ACTION MEMORANDUM FOR THE ASSISTANT ADMINISTRATOR (IA)

FROM: LA/DR, Marshall Brown (Acting) (C)

Problem: Increase of \$50,000 in funding for the Dominican Republic Agriculture Sector Development Grant (517-0113).

Discussion: This project was originally submitted as a PROP and approved in July 1974 for \$941,000. Subsequent approval was granted for two additional years of funding, providing \$275,000 in FY 78 and raising the total life of project cost to \$1,554,000.

The purpose of the project is to develop an institutional capacity for the formulation of an agricultural sector strategy to maximize agricultural production, achieve optimal employment, and develop human, natural and financial resources. Nearly 60% of project costs have been devoted to a Participating Agency Service Agreement (PASA) with the U.S. Department of Agriculture, providing assistance in Vocational Education, Soil Conservation, Rural Extension, Agricultural Economics, Rural Credit, Crop Insurance and Agricultural Statistical Surveys. Another principal component of the grant is support for developing an agricultural sector analysis capability within the Planning Office of the Secretariat of Agriculture and insuring continual updating and review of sectoral data.

However, a policy directive in March 1977 (STATE 071531) decentralized all sector analysis activities within the Latin America Bureau. Heretofore centrally funded, the development and implementation of such projects are now to be budgeted for and become the responsibility of the respective USAID Missions. Thus, this amendment will make funds available to finance the sector analysis activities originally contemplated for financing under the IA Regional sector analysis project. Of the \$50,000 increase requested, \$40,000 will cover an estimated 18 man-months of short-term TDYs and \$10,000 will be applied to international travel and per diem requirements.

An Advice of Program Change was forwarded to Congress on February 27, 1978. No objections were raised when the 15 day waiting period expired on March 13, 1978.

Recommendation: That you approve the \$50,000 increase in the Dominican Republic's Agriculture Sector Development Grant (517-0113) by signing the attached Project Authorization and Request for Allotment of Funds.

The increase is necessary to fund agricultural sector assessment activities which were previously centrally funded. The additional funds will be used for contract consultants to complete the sector assessment update in FY 1978.
