SUBJECT - Export Development PROP

REFERENCE - 520-15-995-201

1. AID/W Evaluation Panel reviewed this PROP on July 28, 1970. It is approved for one year only (FY 1971) with the following conditions:

2. This project depends upon governmental initiative in establishment of an Export Development Center. If the center is not developed, the project cannot go forward. If the center is approved, it is assumed that the Mission can develop much more specific export development targets than are presented here. Clearly, the only purpose of our aiding in establishment of an Export Development Center is the assumption that such a center will in fact increase exports. There should be time in the next nine months to determine whether the government is serious about establishing such a center and to get a general idea of just what direction the USAID and the center should go. It is hoped that by next spring the Mission could be able to plan what exports will be developed and what kind of a contribution towards the balance of payments can be made annually at the conclusion of the project, should the project be a success.

3. Therefore, it is suggested that the USAID submit a revised PROP containing appropriately revised targets by March 1971.
