Between the Government of Jamaica and the United States of America, acting through the Agency for International Development ("A.I.D.").

Article 1: The Agreement

The purpose of this Agreement is to set out the understandings of the parties named above ("Parties") with respect to the undertaking by the Grantee of the Project described below, and with respect to the financing of the Project by the Parties.

Article 2: The Project

Section 2.1. Definition of the Project. The Project, which is further described in Annex 1, will enable the Government of Jamaica (GOJ) to maintain by 1980: 1) an extensive public system of family planning services integrated into the Ministry of Health's basic health services; 2) family life and sex education embodied in the public school system curricula; 3) a commercial distribution system of contraceptives complementing both the public and private distribution systems throughout the Island.

Section 2.2. Incremental Nature of Project. A.I.D.'s contribution to the Project will be provided in increments, the initial one being made available in accordance with Section 3.1 of this Agreement. Subsequent increments will be subject to availability of funds to A.I.D. for this purpose, and to the mutual agreement of the parties, at the time of a subsequent increment to proceed.

(b) Within the overall Project Assistance Completion Date stated in this Agreement, A.I.D., based upon consultation with the Grantee, may specify in Project Implementation Letters appropriate time periods for the utilization of funds granted by A.I.D. under an individual increment of assistance.

Article 3: Financing

Section 3.1. The Grant. To assist the Grantee to meet the costs of carrying out the Project, A.I.D. (in furtherance of the Alliance for Progress and) pursuant to the Foreign Assistance Act of 1961, as amended, agrees to grant the Grantee under the terms of this Agreement not to exceed \$596,000 United States ("US") Dollars (\$596,000) ("Grant").

(a) The Grant may be used to finance foreign exchange costs, as defined in Section 6.1, and local currency costs, as defined in Section 6.2, of goods and services required for the Project, except that, unless the parties otherwise agree in writing, Local Currency Costs financed under the Grant will not exceed the equivalent of U.S. Dollars (\$264.8).

Section 3.2 Grantee Resources for the Project. The Grantee agrees to provide or cause to be provided for the project all funds, in addition to the Grant, and all other resources required to carry out the Project effectively and in a timely manner.

(b) The resources provided by Grantee for the Project will be not less than the equivalent of U.S. \$2.207 million, including costs borne on an "in-kind" basis.

Section 3.3 The Project Assistance Completion Date. The "Project Assistance Completion Date" (PACD), which is September 30, 1979, or such other date as the Parties may agree to in writing, is the date by which the Parties estimate that all services financed under the Grant will have been performed and all goods financed under the Grant will have been furnished for the Project as contemplated in this Agreement.

(b) Except as A.I.D. may otherwise agree in writing, A.I.D. will not issue or approve documentation which would authorize disbursement of the Grant for services performed subsequent to the PACD or for goods furnished for the project, as contemplated in this Agreement, subsequent to the PACD.

ANNEX I

Detailed Description

I. Project Description. The purpose of this project is to strengthen GOJ institutions to achieve a level of at least 34,000 new acceptors annually in public family planning programs.

II. Objectives:

- 1) 4,000 GOJ medical and para-medical staff trained and delivering family planning services and conducting IEC activities by 1980.
- 2) 267 MOHEC clinical facilities delivering health/family planning services on full-time basis.
- 3) Active users in public programs increased from 1975 level of 60,000 to 100,000 by 1980.
- 4) 2,000 community health aides trained as family planning motivators.
- 5) GOJ's commercial distribution of pill and condoms established and serving approximately 47,000 annually by 1980.
- 6) MOHEC sterilization providing at least 4,000 procedures annually.
- 7) Family life/sex education curricula developed and in use into primary/secondary schools and teacher training colleges by 1980.
- 8) Family planning programs would have been institutionalized within the MOHEC activities.

III. Project Components:

- a) 24 man-months of consultancy in program planning, family planning midwifery training, IEC and FLE.
- b) 82 man-months of long-term training in the United States; 20 man-months of short-term training in the United States in MCH/family planning and IEC activities.
- c) Contraceptives centrally funded
 - Other contraceptives
 - Clinical equipment & supplies
 - Audio-visual aides
 - FLE seminars & workshops
- d) Local cost for in-country training (workshop & seminars); Research (operational) surveys

- 1) Short-term consultants to the Ministry of Health (MOHEC) including the National Family Planning Board (NFPB) and the Ministry of Education (MOE) in program planning and evaluation, contraceptive and surgical services, formal and non-formal family life education and communication training. USAID will continue to provide the services of long-term family planning and mid-wifery consultants for a year who will assist in curriculum development and actual teaching of family planning and mid-wifery. This would allow the overseas trained Jamaican counterpart to overlap with the consultant and allow for gradual phase-out to take over from the person.
- 2) Participant training grants for government medical and para-medical personnel, and the National Family Planning Board staff. Training programs will be of a specialized nature to meet the needs of the priority components of the overall population program.
- 3) Contraceptive and related medical supplies and clinical equipment for the expanded integrated family planning and health services in the 10 MCH centers; 231 health clinics, 26 hospitals and Jamaica Family Planning Association Clinic, and the commercial distribution program.
- 4) Education materials and audio-visual equipment for the above facilities, Bureau of Health Education (BHE), MOHEC field workers and the Ministry of Education (MOE) which has a prime responsibility for carrying out the family life/sex education program.
- 5) Local costs of training, workshops and seminars to upgrade skills of government health workers, social workers, educational guidance counsellors and teachers. Seminars in FP/FLE will also be conducted for youth groups, community leaders, private organizations, farmers and rural population.
- 6) The services of a full-time AID Population Officer to serve as Advisor to the National Family Planning Board, and to other ministries, and as a focal point within the Mission to coordinate AID population related activities such as the Westinghouse Commercial Distribution Project of other donors supported by Title X Funds.
- 7) New VSC Program: This is to assist the Government of Jamaica (GOJ) in increasing their target VSC Program significantly above the 4,000 target set by the Project Paper (PP) for achievement by 1980.

The National Family Planning Board will encourage both governmental and private institutions to carry out the following methods of the VSC Program:

- Laparoscopic
- Culdoscopic
- Mini-laparotomy
- Post-partum tubal ligation (conventional)
- Other methods

This grant will be utilized to do the following:

- a) Minor renovations
- b) Purchase of equipment
- c) Reimbursement to institution for actual VSC procedures performed
- d) \$10.00 for female sterilization;
\$5.00 for male sterilization

8) Commercial Distribution of Contraceptives Program (CDC): The objectives of the program call for:

- 1) The involvement of the commercial sector in Jamaica in bringing about a significant increase in the number of users of contraceptives, principally orals and condoms as a complement to family planning activities in the public sector, and
- 2) Demonstrate through comparative cost analysis that commercial distribution is more cost-effective than family planning program.

IV. Implementation: This project will be implemented by MOHEC and NFPB. Technical Assistance, commodity support and local cost for seminars and workshops will be provided.

The National Family Planning Board will concentrate on the following:

- Coordinating family planning activities in all governmental and private sector;
- Public information and communication in all various forms.
- Planning, implementation, statistical data collection and analysis and monitoring and evaluation of the National Family Planning Program.
- Monitoring of commercial distribution program of contraceptives being carried out with the assistance of Westinghouse Health Systems, Maryland (Contractor).
- Monitoring the UWI Family Planning/Epidemiology Unit's training and reaserch programs.

Inservice Training in the National Family
Planning Board and the Ministry of Health
and Environmental Control

The objective of the Inservice Training Program is to improve the knowledge, attitudes and skills of the health team in family planning, so that they will be better able to give efficient and effective family planning services to the public.

The overall objective of the activities is to enhance the quality of services, education and skills designed to intensify and strengthen the Family Planning Program. Built into the plan are activities specifically aimed at supporting the integrated approach to family planning and population as it relates to the several agencies, e.g., Ministry of Education (MOE) which by mandate and voluntarily are playing vital roles in the National Family Planning Program and the Ministry of Health and Environmental Control (MOHEC).

The main categories of workers involved are:

- Medical Doctors
- Nurses
- Midwives
- Health Education Officers
- Public Health Inspectors
- Community Health Aides
- Social Welfare Workers
- Family Life Officers
- Agricultural Extension Officers
- Teachers (in terms of input for population since major family life training is under the aegis of the Ministry of Education)
- Operational Field Personnel in voluntary agencies - administrative/managerial staff

The training program is an integral part of the MOHEC's program, therefore, it is reasonable to conclude that MOHEC will assume full financial responsibility of the total NFPProgram by 1980, including of course, the training program. (See Appendix for details).

The parties may also use jointly agreed-upon Project Implementation Letters to confirm and record their mutual understanding on aspects of the implementation of this Agreement. Project Implementation Letters will not be used to amend the text of the Agreement, but can be used to record revisions or exceptions which are permitted by the Agreement, including the revision of elements of the amplified description of the Project in Annex 1.

To this end, the Parties, at the request of either, will exchange views on the progress of the Project, the performance of obligations under this Agreement, the performance of any consultants, contractors, or suppliers engaged on the Project, and other matters relating to the Project.

SECTION B.2. Execution of Project. The Grantee will:

(a) carry out the Project or cause it to be carried out with due diligence and efficiency, in conformity with sound technical, financial, and management practices, and in conformity with those documents, plans, specifications, contracts, schedules or other arrangements, and with any modifications therein, approved by A.I.D. pursuant to this Agreement; and

SECTION B.4. Taxation.

(a) This Agreement and the Grant will be free from any taxation or fees imposed under the laws in effect in the territory of the Grantee.

(b) To the extent that (1) any contractor, including any consulting firm, any personnel of such contractor financed under the Grant, and any property or transaction relating to such contracts and (2) any commodity procurement transaction financed under the Grant, are not exempt from identifiable taxes, tariffs, duties or other levies imposed under laws in effect in the territory of the Grantee, the Grantee will, as and to the extent provided in and pursuant to Project Implementation Letters, pay or reimburse the same with funds other than those provided under the Grant.

SECTION B.5 Reports, Records, Inspections, Audit.

The Grantee will:

(a) furnish A.I.D. such information and reports relating to the Project and to this Agreement as A.I.D. may reasonably request;

(b) maintain or cause to be maintained, in accordance with generally accepted accounting principles and practices consistently applied, books and records relating to the Project and to this Agreement, adequate to show, without limitation, the receipt and use of goods and services acquired under the Grant. Such books and records will be audited regularly, in accordance with generally accepted auditing standards, and maintained for three years after the date of last disbursement by A.I.D.; such books and records will also be adequate to show the nature and extent of solicitations of prospective suppliers of goods and services acquired, the basis of award of contracts and orders, and the overall progress of the Project toward completion; and

(c) afford authorized representatives of the Party the opportunity at all reasonable times to inspect the Project, the utilization of goods and services financed by such Party, and books, records, and other documents relating to the Project and the Grant.

SECTION B.6. Completeness of Information. The Grantee confirms:

(a) that the facts and circumstances of which it has informed A.I.D., or cause A.I.D. to be informed, in the course of reaching agreement with A.I.D. on the Grant, are accurate and complete, and include all facts and circumstances that might materially affect the Project and the discharge of responsibilities under this Agreement;

(b) that it will inform A.I.D. in timely fashion of any subsequent facts and circumstances that might materially affect, or that it is reasonable to believe might so affect, the Project or the discharge of responsibilities under this Agreement.

SECTION B.7. Other Payments. Grantee affirms that no payments have been or will be received by any official of the Grantee in connection with the procurement of goods or services financed under the Grant, except fees, taxes, or similar payments legally established in the country of the Grantee.

SECTION C.6. Shipping.

(a) Goods which are to be transported to the territory of the Grantee may not be financed under the Grant if transported either: (1) on an ocean vessel or aircraft under the flag of a country which is not included in A.I.D. Funds under the Grant may be used to finance the costs of obtaining such property for the Project.

Article D: Termination: Remedies.

SECTION D.1. Termination. Either Party may terminate this Agreement by giving the other Party 30 days written notice. Termination of this Agreement will terminate any obligations of the Parties to provide financial or other resources to the Project pursuant to this Agreement, except for payment which they are committed to make pursuant to noncancellable commitments entered into with third parties prior to the termination of this Agreement. In addition upon such termination A.I.D. may, at A.I.D.'s expense, direct that title to goods financed under the Grant be transferred to A.I.D. if the goods are from a source outside Grantee's country, are in a deliverable state and have not been offloaded in ports of entry of Grantee's country.

SECTION D.2. Refunds.

(a) In the case of any disbursement which is not supported by valid documentation in accordance with this Agreement, or which was for goods made or used in accordance with this Agreement, or which was for goods or services not used in accordance with this Agreement, A.I.D., notwithstanding the availability or exercise of any other remedies under this Agreement, may require the Grantee to refund the amount of such disbursement in U.S. Dollars to A.I.D. within sixty (60) days after receipt of a request therefor.

(b) If the failure of Grantee to comply with any of its obligations under this Agreement has the result that goods or services financed under the Grant are not used effectively in accordance with this Agreement, A.I.D. may require Grantee to refund all or any part of the amount of the disbursements under this Agreement for such goods or services in U.S. Dollars to A.I.D. within sixty days after receipt of the request therefor.

(d) (1) Any refund under subsection (a) or (b), or (2) any refund to A.I.D. from a contractor, supplier, bank or other third party with respect to goods or services financed under the Grant, which refund relates to an unreasonable price for or erroneous invoicing of goods or services, or to goods that did not conform to specification or to services that were inadequate, will (A) be made available first for the cost of goods and services required for the Project, to the extent justified, and (B) the remainder, if any, will be applied to reduce the amount of the Grant.

(e) Any interest or other earnings on Grant funds disbursed by A.I.D. to the Grantee under this Agreement prior to the authorized use of such funds for the Project will be returned to A.I.D. in U.S. Dollars by the Grantee.

SECTION D. 3. Nonwaiver of Remedies. No delay in exercising any right or remedy accruing to a Party in connection with its financing under this Agreement will be construed as a waiver of such right or remedy.

SECTION D. 4. Assignment. The Grantee agrees, upon request, to execute an assignment to A.I.D. of any cause of action which may accrue to the Grantee in connection with or arising out of the contractual performance or breach of performance by a party to a direct U.S. Dollar contract with A.I.D. financed in whole or in part out of funds granted by A.I.D. under this Agreement.
