**ACTION MEMORANDUM FOR THE DEPUTY ASSISTANT ADMINISTRATOR
FOR DEVELOPMENT SUPPORT**

FROM: DS/HEA, Lee M. Howard, M. D., Dr. P.H.

Problem: Approval of a PAF for negotiation of a contract with the University of New Mexico under Project 931-0453 Malaria Immunity and Vaccination.

Discussion: The subject activity was approved at the October 31 - November 1, 1978, meeting of the Research Advisory Committee. The RAC, however, recommended that AID staff consider a moderate reduction of the budget, especially with respect to equipment costs. The funding levels requested for this project have been modified and reduced to comply with the RAC recommendation. Additionally, RAC postponed action on the proposed sub-contract with the Instituto Nacional de Salud, Bogota, Colombia, pending the submission of additional information giving greater detail on the proposed scope of work for research activities to be carried out in Columbia. Copies of the RAC recommendation and the Action Memorandum for the Administrator are attached.

Funds for the activity are included in the FY 1979 Congressional Presentation and the FY 1979 OYB for the Office of Health. The proposal has been reviewed and approved by the following:

- Office of Health (DS/HEA)
- Research and Methodology Division (DS/PO/RES)
- Program Office (DS/PO)
- Research and Development Committee (R&DC)
- Research Advisory Committee (RAC)

The proposal has been found to be technically sound and to meet all the requirements of an unsolicited proposal contained under AID PR78-4.

Recommendation:

That you sign the attached PAF.
