EDUCATION POLICY AND PLANNING

1. DESCRIPTION

The main purpose of this project during fiscal year 1970 is to continue to assist the Korean Government develop and implement long-range education plans to improve the quality of education.

Direct-hire and contract experts have already advised the ROKG on long-range planning organization, curriculum development, educational finance and systems analysis. They will provide advice in fiscal year 1970 on additional problem areas within the context of long-range planning as follows: education and manpower resources, organization and administration of education, cooperation between the public and private educational sectors, research, faculty development, student and educational planning, and evaluation.

In addition to the services of a U.S. Education Officer, this project is to finance a 12 months' extension of the current contract with Midwest Universities Consortium, which is providing short-term consultants to assist the Korean Government in its long-range education plans and related activities.

This project will also finance participant training in the USA in order to increase the number of trained experts who are needed for Korea's educational policy and planning programs.

The activities of the contract advisers and the education program in Korea will be coordinated by the USAID direct-hire education advisor, who will also provide advice and assistance to the Ministry of Education as required.

Participants to be trained under this project will receive long-term (12 months) training or short-term (2 months) observation tours in the U.S. The principal purpose of this participant training is to assure a continuing source of qualified personnel to staff the educational policy and planning activities of the ROKG. Short-term participants will be selected from among more senior educators with a significant knowledge of U.S. education to assure maximum benefits

from sixty-day observation tours. A principal criterion in their selection will be the qualification to absorb specific ad hoc information on new developments in educational policy and planning in a relatively short period.

**II. U.S. CONTRIBUTIONS**

The United States Government (through the Agency for International Development) will provide the funds specified in Annex B to this Project Agreement.

**III. ROK CONTRIBUTIONS**

1. Refer to Annex C of this Project Agreement for details of ROKG Contributions. These will include logistics and administrative support for U.S. technicians, to be provided from the Trust Fund 72-PT-800 Account, as well as funds from the ROKG budget.
2. The ROKG will arrange that the U.S. personnel provided for by this document, and their dependents, will be exempt from all requirements for customs duties and import taxes on personal property (including motor vehicles) and household goods; and from any income and social security taxes assessed by ROKG or its political sub-divisions. If not so exempted, ROKG shall pay directly all costs thereof from other than counterpart funds or funds provided by the U.S. Government.
3. The ROKG will provide suitable office space, utilities (including telephones), usual office furniture, and salaries of Korean administrative and secretarial personnel necessary to support execution of the project.

The ROMG assures that full-time qualified Korean counterparts will be either in training or working closely with U.S. technicians on the project, and that these counterparts will be available when considered necessary by the USAID. These counterpart services will be entirely financed by ROMG from other than Trust Funds.
5. The ROMG will finance costs of international transportation for participants listed in Annex B to this Project Agreement from their own budget.
6. The ROMG assures that Koreans trained under this project, either on-the-job or under the AID participant program, will be retained and assigned to positions suiting their capabilities so that the knowledge gained may be applied to the continuing benefit of the sector being assisted through this project.

**IV. SPECIAL PROVISIONS**

The Ministry of Education of the ROMG shall be administratively responsible for this Agreement on the part of the Government of the Republic of Korea.

The Chief, Education Branch of the Public Services Division, USAID/Korea, shall be the official responsible on the part of USAID/Korea for the implementation of this project. He will serve as liaison representative working with the Korean authorities and the contractor personnel assisting with educational planning.

EDUCATION POLICY AND PLANNING

I. DESCRIPTIONA. General Purpose

This project will continue to assist the Korean Government develop and implement its long-range education plans; to improve the quality of education in Korea; and to assist in particularized institutional development.

Project goals include the following:

- (a) development and implementation of long-range educational plans related to Korea's development;
- (b) assisting the Koreans in designing ways of improving the quality of education through the application of educational technology;
- (c) providing guidance to the Korean Government in formulating plans for extending specialized education to provide for specific developmental needs; and
- (d) helping the Korean Government and private institutions undertake more and better quality research related to education and other social science areas.

B. Specific Activities(1) Long-Range Educational Planning

Short-term education experts from the Midwest Universities Consortium (NUCIA) Contract, which has been financed from prior year funds, have been advising the Government periodically over the past two years

in long-range planning, curriculum development, education and manpower resources, education administration, faculty development, education evaluation, and related areas. This project extends the contract to provide additional advisory assistance and guidance to the USAID/K and the Ministry of Education in Korea in defining and agreeing upon the next steps in long-range educational planning. A MUCIA Educational Advisor will work closely with the Koreans in sorting out the appropriate strategies and planning "models" which might be applied to future MOE efforts. Several models for planning are under consideration by the Ministry of Education and this advisory assistance is provided to help work out the best possible organization for continued long-range educational planning in Korea.

(b) Korean Advanced Institute of Science

Aware of the need in Korea for a source of highly-trained manpower in science and technology, this project also financed the personal services contracts of a team of five experts during FY 1970 and 1971 to survey the status of existing schools of science and technology in Korea, problems relating to the creation of an advanced institute of science, and the implications involved in the establishment of such an institute. The team of experts served in Korea during the first quarter of this fiscal year, and a report of the results of their survey has not yet reached Korea. The role of USAID in this effort has been limited to the survey and the preparation of relevant reports and recommendations. The ROEG has moved ahead with authorizing legislation to establish the

institute, and this project will finance an equipment/technical assistance survey team to identify needed basic equipment for construction and for instructional programs and to determine technical assistance needs. The teams' effort will include identifying equipment that could be provided through a U.S. loan for assistance to the development of the institute. ROEG financing of the initial contract was accomplished in fiscal year 1970, with the exception of an additional \$3,100 which was needed and provided under this Project Agreement to complete the survey. Additional funding of \$23,000 is provided under this agreement to support the three-man survey team during FY 1971.

(3) Education Technology

As a specific contribution to the improvement of education in Korea, this project financed a contract with Florida State University during fiscal year 1970. The first phase of the contract included a survey by a team of six educators to assess the appropriateness of the application of innovations in education technology on a nation-wide basis. The efforts of the team were directed principally to the problems of the elementary, middle and high schools. The team, which will complete its report on the survey in FY 1971, is to develop and recommend viable alternative strategies that can lead to predictable system-wide educational improvements. These strategies will spell out the ways in which available resources may be arrayed and evaluated in terms of their contributions to the productiveness of the educational system. Methods and technology will be delineated for the optimal integration of instructional innovations for the improvement and expansion of the educational programs of the Republic of Korea, which should increase their

responsiveness to the nation's social needs, as well as to the economic and manpower development projections of the country.

During FY 1971, this project provides funds for extending the contract with Florida State University. This extension is to provide for the services of a full-time Education Technologist for a period of 12 months.

This specialist was advise the ROKG Ministry of Education on the whole range of issues relating to proposals incorporated in the Survey Team's report. He would be available for technical investigations of the applicability of any or all proposals made by the Team. Based on the ROKG adoption of any or all innovations recommended under the original contract, he would assist in preparing and submitting estimates of the cost, time schedules, and implementation steps for adopting proposed innovations concerned with the introduction of advanced technology into Korea's educational system.

(4) Direct-Hire Technicians and Participant Training

This project will continue to finance the services of a direct-hire technician during part of FY 1971, and finances the participants listed in the schedule attached hereto. U.S. dollar financing of this project is to terminate in fiscal year 1971.

II. U.S. CONTRIBUTIONS

The United States Government (through the Agency for International Development) will provide the funds specified in Annex B to this Project Agreement. U.S. financing of this project is scheduled to terminate in fiscal year 1971.

III. ROKG CONTRIBUTIONS

1. As soon as the ROKG budget is approved by the National Assembly, this Project Agreement will be revised to include the ROKG Won contribution to the project. In addition, Won from the Trust Fund will be incorporated into this Project Agreement, which will finance logistics and administrative support for the U.S. direct-hire technician and contract personnel assisting with the project.
2. The ROKG will arrange that the U.S. personnel provided by the project, and their dependents, will be exempt from all requirements for customs duties and import taxes on personal property (including motor vehicles) and household goods; and from any income and social security taxes assessed by the ROKG or its political sub-divisions. If not so exempted, the ROKG shall pay directly all costs thereof from other than counter-part funds or funds provided by the U.S. Government.
3. To the extent possible, the ROKG will provide office space, utilities (including telephones), usual office furniture, and salaries of Korean administrative and secretarial personnel necessary to support execution of the project.
4. The ROKG agrees that it will finance from its own budget the services of full-time qualified Korean counterparts who will be either in training or working closely with U.S. technicians on the project, and that these counterparts will be available when considered necessary by the USAID.
5. The ROKG will finance the costs of international transportation for the participants listed in Annex B to this Project Agreement from their own budget.

a. Direct-Hire

One U.S. advisor will assist the Ministry of Education and related agencies in the establishment of institutional goals and plans. He will monitor contract services and be responsible for the effective implementation of the project.

b. Contract Services

FY70 funds were obligated for extension of the MUCIA contract to provide the services of eight short-term consultants who have advised in priority areas. FY71 funds are obligated to provide for the services of an Educational Advisor for 12 months to continue professional advice on long-range educational planning in the Ministry of Education. His specialized assistance will be related to the Ministry of Education needs in defining the specific planning mechanism for the implementation of the Third Five-Year Plan, as well as projecting educational planning for the next two decades.

	<b>AN AGENCY OF THE GOVERNMENT OF</b>	2. Agreement No. _____
		3. <input type="checkbox"/> Original or Revision No. _____

A. As used herein, "AID" means the Agency for International Development, any component agency, and any successor agency. "Cooperating Agency" means the agency which is a party to this Project Agreement with AID and "Cooperating Country" means the country of the Cooperating Agency. "Local Currency" means currency originally issued by the Cooperating Country as a medium of exchange therein.

B. (1) AID will make available the amounts specified in Block 8 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may be further described in Block 5 hereof.

(2) The Cooperating Agency will make available the amounts specified in Block 9 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may further be described in Block 5 hereof. The Cooperating Agency will also make, or arrange to have made, additional contributions of property, services, facilities and funds required for carrying out the project as may be specified in Block 5 hereof or as may subsequently be agreed upon by the two parties.

C. AID and the Cooperating Agency may obtain the assistance of other public and private agencies in carrying out their respective obligations under this Project Agreement. The two parties may agree to accept contributions of property, services, facilities and funds for purposes of this Project Agreement from other public and private agencies, and may agree upon the participation of any such third party in carrying out activities under this Project Agreement.

D. All contributions of AID pursuant to this Project Agreement shall be made within a six months grace period extending beyond the estimated final contribution date specified herein. Except as otherwise specified herein or subsequently agreed by the two parties, all contributions of the Cooperating Agency pursuant to this Project Agreement shall be made on or before that same date. A contribution of goods or services shall be considered to have been made when the goods or services, provided or financed by the contributing party, are delivered in accordance with commercial practice.

E. The procurement of commodities and contract services to be financed with an AID contribution of currency other than that of the United States or of the Cooperating Country shall be subject to all provisions of, and regulations governing, Foreign Currency Authorizations issued by AID.

F. AID reimbursements or advances shall, in general, not exceed the amount obtained by applying the ratio of AID to Cooperating Agency contributions specified in the Project Agreement to the amount currently contributed by the Cooperating Agency. For example, if the Project Agreement provides for total contributions of \$400,000 by AID and \$600,000 by the Cooperating Agency and if the Cooperating Agency has currently contributed \$6,000 then AID will, in general, reimburse or advance no more than \$4,000. Commodities and services financed with an AID contribution of local currency shall be subject to the following requirements:

(1) Reimbursement

As mutually agreed between AID and the Cooperating Agency, either of the following methods may be employed for reimbursement by AID of local currency expenditures made by the Cooperating Agency:

(a) Direct Reimbursement

Once monthly or at such other intervals as may be mutually agreed between AID and the Cooperating Agency, AID will reimburse the Cooperating Agency for local currency expenditures made by the Cooperating Agency in the procurement of approved project requirements. Each such claim for reimbursement must be supported by the following documentation:

(i) Public Voucher, SF-1034, signed by the properly accredited representative of the Cooperating Agency, and embodying the following additional certification:

"The total amount claimed hereunder was expended for the purposes authorized in Project Agreement No. \_\_\_\_\_ and is supported by the documentation required by said Project Agreement on file in the Cooperating Agency."

(ii) A report in the format prescribed by the AID Controller, certified as true and accurate by the properly accredited representative of the Cooperating Agency, in support of each such claim for reimbursement.

(b) Advances

Once monthly or at such other intervals as may be mutually agreed upon between AID and the Cooperating Agency, AID may advance local currency to the Cooperating Agency for operating purposes. The

initial advance will be in an amount agreed upon between AID and the Cooperating Agency as necessary to cover estimated project expenditures for a specified time period, and will be supported by a budget developed and approved by both AID and the Cooperating Agency. When necessary to replenish the advance, the Cooperating Agency may be reimbursed for amounts actually expended by it by submitting claims for reimbursement of such amounts supported by the documentation prescribed in paragraph (a) (i) above. On the basis of such claims for reimbursement, AID may replenish the working fund in amounts equal to, but not in excess of, the actual expenditures of the Cooperating Agency as so reported, up to the total amount of the AID local currency contribution less the amount of the initial advance.

All expenditures made by the Cooperating Agency against such advances must be supported by the documentation prescribed in paragraph (a) (i) above and such documentation in support of the final expenditures of the Cooperating Agency must be submitted to AID not later than 90 days after the date of the final expenditure.

(2) Documentation

With respect to all AID contributed local currency made available to it, the Cooperating Agency agrees to maintain a separate set of accounts for all transactions financed or to be financed, and the Cooperating Agency further agrees to obtain and retain in its files, for inspection and review by AID at any time as requested by AID, the documents listed below in support of each transaction financed with such funds.

(a) Commodity Transactions:

- (i) Applicable contract or purchase order between supplier and purchaser;
- (ii) Supplier's detailed invoice and satisfactory evidence of payment;
- (iii) Ocean or inland bill of lading, or other document evidencing delivery to the purchaser;
- (iv) Such additional documentation (e.g. inspection certificate) as may be required from the supplier by the purchaser.

(b) Contract Services Transactions:

- (i) Applicable contract between contractor and purchaser;
- (ii) Contractor's detailed invoice and satisfactory evidence of payment;
- (iii) A certificate by the Cooperating Agency as follows: "The undersigned certifies that the services for which reimbursement is requested have been satisfactorily rendered and the costs thereof

are properly reimbursable in accordance with the terms of the contract."

(c) Payroll Costs:

One copy of certified payroll listings and vouchers, together with satisfactory evidence of payment. Each payroll listing must show for each employee at least the following data: name, applicable job title, salary or wage rate, period covered, and amount paid.

(d) Other Project Costs:

One copy of the appropriate authorization documents and invoices covering travel, utility costs, etc.

(3) Refund Provision:

With respect to AID-contributed local currency made available to the Cooperating Agency under the methods of financing herein described, the Cooperating Agency agrees to refund promptly to AID, upon demand by AID and pursuant to AID instructions, the entire amount of such currency expended by the Cooperating Agency (or such lesser amount as AID may demand) whenever AID determines that such expenditure was improper as being in violation of the terms and conditions of this Project Agreement and/or any applicable agreement or arrangement between AID and the Cooperating Agency.

G. Unless otherwise specified, title to all property procured through financing by AID pursuant to Block 8 of this Project Agreement shall be in the Cooperating Agency, or such public or private agency as it may authorize. This provision is inapplicable to any property which may be used in connection with the project but is not financed pursuant to said Block 8.

H. Any property furnished to either party through financing by the other party pursuant to this Project Agreement shall, unless otherwise agreed by the party which financed the procurement, be devoted to the project until completion of the project, and thereafter shall be used so as to further the objectives sought in carrying out the project. Either party shall offer to return to the other, or to reimburse the other for, any property which it obtains through financing by the other party pursuant to this Project Agreement which is not used in accordance with the preceding sentence.

I. (1) If AID and any public or private organization furnishing commodities through AID financing for operations hereunder in the Cooperating Country, is, under the laws, regulations or administrative procedures of the Cooperating Country, liable for customs duties and import taxes on commodities imported into the Cooperating Country for purposes of carrying out this Project Agreement, the Cooperating Agency will pay such duties and taxes unless exemption is otherwise provided by any applicable international agreement.

(2) If any personnel (other than citizens and residents of the Cooperating Country), whether United States Government employee, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the Cooperating Country to provide services which AID has agreed to furnish or finance under this Project Agreement, are, under the laws, regulations or administrative procedures of the Cooperating Country, liable for income and social security taxes with respect to income upon which they are obligated to pay income or social security taxes to the Government of the United States of America, for property taxes on personal property intended for their own use, or for the payment of any tariff or duty upon personal or household goods brought into the cooperating country for the personal use of themselves and members of their families (not including such personal or household goods as may be sold by such personnel in the Cooperating Country), the Cooperating Agency will pay such taxes, tariff, or duty unless exemption is otherwise provided by any applicable international agreement.

J. Any personnel (other than citizens and residents of the cooperating country), whether United States Government employees, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the Cooperating Country to provide services which AID has agreed to furnish or finance under this Project Agreement shall be subject to the approval of the Cooperating Agency and AID, and shall be under the general direction of the Director of the AID Mission to the Cooperating Country.

K. If any commodity is furnished to the Cooperating Agency, or any public or private agency authorized by the Cooperating Agency, on a grant basis through financing by AID pursuant to this Project Agreement under arrangements which will result in the accrual of proceeds to the Cooperating Agency or any authorized agency and if the applicable agreement between the two governments referred to on the first page of this Project Agreement does not provide for the establishment of a Special Account and the deposit therein of currency of the Cooperating Country, the Cooperating Agency will make such arrangements as may be necessary to establish a Special Account to deposit therein currency of the Cooperating Country in amounts equal to such proceeds, in accordance with such terms and conditions as may be agreed upon. Funds in the Special Account may be used only as agreed upon by AID and the Cooperating Agency; provided, that such portion of the funds in the Special Account as may be designated

by AID shall be made available to AID to meet the requirements of the United States.

L. In the event that currency of a country other than the United States or the Cooperating Country is introduced into the Cooperating Country by AID or any public or private agency for the purposes of carrying out obligations of AID hereunder, the Cooperating Agency will make such arrangements as may be necessary to effect conversion of such currency into the currency of the Cooperating Country at the highest rate which, at the time the conversion is made, is not unlawful in the Cooperating Country. All uses of the currency of the Cooperating Country obtained by this conversion shall be subject to the requirements of paragraph F herein relating to local currency.

M. AID shall expend funds and carry on operations pursuant to this Project Agreement only in accordance with the applicable laws and regulations of the United States Government.

N. The two parties shall have the right at any time to observe operations carried out under this Project Agreement. Either party during the term of the Project and three years after the completion of the project, shall further have the right (1) to examine any property procured through financing by that party under this Project Agreement, wherever such property is located, and (2) to inspect and audit any records and accounts with respect to funds provided by, or any properties and contract services procured through financing by, that party under this Project Agreement, wherever such records may be located and maintained. Each party, in arranging for any disposition of any property procured through financing by the other party under this Project Agreement, shall assure that the rights of examination, inspection and audit described in the preceding sentence are reserved to the party which did the financing.

O. Upon completion of the project, a Completion Report shall be drawn up, signed by appropriate representatives of AID and the Cooperating Agency, and submitted to AID and the Cooperating Agency. The Completion Report shall include a summary of the actual contributions by both AID and the Cooperating Agency to the project, and shall provide a record of the activities carried out, the objectives achieved, and related basic data. AID and the Cooperating Agency shall each furnish the other with such information as may be needed to determine the nature and scope of operations under this Agreement and to evaluate the effectiveness of such operations.

P. The present Agreement shall enter into force when signed. Either party may terminate this Project Agreement by giving the other party 30 days written notice of intention to terminate it. Termination of this

Project Agreement shall terminate any obligations of the two parties to make contributions pursuant to Blocks 8 and 9 of this Project Agreement, except for payments which they are committed to make pursuant to non-cancellable commitments entered into with third

parties prior to the termination of the Project Agreement. It is expressly understood that the obligations under paragraph H relating to the use of property shall remain in force after such termination.

A. As used herein, the term "AID" refers to the Agency for International Development, any component agency, or any successor agency. References to "this Project Agreement" shall mean the original Project Agreement as modified by any revisions which have entered into effect.

B. (1) AID will make available the amounts specified in Block 8 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may be further described in Annex A, as required by Block 5 hereof. In addition, as may be further specified in Annex A, AID will, subject to the availability of funds and (where required by AID procedures) as provided for in Project Implementation Orders (PIOs) issued by AID in accordance with its procedures, make available funds (a) to pay costs of furnishing technical services to be performed by United States Government employees in connection with the project, (b) to pay a share of the costs of providing training outside the cooperating country in connection with the project for qualified persons from the cooperating country, and (c) to pay such additional costs as may be specified.

(2) The Cooperating Government Agency will make available the amounts specified in Block 9 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may further be described in Annex A. The Cooperating Government Agency will also make, or arrange to have made, additional contributions of property, services, facilities and funds required for carrying out the project as may be specified in Annex A, or as may subsequently be agreed upon by the two parties.

C. AID and the Cooperating Agency may obtain the assistance of other public and private agencies in carrying out their respective obligations under this Project Agreement. The two parties may agree to accept contributions of property, services, facilities and funds for purposes of this Project Agreement from other public and private agencies, and may agree upon the participation of any such third party in carrying out activities under this Project Agreement.

D. AID shall not be required to make any contribution after the expiration of six months following the estimated final contribution date (Block 13 of the Project Agreement form AID 1330-1) or any amended final contribution date specified herein. Except as otherwise specified herein or subsequently agreed

by the parties, all contributions of the Cooperating Agency pursuant to this Project Agreement shall be made on or before said estimated termination date, or amended date. A contribution of goods or services shall be considered to have been made when the goods or services, provided or financed by the contributing party, are delivered in accordance with commercial practice.

E. The procurement of commodities and contract services to be financed in whole or in part by AID may (where so required by AID procedures) be undertaken only pursuant to PIOs issued by AID in accordance with its procedures.

F. Unless otherwise specified in the applicable PIO, the procurement of commodities financed with the AID contribution referred to in Block 8 of this Project Agreement shall be subject to the provisions of AID Regulation 1.

G. Unless otherwise specified in the applicable PIO, title to all property procured through financing by AID pursuant to Block 8(c) of this Project Agreement shall be in the Cooperating Agency, or such public or private agency as it may authorize. This provision is inapplicable to any property which may be used in connection with the project but is not financed pursuant to said Block 8(c).

H. Any property furnished to either party through financing by the other party pursuant to this Project Agreement shall, unless otherwise agreed by the party which financed the procurement, be devoted to the project until completion of the project, and thereafter shall be used so as to further the objectives sought in carrying out the project. Either party shall offer to return to the other, or to reimburse the other for, any property which it obtains through financing by the other party pursuant to this Project Agreement which is not used in accordance with the preceding sentence.

I. (1) If AID and any public or private organization furnishing commodities through AID financing for operations hereunder in the cooperating country, is, under the laws, regulations or administrative procedures of the cooperating country, liable for customs duties and import taxes on commodities imported into the cooperating country for purposes of carrying out this Project Agreement, the Cooperating Agency will pay such duties and taxes unless exemption is otherwise provided by any applicable international agreement.

(2) If any personnel (other than citizens and residents of the cooperating country), whether United

States Government employees, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the cooperating country to provide services which AID has agreed to furnish or finance under this Project Agreement, are, under the laws, regulations or administrative procedures of the cooperating country, liable for income and social security taxes with respect to income upon which they are obligated to pay income or social security taxes to the Government of the United States of America, for property taxes on personal property intended for their own use, or for the payment of any tariff or duty upon personal or household goods brought into the cooperating country for the personal use of themselves and members of their families (not including such personal or household goods as may be sold by any such personnel in the cooperating country), the Cooperating Agency will pay such taxes, tariff, or duty unless exemption is otherwise provided by any applicable international agreement.

J. Any personnel (other than citizens and residents of the cooperating country), whether United States Government employees, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the cooperating country to provide services which AID has agreed to furnish or finance under this Project Agreement shall be subject to the approval of the Cooperating Agency and AID, and shall be under the general direction of the Director of the Mission to the cooperating country.

K. If any commodity is furnished to the Cooperating Agency, or any public or private agency authorized by the Cooperating Agency, on a grant basis through financing by AID pursuant to this Project Agreement under arrangements which will result in the accrual of proceeds to the Cooperating Agency or any authorized agency and if the applicable agreement between the two governments referred to on the first page of this Project Agreement does not provide for the establishment of a Special Account and the deposit therein of currency of the cooperating country, the Cooperating Agency will make such arrangements as may be necessary to establish a Special Account and to deposit therein currency of the cooperating country in amounts equal to such proceeds, in accordance with such terms and conditions as may be agreed upon. Funds in the Special Account may be used only as agreed upon by AID and the Cooperating Agency; provided, that such portion of the funds in the Special Account as may be designated by AID shall be made available to AID to meet the requirements of the United States.

L. The Cooperating Agency will make such arrangements as may be necessary so that funds intro-

duced into the cooperating country by AID or any public or private agency for purposes of carrying out obligations of AID hereunder shall be convertible into currency of the cooperating country at the highest rate which, at the time the conversion is made, is not unlawful in the cooperating country.

M. AID shall expend funds and carry on operations pursuant to this Project Agreement only in accordance with the applicable laws and regulations of the United States Government.

N. The two parties shall have the right at any time to observe operations carried out under this Project Agreement. Either party during the term of the Project and three years after the completion of the project, shall further have the right (1) to examine any property procured through financing by that party under this Project Agreement, wherever such property is located, and (2) to inspect and audit any records and accounts with respect to funds provided by, or any properties and contract services procured through financing by, that party under this Project Agreement, wherever such records may be located and maintained. Each party, in arranging for any disposition of any property procured through financing by the other party under this Project Agreement, shall assure that the rights of examination, inspection and audit described in the preceding sentence are reserved to the party which did the financing.

O. Upon completion of the project, a Completion Report shall be drawn up, signed by appropriate representatives of AID and the Cooperating Agency, and submitted to AID and the Cooperating Agency. The Completion Report shall include a summary of the actual contributions by both AID and the Cooperating Agency to the project, and shall provide a record of the activities carried out, the objectives achieved, and related basic data. AID and the Cooperating Agency shall each furnish the other with such information as may be needed to determine the nature and scope of operations under this Agreement and to evaluate the effectiveness of such operations.

P. The present Agreement shall enter into force when signed. Either party may terminate this Project Agreement by giving the other party 30 days written notice of intention to terminate it. Termination of this Project Agreement shall terminate any obligations of the two parties to make contributions pursuant to Blocks 8 and 9 of this Project Agreement, except for payments which they are committed to make pursuant to non-cancellable commitments entered into with third parties prior to the termination of the Project Agreement. It is expressly understood that the obligations under paragraph H relating to the use of property shall remain in force after such termination.
