I. Project Description and Explanation

A. Background

1. This activity is designed to assist the Royal Thai Government (RTG) in the further development of its skilled manpower through appropriate overseas training in the United States and third countries for selected RTG officials and private sector personnel. Training is considered for personnel in high priority areas not otherwise assisted by USOM in which skilled manpower requirements have been identified as key factors in meeting RTG overall technical and economic development goals. Manpower development requirements for RTG/USOM projects in which U.S. assistance has otherwise been phased out are also met through funding under this project.

2. Since this project was inaugurated in 1965 through FY 1970, a total of 100 RTG officials and private sector personnel have been selected for training, 84 in the United States and 16 in third countries. The participants were selected from such agencies as the Budget Bureau, Department of Local Administration, Chulalongkorn University, Excise Department, Department of Technical and Economic Cooperation, and the Prince of Songkla University. Eighty-three (83) participants have returned from training and are using the skills obtained. It is anticipated that twenty additional participants will be selected for training during U.S. FY 1971.

B. Purpose of This Project Agreement

This Project Agreement Revision describes: (1) The Special Participant Training program presently planned for FY 1971 (See Annex B), and (2) the financial commitments of both the U.S. Government and the Royal Thai Government.

II. U.S. Government Contribution

The United States Government is providing \$128,900 to fund training for 18 officials of the RTG. (\$9,700 of this amount was initially committed through an obligating PIO/P.) An additional \$73,000 (\$16,200 of which was obligated under the original issuance of this Agreement) is being provided to cover additional costs and/or extensions to training previously approved under this project or other RTG/USOM projects for which U.S. assistance otherwise has been terminated. A complete listing of the participants is attached as Annex B.

III. Royal Thai Government Contribution

The Royal Thai Government will continue to provide customary salaries and benefits for the government officials selected, will fund such preparatory costs as English language training, and will fund the costs of international travel.

V. Special Provisions

A. Candidates under this project are selected jointly by DTEC and USOM from proposals received from RTG agencies and the private sector which are not related to other U.S. assisted activities. The selection committee, composed of representatives from DTEC, USOM and other appropriate areas, will approve only those candidates who clearly contribute to USAID/RTG overall objectives and who cannot be included under existing projects. All candidates under this project will be required to meet the usual qualifications and criteria for participant selection required by current USAID and USOM manual orders and guidelines.

B. Unless otherwise specifically agreed upon by DTEC and USOM, the PIO/P documents for this project will reflect the usual joint nature of funding for overseas training; that is, international travel will be arranged and financed by DTEC while per diem and other dollar training costs, including in-country travel, will be AID-funded in the U.S. and certain other countries such as Taiwan, Korea, and the Philippines.

C. Persons who receive participant training under this project must be employed in appropriate activities upon their return from training for one year or twice the period of their training, whichever is greater, unless DTEC and USOM jointly agree that the overall development needs of Thailand will be better served by a different assignment. If an assignment or transfer of a returned participant is made without regard to this requirement or if the returned participant resigns from or refuses to accept an appropriate position without reasonable cause acceptable to USOM, the RTG, at the request of USOM, shall repay to USOM the AID-portion of the participant training costs.

D. Waiver. In accordance with the waiver dated December 4, 1969, PIO/PS not issued with this ProAg Revision may be deferred up to **June 25, 1971.**

Project Description and Explanation

A. Background

1. This is a project of the Royal Thai Government (RTG), assisted by USOM, which is designed to help develop skilled manpower through appropriate overseas training in the United States and Third Countries for selected RTG officials and private sector personnel. This project provides USOM and the RTG with flexibility, on a carefully delineated basis, to provide training for selected individuals who are contributing to Thailand's development but who are involved with activities which are not currently supported by USOM as a project activity.

Specifically, this project provides for the development of skilled manpower resources in the following areas:

- a. training of particular importance to the objectives of both governments but not provided for within other current USOM supported RTG projects, particularly when the manpower to be trained would be prerequisite to the success of new project under consideration for support by U.S. or international organizations;
 - b. extensions and increased costs of training programs originated under projects for which U.S. assistance has been terminated; and
 - c. limited additional training assistance to augment activities initiated under RTG projects for which U.S. assistance has terminated.
2. Since this project was inaugurated in 1965, a total of 131 RTG officials and private sector personnel have been selected for training: 114 in the United States and 17 in Third Countries. The participants were selected from such agencies as the Budget Bureau, Department of Local Administration, Chulalongkorn University, Excise Department, Department of Technical and Economic Cooperation, and Prince of Songkla University. Over 100 participants have returned and are using the skills for which they were trained.

V. Special Provisions

- A. Proposals for training under this project may originate with DTEC or USOM. Proposals may have been suggested to DTEC or USOM by an RTG Ministry, Department, Agency or Institution, or by an organization in the private sector. Proposals for training under this project must meet the criteria outlined in I.A.1 above and be approved jointly by USOM and DTEC.
- B. Candidates for training under this project will be screened and approved by an Advisory Committee on Participant Training composed of representatives of USOM's Training Division and Technical Offices, where appropriate, and by DTEC and the RTG organization sponsoring the candidate. All candidates under this project will be required to meet the usual qualifications and criteria for selection required by current AID and USOM Orders and RTG regulations.
- C. Unless otherwise specifically agreed upon by DTEC and USOM, the PIO/P documents for this project will reflect the usual joint nature of funding for overseas training; that is, international travel will be arranged and financed by DTEC while per diem and other dollar training costs, including in-country travel, will be AID-funded in the U.S. and certain other countries such as Taiwan, Korea, and the Philippines.
- D. Persons who receive training under this project must be employed in appropriate activities upon their return from training for one year or twice the period of their training, whichever is greater, unless DTEC and USOM jointly agree that the overall development needs of Thailand will be better served by a different assignment. "Appropriate activities" will be specified in the pertinent Project Implementation Order (PIO/P) unless otherwise noted. If an assignment or transfer of a returned participant is made without regard to this requirement or if the returned participant resigns from or refuses to accept an appropriate position without reasonable cause acceptable to USOM, the RTG, at the request of USOM, shall repay to USOM the AID-portion of the participant's training costs.

I. Project Description and Explanation

A. Background

1. This is a project of the Royal Thai Government (RTG), assisted by USOM, which is designed to help develop skilled manpower through appropriate overseas training in the United States and Third Countries for selected RTG officials and private sector personnel. This project provides USOM and the RTG flexibility, on a carefully delineated basis, to provide training for selected individuals who are contributing to Thailand's development through activities which are not currently supported by USOM.

Specifically, this project provides for the development of skilled manpower resources in the following areas:

a. training of particular importance to the objectives of both governments which is not available in Thailand and which is not provided for within other current USOM supported RTG projects, particularly when the manpower to be trained would be prerequisite to the success of a new project under consideration for support by U.S. or international organizations;

b. extensions and increased costs of training programs originated under projects for which U.S. assistance has been terminated; and

c. limited additional training assistance to augment activities initiated under RTG projects for which U.S. assistance has terminated.

2. Since this project was inaugurated in 1965, a total of 213 RTG officials and private sector personnel have been selected for training: 157 in the United States and 56 in Third Countries. The participants were selected from such agencies as the Budget Bureau, Department of Local Administration, Chulalongkorn University Excise Department, Department of Technical and Economic Cooperation, and Prince of Songkla University. Over 100 participants have returned and are using the skills for which they were trained.

B. Purpose of This Project Agreement

This Project Agreement sets forth: (1) a portion of the Special Participant Training Program presently planned for FY 1973 (See Annex B), and (2) the commitments and responsibilities of both the U.S. Government and the Royal Thai Government in implementing the program.

II. United States Government Contribution

To provide for new training authorized in I. A. 1. a. and c. and to cover the extensions and increased costs provided for in I. A. 1. b. above, the United States Government hereby provides an initial \$145,000. These funds are required for participant costs already identified. See Annex B.

III. Royal Thai Government Contribution

The Royal Thai Government will continue to provide customary salaries and benefits for the government officials selected; and will fund both preparatory training costs, such as English language training, and the costs of all international travel.

V. Special Provisions

A. Proposals for training under this project may originate with DTEC or USOM. Proposals may be suggested to DTEC by USOM or to DTEC or USOM by an RTG Ministry, Department, Agency or Institution, or by an organization in the private sector. Proposals for training under this project must meet the criteria outlined in I. A. 1 above and be approved jointly by USOM and DTEC.

B. Candidates for training under this project will be screened and approved by a Participant Selection Committee composed of representatives of USOM's Training Division and Technical Offices, where appropriate, by DTEC and by the RTG organization sponsoring the candidate. All candidates under this project will be required to meet the qualifications and criteria for training which are set forth in USOM Order 1300.2 and in RTG regulations.

Questions concerning the qualifications of a candidate to undertake the training will be referred to the Participant Selection Committee.

C. Unless otherwise specifically agreed upon by DTEC and USOM, the PIO/P documents for this project will reflect the usual joint nature of funding for overseas training; that is, international travel will be arranged and financed by DTEC while per diem and other dollar training costs, including in-country travel, will be AID-funded in the U.S. and certain other countries such as Taiwan, Korea, and the Philippines.

D. Persons who receive training under this project must agree to be employed in appropriate activities upon their return from training for one year or twice the period of training, whichever is greater, unless DTEC and USOM jointly agree that the overall development needs of Thailand will be better served by a different assignment. "Appropriate activities" will be specified in the pertinent Project Implementation Order (PIO/P) unless otherwise noted.

E. Waiver

The Director USOM hereby waives the issuance of PIO/P documents for participant costs under this agreement until May 15, 1973. This waiver is issued pursuant to the Director's waiver authority under M.O. 712.4, III. A.3.a.

Block 10 - Continued:

Purpose: This Project is a continuation of the project described and agreed to in previous years under Project Agreements 173-5007, 173-4005 and 173-3005. Since FY 1965 this project has provided training opportunities in areas of development priority. In FY 1976 all funding will be provided to continue or complete training activities either commenced under this project or transferred to it as other projects were terminated.

Progress to Date: This project was initiated in FY 1965 when six participants were sent to the United States for training. In subsequent years, third-country training has been utilized whenever feasible.

The Thai Government has been sharing in the task of selecting trainees and will assume additional administrative responsibility for managing these programs in FY 1976. The Thai Government also provides funds for international travel, and for English language training as required for participants.

Funds: This project will be "Multiple Funded" and will provide Food and Nutrition Funds, Population Planning and Health (Non-Title X) Funds, and Education and Human Resource Funds to continue or complete ongoing training programs begun in prior fiscal years under this or other A.I.D.-funded Thai Projects.
