ACTION MEMORANDUM FOR THE AGENCY DIRECTOR FOR HUMAN RESOURCES

FROM: ST/MD, Jerome French 

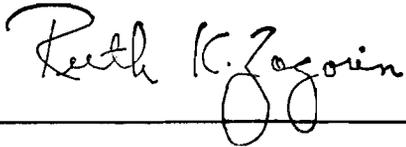

SUBJECT: Project Authorization Amendment: Labor Force Project (938-0600)

Problem: The Labor Force Planning, Development and Utilization project (938-0600) is scheduled to lose its obligation authority at the end of FY 83. If the project is so terminated, current work toward important agency objectives will similarly be cut short prior to its completion.

Discussion: The Labor Force project is currently engaged in a number of important agency activities. These are principally the development of the Employment Research Project, improving agency vocational training activities, and following up the results of the conference on the productivity effects of worker participation in enterprise ownership and decision-making.

The extension of the Labor Force project for two years will enable the achievement of those tasks. To fail to extend the project would mean that important initiatives would remain in an incomplete state.

Recommendation: That you extend the authorization of the Labor Force project through FY 84 by signing the attached amendment.
