ACTION MEMORANDUM FOR THE AGENCY DIRECTOR
FOR HEALTH AND POPULATION

FROM: S&T/H, George Curlin 

SUBJECT: Authorization of Funds Under Project 936-5939, ORT-HELP

Problem: Funds are needed for the cover design, typesetting, printing, and distribution of the Proceedings from the International Conference on Oral Rehydration Therapy.

Discussion: The Agency recently hosted the successful International Conference on Oral Rehydration Therapy (ICORT) in June, 1983. This conference brought together experts from around the world to discuss important Oral Rehydration Therapy (ORT) issues. Over 70 speeches were presented which included such important topics as management of diarrheal diseases, ORT program experience, implementation of ORT programs, logistics and ORS production, training, and public education. These speeches were given by some of the leading ORT experts and contain useful theoretical and practical information.

Dissemination of such information is one of the main objectives of the new Oral Rehydration Therapy - Health Education and Long-Term Planning project. By making these ICORT presentations available on a worldwide basis, A.I.D. will be helping LDC program planners and policymakers incorporate ORT programs in their own countries.

A.I.D. has contracted with the Harvard Institute for International Development (HIID) to technically and professionally edit the ICORT speeches. A camera-ready copy was received from HIID December 19, 1983. The Proceedings now require final cover design, typesetting, printing and distribution. The proposed graphic work and printing will be coordinated with the Publication Management Division of the Office of Management Operations.

The funds for this project have been received by the Office of Health for FY 1984 OYB.

2

Recommendation:

That you authorize up to \$30,000 under project 936-5939
ORT-HELP for the cover design, typesetting, printing, and
distribution of the ICORT Proceedings.
