PROJECT AUTHORIZATION

Part II

Name of Country: Worldwide
Name of Project: Nutrition Health Systems (RSSA)
Number of Project: 931-1198

1. Pursuant to Section ^{and 104} 103 of the Foreign Assistance Act of 1961, as amended, the Health Systems RSSA which is centrally funded was amended May 30, 1984. That Authorization is hereby amended as follows:
- a. The authorized year of obligation is extended to FY 1985.
 - b. Obligation of \$275,000 in FY 85 funding is authorized.
2. The work envisaged by this project is exempt from the provision of A-76 because (1) it is for the provision of technical assistance, and (2) the facilities and resources of the Department of Health and Human Services are particularly suitable for the technical assistance being sought and are not competitive with private enterprise.
3. The authorization cited above remains in force except as hereby amended.

ACTION MEMORANDUM FOR THE AGENCY DIRECTOR FOR FOOD AND AGRICULTURE

FROM: S&T/N, Martin J. Forman *Martin J. Forman*
SUBJECT: Authorization of FY 85 funding for Nutrition - Health Systems RSSA

Problem: Approval is sought for (1) the continuation of RSSA BST-0249-R-HI-2254-07 with the Office of International Health (OIH) of the Department of Health and Human Services (HHS) through December 31, 1985; and (2) the provision of \$275,000 in FY 85 funding in support of the RSSA's activities.

Discussion: Technical assistance in the integration of nutrition components with Primary Health Care delivery systems continues to be a need in developing countries. There is a growing awareness among health and nutrition planners in developing countries that there is an interaction between health and nutrition factors. In order to foster this awareness this project through a RSSA with HHS provides the impetus for the incorporation and/or strengthening of nutrition concerns to improve the health of infants and young children and pregnant and lactating women.

Technical assistance has been provided on site to Ecuador, Peru, Jamaica, Dominican Republic, Senegal, Zaire, Liberia, Thailand, Sierra Leone and India, including 2 workshops in Africa.

This project is also providing assistance for the conduct of the upcoming International Nutrition Programmers Forum to be held in August, 1985 on the subject " Nutrition and Diarrheal Disease Control" where concrete recommendations for the integration of nutrition and diarrheal disease control will be formulated.

Recommendation: That you authorize the continuation of the Nutrition Health Systems RSSA project through December 31, 1985 and the provision of \$275,000 in FY 85 funding in support of project activities by signing the attached PAF, Part II.
