ACTION MEMORANDUM FOR ACTING DIRECTOR FOR HUMAN RESOURCES  
BUREAU FOR SCIENCE AND TECHNOLOGY

FROM: S&T/ED, David Sprague *DS*  
SUBJECT: Rural Satellite Program (936-5811)

Problem: To extend the project completion date from December 31, 1986 to December 31, 1987.

Discussion: This project was initiated in 1979 to develop and assess the utility of telecommunications for educational and rural development.

The primary contractor, the Academy for Educational Development, has requested an extension in order to complete activities relating to dissemination of the results.

We strongly support project extension, in order to make possible our effective program for disseminating the results of this major R&D project.

We request your approval for extension of the project. No additional funding is required and all other conditions of the project authorization remain in force.

Recommendation: That you approve the one year extension by signing the attached PAF amendment number 3.
