ACTION MEMORANDUM FOR THE SENIOR ASSISTANT ADMINISTRATOR, BUREAU
FOR SCIENCE AND TECHNOLOGY

FROM: SCI, Dr. Howard A. Minners

SUBJECT: Project No. 936-5543, Strengthening Science and
Technology in LDCs

Problem: To increase authorized planned obligations under the
Strengthening S&T Capacity in LDCs Project (936-5543).

Discussion: Established on August 24, 1981, the Strengthening
S&T Capacity in LDCs project does not have a project paper nor a
life-of-project authorization. It has been used -- like the S&T
Bureau's Small Activity Project -- to support AID/SCI technical
assistance activities related to the Program in Science and
Technology Cooperation. It has also been a source of funding
for the AAAS Fellows program and a grant to the International
Foundation for Science.

In an action memorandum dated March 21, 1986, you increased the
planned obligations under the Strengthening S&T Capacity in LDCs
project to \$2,803,226. We propose to raise the level to
\$3,203,226. This would cover the requirements for obligations
through FY 1987 and for our estimated FY 1988 level of
\$300,000. All existing project procedures and delegations of
authority will remain in effect.

Recommendation: That you authorize an increase of \$400,000 in
planned obligations under the Strengthening S&T Capacity in LDCs
project (936-5543) bringing the new total to \$3,203,226 by
signing the attached Authorization Amendment.
