AGENCY FOR INTERNATIONAL DEVELOPMENT
WASHINGTON, D.C. 20523

ACTION MEMORANDUM FOR THE AGENCY DIRECTOR FOR FOOD AND AGRICULTURE

FROM: S&T/N, Martin J. Forman *Martin J. Forman by H. E.*

SUBJECT: Host Country Suppliers of Services
Project: Nutrition: Improvement of Maternal and
Infant Diets (931-1010)

Problem: Your approval is requested to amend the Project Authorization to permit the sub-contracting of services from selected cooperating country firms or individuals.

Discussion: The Nutrition: Improvement of Maternal and Infant Diet project was authorized in June 1979. At that time the Source/Origin of sub-contracting services was overlooked but it has recently become an issue.

One of the contractors under this project, Manoff International, requires the services of qualified cooperating country marketing experts in the conduct of its weaning practices project. The selection of host country specialists makes good sense because of their language and cultural knowledge in addition to the substantial cost savings to the USG. Manoff International, a small business competitively selected to undertake this social marketing work, cannot maintain a staff large enough to ensure expertise in each language and culture where these programs are undertaken. Furthermore, the subject contract does not provide for resident Manoff International staff in each country where activities are undertaken, so local services must be purchased to assist with the implementation and monitoring of campaigns.

For example, no U.S. based marketing firms have adequate offices or personnel to undertake the proposed marketing work in Indonesia, a country in which Manoff International plans to purchase services.

Recommendation: That you approve cooperating country origin of suppliers of services for the Nutrition: Improvement of Maternal and Infant Diet project (931-1010) by signing the attached Project Authorization.
