ACTION MEMORANDUM FOR THE AGENCY DIRECTOR FOR POPULATION,
BUREAU FOR SCIENCE AND TECHNOLOGY

FROM: S&T/POP, Sarah Clark ^{SCC}

SUBJECT: Training in Reproductive Health II, Project No. 936-3045

Action: Your approval is required for an amendment to the authorization for the Training in Reproductive Health II Project to: 1) extend the final year of obligation to FY 1991 (Block 7); and 2) indicate change in scheduled evaluations (Block 14).

Discussion:

1. The Training in Reproductive Health II Project was authorized July 26, 1986. However, the new Cooperative Agreement was not signed until May, 1987. A one-year extension is required to allow funding for the current five-year Agreement. Fiscal year 1991 funding is required to fund the final year of the current Cooperative Agreement. This will not increase the total amount authorized for the project.

2. In the spring of 1989, the decision was made to postpone a mid-term project evaluation. Recent experience in the Office has shown that mid-term evaluations occur too early in the life of a project to be truly useful and final evaluations typically occur too late. The Project will be evaluated in the spring of 1991, or Year 4, with a final report issued in time for the recommendations to be taken into consideration for a follow-on project beginning in 1992.

Recommendation: That you sign the attached Project Authorization Amendment.
