		2. Agreement No. 74-030	3. <input type="checkbox"/> Original or Revision No. 3

A. BACKGROUND

1. The Montagnards and other ethnic minority (EM) groups have traditionally lived in political, economic and social isolation from the more advanced ethnic Vietnamese. Approximately 900,000 EM are scattered over an almost totally rural area, encompassing about two-thirds of the local area of South Vietnam.

2. In 1967, the Government of Vietnam (GVN) established the Ministry for the Development of Ethnic Minorities (MDEM) to promote the interests and well-being of the Montagnards and other EM groups, who predominantly inhabit the Highland provinces of South Vietnam.

3. At the request of the GVN, the United States Government (USG) has provided assistance and support to develop the EM groups economically and socially and thereby assuring a reasonably acceptable future for the EM people in the Vietnamese society.

4. The program implementation force of MDEM is the Son Thon Rural Development (STRD) cadre. In July 1969, the United States Department of Defense (DOD) assumed responsibility for the operation and funding of the STRD cadre program. The STRD cadre program, through the assignment of trained cadre at the village and hamlet level, has provided the assistance and expertise needed to support the implementation of the 1972-1975 Four-Year Community Defense and Local Development (CDLD) Plan and the Village Self-Development (VSD) program.

5. Recent USG advisory assistance to the MDEM has centered primarily in following areas:

a. Support of the STRD cadre. Through the assignment of trained STRD caaremen at the village and hamlet level, MDEM has been able to carry out needed self development projects and self government activities in the EM villages.

b. Development and support of a wide-range of training programs for the EM people. The MDEM has coordinated with the various GVN ministries and agencies to achieve its training goals in agriculture, forestry, fishery, health, education and other sectors of the economy. The National Montagnard Training Center (NMTC) in Pleiku serves as the in-country EM training facility.

c. Support of EM refugees. As a result of the NVA invasion in the Spring of 1972, thousands of refugees were generated among the EM groups. The Ministry of Social Welfare, in coordination with MDEM, has provided support and maintained overall responsibility for the EM refugees. Financial and related support for EM refugees have been provided through the War Victims Relief and Rehabilitation Project (730-11-822-307).

B. GOAL STATEMENT

To develop a strong popular support for the GVN constitutional structure at the local level.

C. PROJECT PURPOSE

To develop at all levels within the MDEM a capability and responsiveness to fully integrate EM people into the Vietnamese society.

D. CONDITIONS EXPECTED AT THE END OF PROJECT

1. A trained and organized MDEM Saigon staff making successful contact with other GVN ministries to discuss and resolve problems of mutual interest.
2. Equitable EM representation in province government administration, especially where the EM traditionally reside.
3. Effective and responsive management of EM province services offices.
4. EM demonstrating increased support for the GVN at the village level.
5. Elected representative governments in virtually all EM villages.
6. Increased opportunities for EM to receive education, health and social welfare benefits and to improve their economic status.
7. The Ministry of Agriculture, MDEM and Highland farmers engaged in the fulfillment of the national agriculture program (i.e., Montagnards shifting from subsistence to commercial agriculture).
8. The more capable STRD cadre personnel transferred to an appropriate GVN ministry or other GVN agencies.
