LOCAL CURRENCY PROJECT AGREEMENT

BETWEEN

UNITED STATES OF AMERICA

AND

GOVERNMENT OF PAKISTAN

THIS AGREEMENT is between the Government of United States of America, Department of State, Agency for International Development (hereinafter called "USAID") and the Government of Pakistan, Economic Affairs Division (hereinafter called the "Grantee"):

WITNESSETH THAT:

WHEREAS, Section 204 of Public Law 480, as amended, authorizes the use of Title II, PL 480 funds to purchase foreign currencies accruing under Title I of P.L. 480 in order to meet costs designed to assure that commodities made available under Title II of P.L. 480 are used to carry out more effectively the purpose for which such commodities are made available or to promote community and other self-help activities designed to alleviate the causes of the need for such assistance.

  
Mian Mohammad Ashraf, Director, Mona  
Reclamation Experimental Project, WAPDA  
Project Director, GOP

  
Richard R. Newberg  
Project Advisor, USAID/Pakistan

WHEREAS, it has been determined that such assistance should be made available to the Grantee in order to meet the costs of an agreed activity designed to undertake research on improved water management practices and;

WHEREAS, it has further been determined that the assistance herein made available will supplement, but not substitute for, funds normally available for such purposes from other non-U.S. Government sources.

NOW, THEREFORE, the parties hereto mutually agree as follows:

A. USAID will:

Grant to the Grantee, pursuant to the conditions outlined herein, upto the rupee equivalent of \$132,583 to assist said Grantee to meet the costs of Grantee's Water Management Research Project (hereinafter called "agreed activity") which is attached hereto (Attachment "A") and is made and considered a part of this Agreement. These funds may be utilized during the period beginning on the effective date of this grant and ending two (2) years from said effective date and shall be limited to expenditures in the categories detailed in the budget included as Item 17 of the agreed activity.

All references to dollars in this Agreement are the U.S. dollar equivalents of local currency units calculated at Rs. 9.90 = \$1.00 U.S.

The Grantee will:

Carry out the agreed activity in accordance with and subject to the conditions of this Agreement.

SECTION II - GENERAL PROVISIONS

A. The "General Provisions" attached to this Agreement (Attachment "B") are incorporated by reference as a part of this Agreement.

B. The terms listed below, as used in the General Provisions, shall for the purpose of this Agreement, mean as follows:

"Cooperating country" shall mean "Pakistan"

"Director, A.I.D. Mission" shall mean the "Director, USAID Mission to Pakistan, c/o American Embassy, Islamabad".

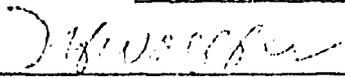

"The effective Date of this grant" shall mean the date of signing of this Agreement.

C. Exceptions to General Provisions:

The following Sections of the General Provisions (Attachment "B") do not apply to this grant:

Section I (a), (b) and (c)

Government of Pakistan

SECTION 204  
WATER MANAGEMENT RESEARCH PROJECT

1. COOPERATIVE SPONSOR

Water and Power Development Authority (WAPDA)

2. TITLE AND PURPOSE

The Water Management Research Project will consist of developing, adapting, and evaluating methods <sup>for</sup> increasing irrigation efficiency, improving water quality and increasing crop production. These methods will be adapted to the needs and resources of farmers.

Irrigation advisors will be trained to help farmers increase production through improved methods of water management.

3. LOCATION AND CONTEXT

Mona Reclamation Experiment, near Bhalwal, Punjab is an ongoing WAPDA project concerned with management of tubewell and canal water. WAPDA authorities are using senior research staff and have hired junior research staff and labor to conduct research which is of mutual interest to WAPDA and USAID. The project funded by this Agreement, while separate and discreet from the Mona Reclamation Experiment Project, is considered an integral and important element of the Government of Pakistan's total water management research effort.

4. PROJECT OBJECTIVES

- a. Determine costs and benefits of land leveling, including changes in irrigation efficiencies, crop stands, nitrogen fertilizer recovery and crop production.
- b. Develop guidelines and training systems which will allow farmers to achieve optimum production from their water, land and fertilizer resource.
- c. Develop guidelines for safe use of marginal quality waters and for amendmen.s to economically improve sub-marginal waters.
