ACTION MEMORANDUM FOR THE ASSISTANT ADMINISTRATOR, BUREAU FOR
SCIENCE AND TECHNOLOGY

FROM: S&T/POP, Duff G. Gillespie 

SUBJECT: Project Authorization Amendment for the Central
Contraceptive Procurement (936-3057) Project

PROBLEM The centrally-funded Central Contraceptive Procurement
(936-3057) Project was authorized on May 29, 1990.
Your authorization is requested to amend the project
as specified below:

- a. to increase the authorized centrally-funded LOP from
\$17,000 to \$37,000,000;
- b. to change the PACD from December 31, 1991 to
December 31, 1994;
- c. the final year of obligation is changed from 1990 to
1991;
- d. In addition to the amount authorized above, an
estimated \$115,000,000 may be contributed to the
project from other sources through buy-ins and other
participatory financing arrangements. Funding may be
provided from the Health and Child Survival accounts
as well as other accounts authorized for central
funding under this project.

DISCUSSION: The S&T Central Contraceptive Procurement project
which initially had a PACD of December 31, 1993 requires annual
amendment of its authorization by AA/S&T. An amendment is therefore
required to implement the most recent funds to be transferred to the
Central Contraceptive Procurement project.

Life-of-Project (LOP) funding also requires amendment of the
beginning of each FY to include the accepted OYB transfers for the
current fiscal year. An amendment of the 936-3057 LOP is necessary
for the A.I.D. OYB/allotment process.

RECOMMENDATION: That you sign the attached Project Amendment
Number 1.
