ACTION MEMORANDUM FOR THE AGENCY DIRECTOR FOR HUMAN RESOURCES

FROM: S&T/RD, Eric Chetwynd, Jr. *EC*

SUBJECT: Project Authorization Amendment for the Forestry/Fuelwood Research and Development (F/FRED) project (936-5547)

Problem: Your approval is requested to amend the Forestry/Fuelwood Research and Development (F/FRED) project to approve the use of the Development Fund for Africa account for obligation of core funds.

Discussion: The Africa Bureau has traditionally provided financial support to the project through add-ons to the grant agreement with Winrock International. Recently, however, the Africa Bureau requested that we accept an OYB transfer in the amount of \$400,000 to fund a proposal submitted by ICRAF.

The proposals from ICRAF request support for funding for institutional support and for research on the impact of research projects in specific African countries. This proposal will require funding through 1995 (the current PACD of the F/FRED project).

Because neither we nor the Africa Bureau anticipated an OYB transfer this year, we need to take several actions to accept and obligate the DFA money. Your approval to use the DFA account for obligation of core funds will be required. We will also have to do a Congressional Notification (CN) to indicate the use of DFA funds for this project.

Recommendation: That you sign the attached Project Authorization Amendment.
