AGENCY FOR INTERNATIONAL DEVELOPMENT

ECONOMIC ASSISTANCE

FOREWARD

This report includes only A.I.D.'s allotment, obligation and disbursement activities for the current fiscal year. Prior year unliquidated obligations were brought forward as current year allotments and obligations. If cumulative A.I.D. figures are required, they may be developed by combining this report with the preceding September 30 Country Financial Report. Cumulative figures pertaining to A.I.D. and predecessor agencies may be developed by referring to the I.C.A. Financial Activity Report (W-237) as of June 30, 1961.

This report covers activities of the Agency for International Development under funds transferred from the Foreign Assistance Program Master accounts to A.I.D. "Symbol 72" accounts, and includes the activities reported by agencies participating in the Foreign Assistance Program under reimbursement agreements with A.I.D. The activities of the participating agencies include only those expenditures reported and processed through the records of A.I.D. as of the reporting period covered by this report.

This report is designed to show by country within geographic regions all A.I.D. financial activity directly pertaining to each country. The country pages represent economic assistance within the country program in major categories identified as program assistance, capital assistance and technical assistance. Administrative data is shown following the country program total. All fiscal data is shown by appropriation. Allotments for program assistance are recorded in total in the pages for Regional Projects. When the region obligates program assistance funds for a specific country this activity is repeated on the country page and included in the country page total but not duplicated in the regional summary totals.

Allotments for Inter-Regional and Special Programs not considered to be part of a country program are shown in separate sections of this report and activity is identified by appropriation, country, and purpose.

Effort has been made to make this report as usable as possible by printing out appropriation identification, major categories of assistance, purpose titles and the numeric allotment identification.
