Allotment No. 494-38-099-00-84-41

Appropriation No. 72-1141013

APPENDIX A
SPECIAL PROVISIONS

ARTICLE I - PURPOSE OF GRANT

1. Under Section 214 of the Foreign Assistance Act of 1961, as amended, the United States Government is authorized to provide assistance to hospitals located outside the United States, founded or sponsored by United States citizens and serving as centers for medical education and research.

2. Grantee is a non-profit corporation established under the laws of New York State for the purpose of sponsoring and assisting the Ludhiana Christian Medical College and Brown Memorial Hospital in the Punjab State, India.

3. The College was established by U.S. citizens in 1884 as the first medical school for women in Asia. Grantee's sponsorship commenced in 1906. The institution became co-educational in 1952 and added a College of Nursing seven years ago. A new hospital was completed in 1954, bringing the capacity to 700 beds. The institution serves as a teaching facility for over 600 students in medical training programs. ASHA previously helped build staff quarters for interns and residents, as well as classrooms and laboratories.

4. The present medical college building was built early in this century and is now structurally unsound. Grantee has requested assistance to construct an addition for the new academic building for joint use by the medical and nursing staff. A.I.D. has determined that \$500,000 should be granted for this purpose.

ARTICLE II - AUTHORIZED EXPENDITURES

Except as otherwise approved by A.I.D. in writing, the \$500,000 provided by this grant shall be expended as follows:

Procurement of architectural and engineering services, construction services and commodities to construct and equip a new academic building totalling approximately 35,000 square feet.

ARTICLE III - OTHER SPECIAL PROVISIONS

1. Review of Architectural-Engineering Work

In addition to the requirements of Appendix B (2), Grantee shall submit architectural plans, specifications and an updated cost estimate for A.I.D. review at approximately the 25 to 30% level of design completion.

2. Conversion of Grant Funds

Conversion of dollars herein granted to meet rupee costs shall be made in accordance with the provisions and requirements of the U.S. Disbursing Office, India.

3. No funds provided by this grant shall be used to pay any value added tax, import tax, or customs duty on commodities imported to India for this project.

4. Costs of commodity related services, such as shipping, insurance, and installation, are allowable under the grant.

5. Prior to the disbursement of grant funds, Grantee shall provide A.I.D. with a copy of the "no objection" letter from the Government of India.

PROCUREMENT OF PROFESSIONAL SERVICES

A. Definition; Place of Procurement

Professional services refer to architectural-engineering, management and other consultant services. Professional services are to be procured in the United States or in the country in which Grantee's institution is located, except as otherwise specified in Appendix A, Special Provisions.

B. Method of Procurement

1. Selection of Professional Services Firm

When professional services are to be financed by AID, the following procedures shall apply:

(a) For procurement of services in the United States, Grantee shall obtain proposals from as many firms as practicable. For work estimated to cost over \$50,000, Grantee shall, as part of its effort to obtain proposals, prepare a notice describing the project and services involved for submission to AID for publication in Commerce Business Daily of the United States Department of Commerce.

(b) For procurement of services in the country in which Grantee is located, Grantee shall obtain expressions of interest and proposals from firms in accordance with local law and practice. Grantee shall negotiate a proposed contract with the firm Grantee determines to be best qualified, taking into account cost and quality of technical proposal.

2. Qualifications and Contract

Whether or not professional services are to be financed by AID, Grantee shall submit to AID the names of the firms from whom Grantee obtained proposals and the reasons for selecting the firm chosen. The qualifications of the firm selected shall be submitted to AID for

approval on SF 254, Architect-Engineer and Related Services
Questionnaire, or SF 255, Architect-Engineer and Related Services
Questionnaire for Specific Project, as appropriate.

The proposed contract for professional services is subject to written AID approval and shall be submitted to AID for approval of the scope of work, adherence to good contracting practice, and, if financed by AID, reasonableness of price. No grant funds may be disbursed for professional services prior to written approval of the award and the contract by AID.

PROCUREMENT OF CONSTRUCTION SERVICES

A. General

Construction services shall be procured competitively, in a manner to ensure award of a contract to that qualified and responsive bidder offering the lowest price. Construction services shall be procured under a fixed or unit price contract except as AID may otherwise approve in writing.

B. Place of Procurement

Construction services may be procured from a firm in the country in which Grantee's institution is located unless otherwise specified in Appendix A, Special Provisions.

C. Method of Procurement

1. Selection of Firms to Bid

Grantee shall prepare a synopsis describing its project for use in soliciting the interest of construction firms to bid in accordance with local law and practice. Grantee shall obtain qualifying information necessary to determine that interested firms have satisfactory experience on projects of similar kind and size, adequate financial capacity, necessary manpower and equipment, and any specialized qualification. Grantee shall then determine those firms it considers qualified to bid.

2. AID Approval Prior to Bidding

Prior to issuance of its Invitation for Bids (IFB), Grantee's bid package shall be submitted to AID for approval. The submission shall include three copies of the following:

- (a) the notice and instruction to bidders (3 copies)
- (b) the bid form, including the bid-price schedule if bidding is for a unit price contract (3 copies)
- (c) the proposed contract (3 copies)
- (d) the plans, drawings and specifications (1 set)
- (e) other documents and information included in the IFB (3 copies).

3. AID Approval Prior to Construction

Following the bidding, the Grantee shall submit to AID three copies of (1) a tabulation and analysis of the bids received, together with the architect's recommendations and the qualifications of the bidder with whom the Grantee proposes contracting, and (2) a contract with the lowest qualified and responsive bidder, which contract shall be made subject to AID approval of the award and contract. Grantee shall not issue a notice to proceed with construction, nor may grant funds be disbursed for construction, prior to written approval of the award and contract by AID.

D. Marking Requirements

An appropriate sign, readable at a reasonable distance, shall be displayed at the construction site indicating that the facility being constructed is financed by AID. Upon completion of construction, a durable metal plaque shall be affixed to the facility giving due credit to the American people for providing the resources to construct the facility. The form of and wording for the plaque shall be submitted to AID for approval.

PROCUREMENT OF COMMODITIES

Paragraphs A through H apply to procurement of commodities and commodity related services by the Grantee and any Grantee procurement agent. When AID is financing a fixed or unit price contract of the Grantee for construction services, paragraphs A and B, but not paragraphs C through H, will apply.

A. Place of Procurement

Commodities authorized for procurement shall be procured only in the United States, or in the country in which Grantee's institution is located (except as Appendix A. Special Provisions, limits procurement to the United States only).

1. Procurement in the United States

Commodities procured in the United States shall have been produced in the United States. A commodity shall not be eligible as being produced in the United States if

- (a) more than 50 percent of the total cost of its components were imported into the United States, and
- (b) it contains components from any communist country, excluding Yugoslavia.

2. Procurement in the Country in which Grantee's Institution is Located

- (a) shall not have entered the market on order from, or otherwise to satisfy a specific need of, the Grantee, except commodities produced in the United States, and
- (b) shall not have been produced in, nor -- to the best of Grantee's knowledge or the knowledge of any agent or contractor of the Grantee -- contain components from, any communist country, excluding Yugoslavia.

B. U.S. Carriers

Shipment of commodities from the United States shall be on U.S. flag carriers except as otherwise approved by AID.

C. Quotations and Bids

Procurement shall be made in accordance with Grantee's regular methods of procurement, provided Grantee employs good business practices which, except as permitted by paragraph D below, shall include:

1. Obtaining quotations or bids, as appropriate, from as many alternative sources as may be feasible, and
2. Procurement at the lowest price except as extenuating circumstances or non-responsive bids otherwise dictate.

D. Proprietary Procurement

Proprietary procurement, i.e., procurement from a single source and without obtaining quotations or bids from other manufacturers or suppliers, is hereby authorized (1) to assure compatibility or standardization with existing commodities, (2) when special design requirements are needed and available only from a single source, (3) when a specific commodity has proven to be most economical, dependable or serviceable under local conditions, and (4) when a specific commodity has a sole manufacturer or supplier. Any decision by Grantee to procure a commodity on a proprietary basis shall be documented pursuant to paragraph E below, except for procurement of spare parts and components for existing commodities which may be undertaken on a proprietary basis without the documentation required in paragraph E below.

E. Notification to AID

Any decision by Grantee to procure a commodity (1) at other than the lowest price offered or (2) on a proprietary basis (except for spare parts and components for existing commodities) shall be supported by a statement setting for the reason(s) and the name(s) of the person(s) deciding that such procurement was advisable and necessary. Statements

substantiating the above kinds of action shall be included in Grantee's record and furnished to AID when the procurement is undertaken.

F. AID Financed Export Opportunities Bulletin

For commodities costing \$25,000 or more to be procured from the United States, Grantee shall prepare and submit to AID notice(s) of prospective procurement for publication in the AID Export Opportunities Bulletin. Each notice shall (1) describe generically the commodities to be procured, (2) provide an address in the United States where more detailed information may be obtained by interested parties, and (3) state that procurement will begin 45 days (or such later date as Grantee may desire) after publication of notice.

G. Marking Requirements

The Grantee shall insure that all major commodities financed under this grant are marked with the official AID ("clasped hands") emblem, except as AID may otherwise approve in writing.

H. Procurement Documentation

Grantee's records shall include copies of all solicitations made for bids or quotations for commodities procured under this grant; all quotations or bids received; suppliers commercial invoices; and, as applicable, other pertinent documents related to procurement, e.g., bills of lading or other evidence of shipment, including insurance; sales and service contracts or agreements; and Grantee's documentation for proprietary procurement and procurement at other than the lowest price pursuant to paragraph E above.

DISBURSEMENT PROCEDURES

Periodic or Prescheduled Advances

Prescheduled advances are intended for grant financed activities when costs cannot be met by grant recipients on a reimbursement for expenses basis, e.g., construction and major equipment procurement projects.

A. Procedures for Requesting Disbursement

1. Upon request from the Grantee, AID will make prescheduled advances to meet Grantee's cash disbursement needs for maximum periods of three months. However, Grantee's requests must reflect each month's requirements and funds will be disbursed to the Grantee on a monthly basis only.

2. To obtain such advances, the Grantee shall submit to AID Standard Form 270, "Request for Advance or Reimbursement" (a sample copy of SF 270 is attached). An original and three copies of a properly completed SF 270 shall be submitted to the Office of Financial Management (FM/PAD), Agency for International Development, Washington, D.C., 20523. To ensure timely response, the request should be received by AID not later than the 10th working day of the month prior to the month for which an advance disbursement is requested.

3. Any reduction or increase in any month's requirements for which an advance of funds is requested shall be promptly called to AID's attention by submission of a revised SF 270 clearly marked "REVISION."

4. In the event that funds disbursed to Grantee for any month exceed Grantee's requirements, funds in excess of requirements for that month shall be promptly refunded to AID.

B. Financial Reporting Requirements

Each quarter, and within 15 working days after the end of the reporting period, the Grantee shall submit to the Office of Financial Management (FM/PAD), Agency for International Development, Washington, D.C., 20523, an original and 2 copies of SF 269 "Financial Status Report."

C. Special Bank Account

Until advance payments made hereunder are liquidated, the advance payment and all other payments under this grant shall be deposited by the Grantee in a special bank account separate from the Grantee's general or other funds. A separate account number shall be assigned by the Grantee for operation of this grant, and all requests and disbursements shall be recorded thereunder by the Grantee in such manner that it will be possible to ascertain the nature of the withdrawal and the balance of the advance payment account at any time. The records thereof shall be preserved and be subject to inspection and audit in accordance with applicable provisions of this grant.

D. Conversion of Dollars to Local Currency

Unless prohibited by Appendix A,* Grantee is authorized to convert United States dollars to local currency. Such conversions shall be made under arrangements approved in writing by a United States Disbursing Officer (U.S.D.O.) at the AID Mission, American Embassy, or Consulate in the country where Grantee's institution is located. Such conversions may be handled by the U.S.D.O. directly or through commercial banking channels depending on the circumstances in each country.

If Grantee institution is located in an excess or near-excess country, Appendix A will prohibit conversion except through a U.S. Disbursing Office.

E. Restriction on Interest

Interest earned on all or any part of the funds disbursed under this grant, whether dollars or dollars converted to local currency, shall be refunded to AID in dollars.

F. Additional Documentation

AID is authorized to require the submission of additional documentation necessary to support the authorized expenditures charged by the Grantee to this grant.

ADMINISTRATIVE AND OTHER PROVISIONS

A. Reports to Office of American Schools and Hospitals Abroad

As a condition of accepting this grant, Grantee agrees to keep the Office of American Schools and Hospitals Abroad (ASHA) informed of its activities toward accomplishing the purposes of this grant as well as its successes and problems as an American founded or sponsored institution overseas. To this end, Grantee agrees, pursuant to the provisions set forth below, to submit to ASHA

- quarterly reports of grant expenditures,
- quarterly progress reports on capital improvements, and
- an annual institutional report.

Grantee should bear in mind that failure to submit the reports enumerated above could lead to suspension of disbursement of funds by A.I.D.

1. Quarterly Report of Grant Expenditures*

Grantee shall submit to ASHA a quarterly report of grant expenditures as illustrated in the attached format, (See Attachment A). Two copies of this report shall be submitted within 15 days following the end of each quarter of the calendar year, until the (1) expiration date of the grant, (2) total expenditure of grant funds, (3) completion of the purpose of the grant, or (4) termination of the grant, whichever is earliest. This report is separate from and additional to expenditure reports submitted with disbursement vouchers prepared pursuant to the Disbursement Provisions of this grant.

2. Quarterly Progress Report on Capital Improvements

If the Special Provisions of this Grant (Appendix A) provide

* Standard Form 269 acceptable for submission of Quarterly Report which is due even if no grant disbursements were made during the quarter.

funding for construction, commodity procurement or other capital improvements, Grantee shall submit two copies of a progress report within 15 days following the end of each quarter of the calendar year. The reports should include the following information and may be consolidated into one quarterly report, as applicable.

a) Construction Progress
