Grant No. AID/asha 334

Project No. 938-1330-3845020

Allotment No. 494-38-099-00-84-41

Appropriation No. 72-1141013

APPENDIX A  
SPECIAL PROVISIONS

ARTICLE I - PURPOSE OF THE GRANT

1. Under Section 214 of the Foreign Assistance Act of 1961, as amended, assistance is authorized to schools outside the United States, founded or sponsored by United States citizens and serving as study and demonstration centers for ideas and practices of the United States.

2. Grantee, a non-profit corporation organized and existing under the laws of the State of New York, established the Kfar Silver School in 1955. Originally founded as an agricultural high school, Kfar Silver has evolved into an academic and technical high school with an enrollment of over 700 students. Students are trained in automotive technology, aircraft maintenance, electronics instrumentation control and practical nursing.

3. Because of the school's increasing enrollment, Grantee has undertaken to expand its present facilities. Included is the construction of technical and scientific laboratories at an estimated cost of \$700,000.

4. For Fiscal Year 1984, Grantee has requested assistance for its development program. A.I.D. has determined that \$200,000 should be provided to help construct the new central laboratory building.

ARTICLE II - AUTHORIZED EXPENDITURES

Except as otherwise approved by A.I.D. in writing, the \$200,000 provided by this grant shall be used only for the following:

Procurement of construction services and commodities to meet a portion of the costs of a central laboratory building for physics, chemistry, biology, and technological training at the Kfar Silver School. Costs of commodity related services, such as shipping, insurance and installation, are allowable under the grant.

ARTICLE III - OTHER SPECIAL PROVISIONS

1. Additional Cost

Grantee agrees that the costs of constructing and equipping the new central laboratory building in excess of the amount provided by this grant will be provided from sources other than the Government of the United States of America.

2. Prohibition on Foreign Taxes

Funds provided by this grant shall not be used to pay any value added tax, import tax or duty on commodities imported to Israel for this project.

PROCUREMENT OF CONSTRUCTION SERVICES

A. General

Construction services shall be procured competitively, in a manner to ensure award of a contract to that qualified and responsive bidder offering the lowest price. Construction services shall be procured under a fixed or unit price contract except as AID may otherwise approve in writing.

B. Place of Procurement

Construction services may be procured from a firm in the country in which Grantee's institution is located unless otherwise specified in Appendix A, Special Provisions.

C. Method of Procurement

1. Selection of Firms to Bid

Grantee shall prepare a synopsis describing its project for use in soliciting the interest of construction firms to bid in accordance with local law and practice. Grantee shall obtain qualifying information necessary to determine that interested firms have satisfactory experience on projects of similar kind and size, adequate financial capacity, necessary manpower and equipment, and any specialized qualification. Grantee shall then determine those firms it considers qualified to bid.

2. AID Approval Prior to Bidding

Prior to issuance of its Invitation for Bids (IFB), Grantee's bid package shall be submitted to AID for approval. The submission shall include three copies of the following:

- (a) the notice and instruction to bidders (3 copies)
- (b) the bid form, including the bid-price schedule if bidding is for a unit price contract (3 copies)
- (c) the proposed contract (3 copies)
- (d) the plans, drawings and specifications (1 set)
- (e) other documents and information included in the IFB (3 copies).

3. AID Approval Prior to Construction

Following the bidding, the Grantee shall submit to AID three copies of (1) a tabulation and analysis of the bids received, together with the architect's recommendations and the qualifications of the bidder with whom the Grantee proposes contracting, and (2) a contract with the lowest qualified and responsive bidder, which contract shall be made subject to AID approval of the award and contract. Grantee shall not issue a notice to proceed with construction, nor may grant funds be disbursed for construction, prior to written approval of the award and contract by AID.

D. Marking Requirements

An appropriate sign, readable at a reasonable distance, shall be displayed at the construction site indicating that the facility being constructed is financed by AID. Upon completion of construction, a durable metal plaque shall be affixed to the facility giving due credit to the American people for providing the resources to construct the facility. The form of and wording for the plaque shall be submitted to AID for approval.

## PROCUREMENT OF COMMODITIES

Paragraphs A through H apply to procurement of commodities and commodity related services by the Grantee and any Grantee procurement agent. When AID is financing a fixed or unit price contract of the Grantee for construction services, paragraphs A and B, but not paragraphs C through H, will apply.

### A. Place of Procurement

Commodities authorized for procurement shall be procured only in the United States, or in the country in which Grantee's institution is located (except as Appendix A. Special Provisions, limits procurement to the United States only).

#### 1. Procurement in the United States

Commodities procured in the United States shall have been produced in the United States. A commodity shall not be eligible as being produced in the United States if

- (a) more than 50 percent of the total cost of its components were imported into the United States, and
- (b) it contains components from any communist country, excluding Yugoslavia.

#### 2. Procurement in the Country in which Grantee's Institution is Located

- (a) shall not have entered the market on order from, or otherwise to satisfy a specific need of, the Grantee, except commodities produced in the United States, and
- (b) shall not have been produced in, nor -- to the best of Grantee's knowledge or the knowledge of any agent or contractor of the Grantee -- contain components from, any communist country, excluding Yugoslavia.

### B. U.S. Carriers

Shipment of commodities from the United States shall be on U.S. flag carriers except as otherwise approved by AID.

C. Quotations and Bids

Procurement shall be made in accordance with Grantee's regular methods of procurement, provided Grantee employs good business practices which, except as permitted by paragraph D below, shall include:

1. Obtaining quotations or bids, as appropriate, from as many alternative sources as may be feasible, and
2. Procurement at the lowest price except as extenuating circumstances or non-responsive bids otherwise dictate.

D. Proprietary Procurement

Proprietary procurement, i.e., procurement from a single source and without obtaining quotations or bids from other manufacturers or suppliers, is hereby authorized (1) to assure compatibility or standardization with existing commodities, (2) when special design requirements are needed and available only from a single source, (3) when a specific commodity has proven to be most economical, dependable or serviceable under local conditions, and (4) when a specific commodity has a sole manufacturer or supplier. Any decision by Grantee to procure a commodity on a proprietary basis shall be documented pursuant to paragraph E below, except for procurement of spare parts and components for existing commodities which may be undertaken on a proprietary basis without the documentation required in paragraph E below.

E. Notification to AID

Any decision by Grantee to procure a commodity (1) at other than the lowest price offered or (2) on a proprietary basis (except for spare parts and components for existing commodities) shall be supported by a statement setting forth the reason(s) and the name(s) of the person(s) deciding that such procurement was advisable and necessary. Statements

substantiating the above kinds of action shall be included in Grantee's record and furnished to AID when the procurement is undertaken.

F. AID Financed Export Opportunities Bulletin

For commodities costing \$25,000 or more to be procured from the United States, Grantee shall prepare and submit to AID notice(s) of prospective procurement for publication in the AID Export Opportunities Bulletin. Each notice shall (1) describe generically the commodities to be procured, (2) provide an address in the United States where more detailed information may be obtained by interested parties, and (3) state that procurement will begin 45 days (or such later date as Grantee may desire) after publication of notice.

G. Marking Requirements

The Grantee shall insure that all major commodities financed under this grant are marked with the official AID ("clasped hands") emblem, except as AID may otherwise approve in writing.

H. Procurement Documentation

Grantee's records shall include copies of all solicitations made for bids or quotations for commodities procured under this grant; all quotations or bids received; suppliers commercial invoices; and, as applicable, other pertinent documents related to procurement, e.g., bills of lading or other evidence of shipment, including insurance; sales and service contracts or agreements; and Grantee's documentation for proprietary procurement and procurement at other than the lowest price pursuant to paragraph E above.

## DISBURSEMENT PROCEDURES

### Disbursement for Actual and Accrued Expenses

Except as otherwise provided in Appendix A, Special Provisions, or by AID in writing, the disbursement of grant funds shall be in accordance with the following terms and procedures.

#### A. Disbursement Terms

##### 1. Disbursement for Actual and Accrued Costs

Funds shall be disbursed to the Grantee for actual and accrued United States dollar and local currency expenses as authorized in Appendix A of this grant.

##### 2. Accrued Costs

Any accrual of costs by the Grantee for which disbursement is requested pursuant to paragraph B, below, shall be undertaken in accordance with the following guidelines. Accruing costs permits Grantee to request disbursement for expenses incurred for a given period although such expenses may not have been actually paid in cash. As applicable, costs of professional services and/or construction services shall be considered to accrue as a contractor performs his work and materials are delivered to the work site, irrespective of whether the contractor has submitted his bill for such services and/or materials. Accordingly, the cost of work performed and/or materials delivered may be estimated and Grantee may request disbursement by AID for such accrued costs. Any "first payment" provision or construction "start-up costs" provided for in a contract, and within the authorized expenditures of the grant, shall be considered to accrue upon AID's approval of the contract.

Expenditures for commodities, including books and periodicals, shall be considered to accrue upon delivery of the commodities, or receipt of the bill, whichever is earliest. For commodities procured in the United States, delivery occurs when Grantee, or Grantee's contractor, takes title, typically in the U.S. when the commodities are delivered for shipment overseas.

3. Conversion of Dollars to Local Currency

Grantee is authorized to convert United States dollars to local currency. Such conversions shall be made by, or under arrangements and at rates approved by, a United States Disbursing Officer at the AID Mission, American Embassy, or Consulate in the country where Grantee's institution is located.

4. Restriction on Interest

Interest earned on all or any part of the funds disbursed under this grant, whether dollars or dollars converted to local currency, shall be refunded to AID.

5. Records of Grant Financed Expenditures

Grantee's records and books of account shall be maintained in such a manner that expenditures financed by this grant may be readily identified.

B. Method of Disbursement

1. Requesting Payment

To obtain disbursement for authorized expenditures, the Grantee or his authorized agent shall request payment, typically not more frequently than once each month, from the AID Mission Controller or, if there is no AID Mission in the country where Grantee's institution is located, from the American Embassy. Requests for payment shall include the documentation (voucher, expenditure report and certification) set forth below.

2. All payments under this grant shall be deposited by the Grantee in a special bank account separate from the Grantee's general or other funds. A separate account number shall be assigned by the Grantee for operation of this grant, and all requests and disbursements shall be recorded thereunder by the Grantee in such manner that it will be possible to ascertain the nature of the withdrawal and the balance of the account at any time. The records thereof shall be preserved and be subject to inspection and audit in accordance with applicable provisions of this grant.

3. Voucher

Grantee shall submit Voucher Form 1034 (original) and three copies of SF 1034 (a), properly executed, to show the amount of expenditures during the period for which disbursement is requested.

4. Expenditure Report

All vouchers submitted under this grant shall be supported by an original and three copies of an expenditure report as follows:

Expenditure Report

<u>Authorized Expenditures</u>	<u>Authorized Amount</u>	<u>Total Expenditures</u> <u>To Date</u>	<u>This Period</u>
(Describe authorized expenditures as set forth in Appendix A)	(As applicable, insert grant amount allocated for authorized expenditures)		

5. Certification

Each request for disbursement of grant funds shall include a certification signed by an authorized representative of the Grantee as follows:

"The undersigned hereby certifies (1) that the payment of the sum claimed under this voucher is proper and due under the terms of the grant; and (2) that the information contained in the expenditure report is true and correct."

6. Final Payment

For final payment under this grant, Grantee shall submit Voucher Form 1034 (original) and three copies of Voucher Form 1034 (a), marked "FINAL VOUCHER," together with the expenditure report and certification described above not later than 90 days after the expiration of this grant or such other period as may be approved in writing by AID.

7. Additional Documentation

AID may request the submission of additional documentation to that required above to support authorized expenditures charged by the Grantee to this grant.

ADMINISTRATIVE AND OTHER PROVISIONS

A. Reports to Office of American Schools and Hospitals Abroad

As a condition of accepting this grant, Grantee agrees to keep the Office of American Schools and Hospitals Abroad (ASHA) informed of its activities toward accomplishing the purposes of this grant as well as its successes and problems as an American founded or sponsored institution overseas. To this end, Grantee agrees, pursuant to the provisions set forth below, to submit to ASHA

- quarterly reports of grant expenditures,
- quarterly progress reports on capital improvements, and
- an annual institutions report.

Grantee should bear in mind that failure to submit the reports enumerated above could lead to suspension of disbursement of funds by AID.

1. Quarterly Report of Grant Expenditures\*

Grantee shall submit to ASHA a quarterly report of grant expenditures as illustrated in the attached format (see Attachment A). Two copies of this report shall be submitted within 15 days following the end of each quarter of the calendar year, until the (1) expiration date of the grant, (2) total expenditure of grant funds, (3) completion of the purpose of the grant, or (4) termination of the grant, whichever is earliest. This report is separate from and additional to expenditure reports submitted with disbursement vouchers prepared pursuant to the Disbursement Provisions of this grant.

Standard Form 269 acceptable for submission of Quarterly Report which is due even if no grant disbursements were made during the quarter.

## 2. Quarterly Progress Report on Capital Improvements

If the Special Provisions of this grant (Appendix A) provide funding for construction, commodity procurement or other capital improvements, Grantee shall submit two copies of a progress report within 15 days following the end of each quarter of the calendar year. The reports should include the following information and may be consolidated into one quarterly report, as applicable.

### a) Construction Progress

The status of planning, contracting, construction, and related procurement by a fixed or unit price contractor should be reported in full. Each report should show the percentage of completion of each major segment of work, e.g., final architectural-engineering planning, excavation, structural work, mechanical work, electrical work, etc., and should indicate how the rate of work compares with the progress schedule adopted at the inception of the project. The progress schedule should be included in each report, along with any revisions made in the schedule and the reasons for such revisions. As applicable, one or more photographs should be included showing the work in progress. The report should include a statement of utilization of funds for the project and should separately identify both grant funds and any other funds financing the project, as applicable. The report should inform ASHA of any current or potential problems affecting the character and progress of the work and steps taken, or which are to be taken, to resolve them.

### b) Commodity Procurement

Commodity procurement undertaken during the reporting period by the Grantee or Grantee's procurement agency, excluding procurement undertaken by a fixed or unit price construction contractor, should be reported as follows:

<u>Description and Amount of Commodities Procured</u>	<u>Price</u>	<u>Number of Quotations/Bids*</u>	<u>Lowest Price (yes, no)</u>	<u>Place of Purchase (U.S., local country)</u>
---	--------------	-----------------------------------	-------------------------------	--

Indicate any proprietary procurement with a "P" (see the grant provisions relating to Procurement of Commodities for information regarding proprietary procurement).

3. Annual Institutional Report

Grantee shall submit an Annual Institutional Report informing ASHA of significant activities, accomplishments, problems, plans for the future, and the contribution this grant is making to Grantee's educational and/or medical endeavors. The report should cover the goals of the institution as well as the assumption on which the goals are based; changes, improvements or setbacks in the academic or medical programs; local and international developments or trends affecting operations; administration; staffing; budget and finance. Three copies of the report should be submitted to ASHA for each 12 month period, covered in whole or part by the term of the grant, at such times as is most relevant in terms of Grantee's academic or fiscal year.

B. Records and Books of Account - Right of Inspection

The Grantee shall keep full and complete records and books of account, in accordance with generally accepted accounting principles, covering financial details applicable to this grant. AID and the Comptroller General of the United States, or any of their authorized representatives, shall have the right to examine, audit and copy, at all reasonable times, all such records and books of account, and all other documents or reports, pertaining to the grant. All such books and records shall be maintained by Grantee for at least three years after the date of the last disbursement by AID.

C. Reimbursement to AID

a) In the case of any disbursement which is not supported by valid documentation in accordance with this agreement, or which is not made or used in accordance with this agreement, or which was for goods or services not used in accordance with this agreement, AID, notwithstanding the availability or exercise of any other remedies under this agreement, may require the Grantee to refund the amount of such disbursement in U.S. dollars to AID within sixty (60) days after receipt of a request therefor.

b) If the failure of Grantee to comply with any of its obligations under this agreement has the result that goods or services financed under the grant are not used effectively in accordance with this agreement, AID may require the Grantee to refund all or any part of the amount of the disbursements under this agreement for such goods or services in U.S. dollars to AID within sixty days after receipt of a request therefor.

c) The right under subsection (a) or (b) to require a refund of a disbursement will continue, notwithstanding any other provision of this agreement, for three years from the date of the last disbursement under this agreement.

c) (1) Any refund under subsection (a) or (b), or (2) any refund to AID from a contractor, supplier, bank or other third party with respect to goods or services financed under the grant, which refund relates to an unreasonable price for or erroneous invoicing of goods or services, or to goods that did not conform to specifications, or to services that were inadequate, will (A) be made available first for the cost of goods and services required for the project, to the extent justified, and (B) the remainder, if any, will be applied to reduce the amount of the grant.

D. Non-Liability

AID disclaims all liability with respect to any claims arising out of or connected with activities supported by this grant.

E. Equal Opportunity

Grantee's employment practices with regard to U.S. nationals shall provide equality of opportunity without regard to race, religion, sex, color or national origin. Further, in the carrying out of its educational and/or medical program, Grantee agrees that no person shall, on the grounds of race, religion, sex, color or national origin, be excluded from participation, be denied benefits, or be otherwise subject to discrimination.

The above shall not be construed to require enrollment of students of both sexes at an educational institution enrolling boys or girls only.

F. Covenant Against Contingent Fees

The Grantee warrants that no person or selling agent has been employed or retained to solicit or secure this grant upon agreement or understanding for a commission, percentage, brokerage, or contingent fee. For breach or violation of this warranty, AID shall have the right to cancel this grant without liability or, in its discretion, to deduct from the grant amount, or otherwise recover, the full amount of each commission, percentage, brokerage, or contingent fee.

G. Officials Not to Benefit

No member or delegate to the Congress or resident commissioner shall be admitted to any share or part of this grant or to any benefit that may arise therefrom.

H. Termination

AID may revoke this grant at any time for the convenience of the United States Government by giving written notice to such effect to the Grantee. Upon receipt of and in accordance with such notice, Grantee shall take appropriate action to minimize all expenditures and cancel outstanding obligations financed by this grant wherever possible. Grantee shall be reimbursed for all obligations incurred prior to the date of termination which have not been cancelled and which it has made in accordance with the provisions of this grant. Grantee shall refund to AID any unexpended and/or non-obligated portion of the funds which have been disbursed to the Grantee by AID within ninety (90) days after the termination of this grant. In addition, upon such termination AID may, at AID's expense, direct that title to goods financed under the grant be transferred to AID if the goods are from a source outside the country in which Grantee's institution is located, are in a deliverable state and have not been offloaded in ports of entry of the country in which Grantee's institution is located.

I. Notices

For agreements pertaining to several Catalog of Federal Domestic Assistance programs that do not require a further functional or activity classification breakdown, enter under columns (a) through (f) the title of the program. For grants or other assistance agreements containing multiple programs where one or more programs require a further breakdown by function or activity, use a separate form for each program showing the applicable functions or activities in the separate columns. For grants or other assistance agreements containing several functions or activities which are funded from several programs, prepare a separate form for each activity or function when requested by the Federal sponsoring agency.	10j	Enter the Federal share of unliquidated obligations shown on line h.
