THE PHILIPPINES AND PAPUA NEW GUINEA:
A SELECT BIBLIOGRAPHY OF FISH PRESERVATION AND NUTRITIONAL PROBLEMS

PREPARED FOR THE PEACE CORPS TRAINEES IN FISHERIES DEVELOPMENT
UNIVERSITY OF RHODE ISLAND
SUMMER 1981

COMPILED BY

SHARON FAY
INTERNATIONAL CENTER FOR MARINE RESOURCE DEVELOPMENT
UNIVERSITY OF RHODE ISLAND
KINGSTON, RHODE ISLAND
AUGUST, 1981

The main purpose of this bibliography is to aid Peace Corps volunteers and their instructors in finding useful information relevant to the Philippines and Papua New Guinea. The citations included were carefully selected and only those documents which proved to be of practical use to the trainees and their instructors were cited.

The process of searching out materials was aided by the use of the following indices and abstracts:

A.I.D. Research and Development Abstracts. Volume 5 #1 - Volume 9 #1.
Aquatic Sciences and Fisheries Information Service. 1980 and 1981.
Development Index. 28 March - May 1981.
FAO Documentation. 1980 and 1981.
Food Science and Technology Abstracts. 1979 and 1980.
International Bibliography, Information, Documentation. March 1973 -
Summer 1980.
New Books. February 1980 - May 1981.

It should be noted that this bibliography includes only those items that are available in or through the International Center for Marine Resource Development Library. It is meant to be the first step in researching fish preservation for the given areas: it is by no means an official or exhaustive collection.

With the given purpose, it is hoped that you find this document of use.
