ICRAF PUBLICATIONS

This is a list of publications produced by ICRAF staff (past and present) on the subject of agroforestry and/or ICRAF. Copies of these are available from ICRAF (unless they are out of print) according to the following conditions.

A reasonable number of copies can be made freely available to recipients from non-profit institutions in developing countries. For recipients from developed countries and from profit based institutions, as a general rule, a charge of US20 cents per copied page will be payable. Cheques in US dollars should be made payable to ICRAF along with the request for copies. Please note that many of these publications are included in the published proceedings and books that ICRAF has produced

The price of these books is currently being revised in light of a recent increase in Kyanan postage costs. Please write to ICRAF for an exact price.

Please note that all of these above conditions are subject to change at the discretion of the Director, ICRAF.
