**Project/Program Development
Approval by Fiscal Year**

Project Development Report No. 42
Date: December 31, 1984

Bureau for Near East
Agency for International Development
International Development Cooperation Agency
Washington, D. C. 20523

This report covers loans (L) and grants (G) scheduled for authorization in fiscal years 1985 and 1986 in the Middle East, North Africa and Southern Europe that are managed by the Near East Bureau.

Included in the report is the project description indicating requirements for goods and services, and comments concerning contracting activities for projects/programs that are planned for approval during FY 85 and FY 86. The dollar amount, implementing agency and, as appropriate, contractor(s) are also listed for each project activity. It should be noted that procurement of goods and services may not occur for several months after project approval and contractors/suppliers are encouraged to review the Commerce Business Daily for advertisement of upcoming opportunities.

It is hoped that you will find this report useful. In the event that additional information is desired, the Chairperson for each project activity may be contacted on the number listed after each project, preceded by area code (202).

DATE: December 31, 1984

STATUS OF PROJECT/PROGRAM DEVELOPMENT

FISCAL YEARS 1985 and 1986

ABBREVIATIONS

G	- Grant
L	- Loan
OPG	- Operating Program Grant
HG	- Housing Guaranty
FY	- Fiscal Year
PID	- Project Identification Document
PP	- Project Paper
PSC	- Personal Services Contract
RFP	- Request for Proposal
RFTP	- Request for Technical Proposal
RFQ	- Request for Quotation
LOP	- Life of Project
PIO/T	- Project Implementation Order/Technical Services
IQC	- Indefinite Quantity Contract
PASA	- Participating Agency Services Agreement
IFB	- Invitation for Bid

12) Ministry of Health (MOH)	1985	LOP 102.6(G) FY85 10.0	Population/Family Planning II (263-0144)
------------------------------------	------	---------------------------	---

To assist the GOE in strengthening family planning services nationwide thereby increasing the number of couples actively practicing family planning. Since 1977 (under Family Planning I), this project has provided population program assistance in the areas of contraceptive supply, administrative support, information, education and communication, training and family planning service delivery programs in urban and rural areas. Sub-activities included the private sector's social marketing program, the Family of the Future and the community based integrated social service and family planning program. FY 84 funds were used to assist the MOH plan and implement a vigorous rural family planning campaign through its public health facilities, as well as continued support for physician and clinic staff training in family planning. The project is also providing assistance to CAPMAS for demographic data development and support for the 1986 household census. Inputs: Technical assistance, training and commodities.

Chairperson: L. Slobey
NE/TECH 632-9202

Technical Assistance: Technical assistance will be required for the following: a) The Academy for Educational Development will assist the State Information Service for 24 person-months in the area of information, education and communication; b) The U.S. Census Bureau is assisting CAPMAS plan for the 1986 census; c) Triton Corporation will continue to assist the FOF contraceptive retail sales project for at least one more year; d) Assistance provided to the MOH for design of family planning outreach programs; and e) Operational support grant provided to the American University of Cairo to assist with integrated community social and family planning services delivery projects.

LEBANON

13) Save the Children Federation	FY85	LOP 10.0(OPG) FY85 10.0	Comprehensive Care Centers (C3) <u>268-</u>
--	------	----------------------------	--

PVO will coordinate with the GOL Ministry of Health and Social Affairs and the various local groups active in the areas where the centers will be located.

This project calls for the development of approximately 10 field centers that could provide emergency and primary health care services as well as community assistance services to war-stricken people. Each center would service as a first contact with the medical care delivery system in an area where regular medical service facilities have either broken down or have been overburdened by the influx of displaced people. The community assistance services of each center would focus on structuring local voluntary community service efforts in its area, and on providing technical assistance for the efforts.

Chairperson: P. Hartenberger

---	--------------	-------------------------	---	--

To establish a broad-based nationally coordinated program of integrated development of the agricultural sector that properly manages and conserves Yemen's scarce soil and water resources. This is a long-term Title XII program being conducted in the collaborative assistance mode which will assist the Yemen Arab Republic Government (YARG) to modernize and revitalize the agriculture sector. The overall Agriculture Development Support Program is composed of several "subprojects" which cover a broad spectrum of technical assistance activities. Each subproject is aimed at a specific area and is separately authorized. Inputs: Technical assistance, training.

Contractor: Consortium for International Development (CID)

Chairperson: A. Hogan
NE/TECH, 632-8609

Technical Assistance: Major activities at this time are focused on CID and the various lead institutions recruiting, mobilizing and fielding all staff positions required by the Core and other sub-projects.
