USAID Funding for Health Research FY 1985 – FY 1991

(with Project Listing)

April 1990

Center for International Health Information

USAID Health Information System

1601 N. Kent Street

Suite 1001

Arlington, Virginia 22209

(703) 524-5225

The Center for International Health Information, a division of ISTI, operates the USAID Health Information System under the Child Survival Action Program – Support project, #936-5951.13, contract number DPE 5951-Z-00-8004-00 with the Office of Health, Bureau of Science and Technology, U.S. Agency for International Development.

The Center for International Health Information
Barton R. Burkhalter, Ph.D., Director
1601 N. Kent Street, Suite 1001
Arlington, VA 22209
(703) 524-5225
FAX (703) 243-4669

USAID FUNDING FOR HEALTH RESEARCH

The Health Projects Database (HPD) is a comprehensive inventory of health related projects that have been funded by the U.S. Agency for International Development (USAID) since 1975. Supported by USAID's Office of Health, Bureau for Science and Technology, the HPD tracks bilateral, regional and centrally-funded projects and sub-projects with a health component, including child survival, AIDS, nutrition, water supply and sanitation, and other health related activities. Projects are identified for the HPD through the annual Health and Child Survival Questionnaire, Annual Budget Submissions (ABS), and the Congressional Presentation (CP).

Certain limitations apply to the HPD: Project Development and Support (PD&S) activities are included in the HPD only when funded with Health Account or Child Survival Fund monies. Health and Child Survival Activities funded with Population Account monies are not included for FY89, FY90 or FY91. Health and Child Survival Activities funded with local currency (PL 480) are included in the HPD only when identified on the questionnaire but are not reported in the CIHI standard reports. Nutrition activities funded with local currency are included in a separate nutrition projects database (currently in development). Large urban water supply and sanitation projects are maintained in a separate database and are not included in the HPD.

This table summarizes USAID funding for health and child survival research activities from FY 1985 to FY 1991 as recorded in the HPD. The funding data are presented by region, and by funding account. Project specific listings with annual funding for research by fiscal year (FY), region, country, and funding account, are included in this report.

The funding amounts reported here are calculated amounts, based on FY obligations reported in the CP and on percentage attributions to research reported in the annual Health and Child Survival Questionnaires and in the USAID Activity Code/Special Interest (AC/SI) System. Specifically, final obligations for FY85 through FY89 are from the 1987-1991 CPs respectively, and projected obligations for FY90 and FY91 are from the 1991 CP. Research percentages are reported from the 1986 questionnaire for FY85 and FY86, from the 1987 questionnaire for FY87, from the 1988 questionnaire for FY88, and from the 1989 questionnaire and the AC/SI system for FY89, FY90 and FY91.
