Column headings are defined below:

1. Serial Number
2. Industry Code
3. Size Class
4. Not available/No comments
5. Change in existing government policy and give government support
6. Reduce administrative complexities and make improvements in communication and transportation
7. Give easier access to loans and charge lower interest rates
8. Eliminate smuggling and corruption
9. Provide BMR facilities and improve the techniques of production
10. Try to solve the problems associated with raw material i.e., price, supply, demand, etc.
11. Ban imports of foreign goods and reduce taxes on intermediate goods used for production.
