

# A.I.D. HISTORICAL COLLECTION

*Historical Materials at the A.I.D.  
Development Information Center*

Center for Development Information and Evaluation  
The United States Agency for International Development

In November of 1986, the Agency for International Development (A.I.D.) celebrates its 25th Anniversary. There is a continuing interest in the history of A.I.D. that became particularly strong with its anniversary. Since the Marshall Plan celebrates its 40th anniversary in 1987, it is appropriate to compile a bibliography of items held in the A.I.D. Development Information Center that relates to the history of A.I.D. and its predecessor agencies.

In this bibliography, we have attempted to include studies covering all time periods, from the end of World War II to the present. These studies were generated by A.I.D. and its predecessor organizations. In the interest of brevity, we have included only items that address the Agency as a whole and have omitted studies relating to specific sector or geographic areas.

All materials included in this historical bibliography are available for review in the A.I.D. Development Information Center.
