## FOREWORD

Pakistan Agricultural Research Council have recently published a Directory of Agricultural Research Institutions in Pakistan that contains an up-dated and comprehensive description of various institutions by a number of variables. Now, an inventory of these institutions is being published for ready and quick reference to institutional set-up in the field of agriculture and allied disciplines.

The current publication entitled "Inventory of Agricultural Research Institutions in Pakistan" contains the latest and comprehensive listing of parent organizations, their major institutions, stations, sub-stations and units arranged in hierarchical order according to their federal or provincial status. This information has been prepared by the PARC Computer Section with assistance of USAID/Winrock supported Management of Agricultural Research and Technology (MART) Project of PARC. I am sure, this inventory will be found useful by research planners, managers and policy makers for effective planning and management of agricultural research and development activities in the country.

Efforts made by PARC Computer Section in the processing of relevant information and Directorate of Publications in editing and overseeing its printing are highly commended.

(Dr. C. M. Anwar Khan)

Secretary, Agricultural Research Division and  
Chairman, Pakistan Agricultural Research Council,  
Islamabad

7. Agricultural Universities & Colleges	34

## INTRODUCTION

This publication is an inventory of Agricultural Institutions in Pakistan that conduct agricultural research, or are closely allied with agricultural research. The names of the institutions and their locations are listed in hierarchical order according to their Federal or Provincial status. For example, the National Agricultural Research Centre is listed as subordinate to the Pakistan Agricultural Research Council which, itself, is under the Ministry of Food, Agriculture and Cooperatives. The reader will find a number of institutions listed which are peripherally concerned with agricultural research. These were included in the inventory because it was thought to be more useful to make the listing extensive rather than restrictive.

The basic information for this inventory was collected as part of a manpower needs and institutional capability assessment in the first half of 1988 under the USAID-funded Management of Agricultural Research and Technology (MART) Project of the Pakistan Agricultural Research Council. This information was updated in 1990.

The survey was designed by MART and PARC staff and data collected by an eight-man team of federal and provincial research officers. The data were checked, organized, and arranged by MART Consultant John M. Dukesbury who was ably assisted by PARC Computer Programmer, Shakeel Ahmad.

For more details about the institutions listed in this inventory, please refer to *Directory of Agricultural Research Institutions in Pakistan* published in 1990 by the Pakistan Agricultural Research Council.

The reader is requested to point out any errors or omissions in this Inventory by contacting the Project Secretary (MART), PARC, P.O. Box 1031, Islamabad

Bill C. Wright  
Chief of Party

Silviculture Research Division, Hyderabad

## 7. AGRICULTURAL UNIVERSITIES & COLLEGES

### 1. NWFP Agricultural University, Peshawar

#### Departments:

Agricultural Chemistry  
Agricultural Economics  
Agricultural Mechanization  
Agronomy  
Animal Science  
Entomology  
Food Science & Technology  
Horticulture  
Institute of Development Studies  
Islamic Studies  
Math, Physics, Statistics & Computer Science  
Plant Breeding & Genetics  
Plant Pathology  
Plant Protection  
Soil Science

### 2. University of Agriculture, Faisalabad

#### Faculty of Agriculture

Agronomy  
Crop Physiology  
Entomology  
Forestry & Range Management  
Horticulture  
Plant Breeding & Genetics  
Plant Pathology  
Soil Science

Faculty of Agricultural Economics &  
Rural Sociology

University of Agriculture, Faisalabad

Agricultural Economics  
Agricultural Marketing  
Cooperation & Credit  
Data Processing Unit  
Farm Management  
Rural Sociology

Faculty of Agricultural Engineering & Technology

Basic Engineering  
Farm Machinery & Power  
Fiber Technology  
Food Technology  
Irrigation & Drainage

Faculty of Animal Husbandry

Animal Breeding & Genetics  
Animal Nutrition  
Livestock Management  
Poultry Husbandry

Faculty of Sciences

Agricultural Meteorology  
Botany  
Chemistry  
Islamic Studies  
Math & Statistics  
Physics  
Social Science & Humanities  
Zoology & Fisheries

Faculty of Veterinary Sciences

Clinical Medicine and Surgery  
Veterinary Pathology

## University of Agriculture, Faisalabad

Veterinary Microbiology  
 Physiology and Pharmacology  
 Veterinary Anatomy  
 Veterinary Parasitology  
 Animal Reproduction

### Division of Education & Extension

Education  
 Extension  
 Rural Home Economics  
 Short Courses

### College of Veterinary Sciences (Lahore)

Animal Reproduction  
 Dairy Technology  
 Microbiology  
 Parasitology  
 Pharmacology  
 Physiology  
 Surgery  
 Veterinary Anatomy  
 Veterinary Medicine  
 Veterinary Pathology

### Stations/Sub-Stations

Postgraduate Agricultural Research  
 Station, Jhang Road, Faisalabad

Livestock Experiment Station,  
 Proka, Faisalabad

Agriculture Research Station,  
 Ochkera, Faisalabad

**University of Agriculture, Faisalabad**

Murree Hills Research Project,  
Murree

**Affiliated College/Institutes**

Barani Agricultural College,  
Rawalpindi

Agricultural Training Institute,  
Rahim Yar Khan

Agricultural Training Institute,  
Sargodha

Agricultural Training Institute,  
Chak No.5 Faiz, Multan

**3. Sindh Agriculture University, Tandojam****Faculty of Agriculture**

Agronomy  
Agricultural Chemistry  
Plant Breeding & Genetics  
Horticulture  
Entomology  
Plant Pathology  
Plant Protection  
Agricultural Economics  
Agricultural Education, Extension  
and Short Courses  
English  
Statistics  
Islamic & Pakistan Studies

**Faculty of Agricultural Engineering**

Farm Power & Machinery

**Sindh Agriculture University, Tandojam**

Irrigation & Drainage  
 Farm Building & Structure  
 Basic Engineering  
 Agro-Polytechnic  
 Land & Water Management

**Faculty of Animal Husbandry & Veterinary Sciences**

Anatomy, Histology, Pharmacology  
 Physiology and Biochemistry

Animal Breeding & Genetics, Animal  
 Nutrition & Dairy Technology

Livestock Management & Poultry  
 Husbandry

Medicine, Surgery and Animal  
 Reproduction

Parasitology, Pathology & Microbiology

**4. Faculty of Agriculture, Gomal University,  
D.I. Khan****Departments**

Agronomy  
 Soil Science  
 Horticulture  
 Entomology  
 Plant Breeding & Genetics  
 Agricultural Chemistry  
 Food Technology

**5. Agriculture College, Quetta****6. University College of Agriculture,  
Rawalakot, AJK**
