DIRECTORY OF UMBRELLA NGOS

INTRODUCTION

This Directory of Umbrella NGOs includes information about the major NGOs operating in the Northwest Frontier Province. It is particularly focused on donor agencies that provide funding to the local NGOs.

The directory has been developed through the cooperation and efforts of the InterAgency Group, an informal network of NGOs, government agencies, development projects and others engaged in community participation activities within the Northwest Frontier Province. A sub-committee of the InterAgency Group designed and reviewed the questionnaire for the Survey.

Preparation of the directory was made possible through financial support from the United States Agency for International Development (USAID) through its contract with the Coverdale Organization.

This Directory is based on information obtained through a Survey of NGOs, Development Projects undertaken during the Spring, 1993. The information provided has been entered into a database from which this directory has been generated.

The identification of organizations, agencies and projects for inclusion in the survey and directory was based on the knowledge and recommendations of a steering committee drawn from the InterAgency Group. The primary criteria for inclusion was involvement with community participation activities or programs.

Undoubtedly some organizations/agencies/projects have been inadvertently missed. This is regretted and can be corrected as the database and directory are updated and reissued.

The preparation of the database and directory was undertaken to encourage and promote the sharing of information and cooperation and collaboration among the respective agencies, organizations and projects. At a minimum the directory can help users become more aware of who is engaged in different types of activities within NWFP.

WHILE GREAT CARE HAS BEEN EXERCISED IN THE PRESENTATION OF THE INFORMATION PROVIDED, NO RESPONSIBILITY CAN BE ASSUMED FOR THE ACCURACY OR COMPLETENESS OF THE INFORMATION. APOLOGIES ARE OFFERED FOR ANY ERRORS WHICH HAVE OCCURRED IN THE PREPARATION OF THE DIRECTORY.

DATA AVAILABLE

The information used in developing the directory is available on computer in dBASE IV data files. Organizations wishing to have the data may contact the Coverdale Organization at the address below.

ACKNOWLEDGEMENTS

A large number of people contributed time and effort, some as paid consultants and others as volunteers, to the preparation of this directory. These include: M. Idris, Agriculture University; Aqil Niazi, Computer Consultant; Bushra Gohar, GTZ/FECT; Earhard Foellmi, Kalam Integrated Development Project; Javed Majeed, Sarhad Rural Support Corporation; Douglas I. Grube, Coverdale Organization; Haseeb-ur-Rahman, Coverdale Organization; Amna Ahmed, Field Coordinator, Strengthening Participatory Organization; Michele Tayman. Swabi Integrated Agriculture Project.

The individuals who cooperated by completing the questionnaires and assisting with their design and refinement them deserve special appreciation and thanks.

COMMENTS REQUESTED

USERS OF THE DIRECTORY ARE REQUESTED AND ENCOURAGED TO SEND CORRECTIONS, ADDITIONS AND SUGGESTIONS FOR IMPROVING ITS UTILITY TO:

INTERAGENCY GROUP, c/o The Coverdale Organization,
2 Railway Road, University Town, Peshawar, Pakistan.
Telephone: 521-842253; 521-41919; FAX: 521-842251.

INSTRUCTIONS

This Directory consists of three parts:-

1. The 'MAIN BODY'
2. The 'LOCATION INDEX
3. The 'ACTIVITIES INDEX'

MAIN BODY

This part of the directory contains all of the information that we are publishing about the organizations that appear in the Directory. The entries on these organizations are arranged in alphabetical order by name. The entry for each organization starts on a separate page. Thus if the name of the organization who's entry is sought is known, it is possible to locate it without reference to the indices. It has been our effort to make the headings in the MAIN BODY self explanatory.

To find an organization/agency/project that is known the user can refer to the TABLE OF CONTENTS.

LOCATION INDEX

Purpose:

The purpose of the LOCATION INDEX is to enable the user to locate organizations operating in various geographic areas.

Use:

The user first locates the relevant location heading in the index. Since the entries in the MAIN BODY are arranged in alphabetical order by name, it is then a simple matter to locate the relevant entry for any of the organizations listed under that location heading.

Format:

'Location' is the geographical areas in which the organizations/agencies/projects operate: districts; agencies; various groupings of the above; other miscellaneous geo-political/administrative units. Organizations operating country wide are listed under 'COUNTRY WIDE' and those operating province wide are listed under 'NWFP'. These two location headings appear at the beginning of the index for convenience. All other location headings appear subsequent to these and are in alphabetical order. The names of the organizations appearing under the location headings are also in alphabetical order.

ACTIVITIES INDEX

Purpose:

The purpose of this index is to enable the user to locate of organizations involved with a particular sector/field/activity within a given 'area'.

Use:

The user first locates the activity heading that is of interest and then, within that heading the desired location headings. Since the entries in the MAIN BODY are arranged in alphabetical order by name, it is then a simple matter to locate the relevant entry for any of the organizations listed under that location heading.

Format:

This index is ordered first by the sectors/fields/activities in which the listed organizations are involved and then the 'Location' or geographical area of their activities. For example, an organization working in education in District Swabi would be listed under 'EDUCATION' and within that heading under 'Swabi'.

The activities headings are in alphabetical order. Within the activities headings the location headings are also in alphabetical order with the exception of the three special headings 'Unreadable', 'Not Specified', 'Country Wide' and 'NWFP' which, where applicable, appear immediately after the relevant activities heading in that order. The names of the organizations appearing under each Location heading are again in alphabetical order.

MAIN BODY

Name : Academy for Educational Development
Address : 1255 23rd St. N.W. Washington, D.C. 20037 U.S.A

activities within country.

Purpose : The objective of this project is to assist the NWFP Agricultural
University to create a dynamic, outward looking problem-solving,

farmer-oriented center of teaching, research and outreach linked together to
increase agricultural production, farm income, rural employment and improved
family living standard in NWFP, Specific objectives are: (a) Assist AU in a
complete revision of its curriculum and teaching program; (b) Assist the
Government of NWFP and the NWFP-AU to develop a problem solving research

program to be planned and implemented by the newly merged system; (c) Assist
AU in the development of an outreach program to link the University and its
merged research capability with the NWFP's Agricultural Extension Service;
(d) Support the development and equipment of an outreach program division,
the communication service division and a continuing education/in-service
training division; (e) Assist in the development and implementation of an
administrative structure to reflect a new role and orientation of AU; (f)
Strengthen the capacity of the merged AU system personnel by arranging for
degree-training in the U.S; (g) Establish firm linkage between AU and
international agricultural universities and international research centers.
