“This directory of HIV-related services in Mpumalanga is partially made possible by the generous support of the American people through the United States Agency for International Development (USAID) and the President’s Emergency Plan. The contents are the responsibility of the Centre for HIV/AIDS Networking (through a Sub-Agreement with Foundation for Professional Development) and do not necessarily reflect the views of USAID or the United States Government”

HOW TO USE THE HIV-911 DIRECTORY

WHO IS THE DIRECTORY FOR?

This directory is for anyone who is seeking information on where to locate HIV/AIDS services and support in Mpumalanga.

WHAT INFORMATION DOES THE DIRECTORY CONTAIN?

Within the directory you will find information on organisations that provide HIV/AIDS-related services and support in each municipality within Mpumalanga. We have provided full contact details, an organisational overview and a listing of services for each organisation. Details on a range of HIV-related services are provided, from government clinics that dispense anti-retroviral drugs (ARVs) and provide Voluntary Counselling and Testing (VCT), to faith-based and non-governmental interventions and Community Home-based Care and food parcel support programmes.

HOW DO I USE THE DIRECTORY?

There are close to 400 organisations working in HIV/AIDS in Mpumalanga. To help you to locate services that are relevant to your needs this information has been categorised in a number of ways:

- The organisations in this directory have been sorted into district municipalities and local municipalities.
- Coloured dividers with maps are provided for each district municipality. Use these maps to familiarise yourself with areas in which you might want to find HIV-related services.
- Mpumalanga has three district municipalities, which are further sub-divided into several local municipalities.
- Locate local municipality labels on the bottom right or left hand tab of each page.
- HIV-related services have been listed alphabetically by local municipality.
- If you do not find the information you are looking for in this directory or you would like to amend any details, simply call our HIV-911 Data Collection Centre on 0860 HIV 911 / 0860 448 911 or send us an email on info@hiv911.org.za
- Further particulars can also be located on the HIV-911 website and online directory at www.hiv911.org.za

WHY IS THE DIRECTORY NECESSARY?

There are many efforts to curb the spread of HIV/AIDS and alleviate its impact on our country. Sadly, while a great deal of effort and resources are directed towards dealing with HIV, when in need many people do not know where to locate organisations that can provide HIV-related services and support. In addition, many organisations are unaware of the efforts of, and potential benefits of, collaborating with other HIV-related organisations. The HIV-911 database has been constructed with these specific needs in mind. We believe that an effective response to the HIV epidemic requires a coordinated mobilisation of all resources in a specific community. We hope that you find this directory facilitates such a networking response in your community.

- Service providers can locate supplementary support services for their clients;
- Infected and affected people can easily and confidentially locate HIV support services which are appropriate to their needs;
- AIDS Service Organisations can locate likeminded support services, facilitating networking and partnership building, and in this manner make better use of scarce resources; and
- Donor organisations can obtain a good sense of the availability and distribution of HIV-related services, thereby helping them to assess funding requests and allocate funding more strategically.

HOW WAS THE INFORMATION COLLECTED?

HIV-911 staff collated information from a number of HIV-related databases and listings of services. Organisations were called and their information was checked and updated. Every organisation called was asked to provide the names and contact details of other HIV-related support services that they networked with. In this manner, the HIV-911 team connected with many of the organisations providing HIV-related support services in the province. This was, and continues to be, a time-consuming but important process! We did our best to ensure that we reached all HIV-related organisations in Mpumalanga and captured their efforts comprehensively. Unfortunately, the HIV environment changes rapidly and so the directory database will never be complete. We therefore offer apologies in advance if there is any incomplete or incorrect information in this directory and we ask that you alert us to any inconsistencies and inaccuracies so as to help us to keep the directory database as current and comprehensive as possible.

HOW DO WE KEEP THE INFORMATION UP TO DATE?

The HIV-911 data capture team is continually reviewing and updating the HIV-911 database on which this directory is based. We are counting on you to help us to keep our database current. Please therefore alert us to any incomplete or incorrect information you may find in the pages of this directory. If you find a service is missing or details need updating, please contact us so that we can amend or add this information for the next directory. We have provided a Organisational Update Form at the back of this directory to help you to do this for us. You can also call the HIV-911 Data Collection Centre on 0860 HIV 911 / 0860 448 911. The HIV-911 Data Collection Centre staff can update information or add new services, as well as assist with locating HIV-related services throughout the country. It is now also possible to update your details on line at <http://www.hiv911.org.za/hivanaddorg.php>

WHO PRODUCES THE HIV-911 DIRECTORY?

HIV-911 is a programme of the Centre for HIV/AIDS Networking (HIVAN) based at the University of KwaZulu-Natal. Over the past six years HIVAN has worked to develop and expand the HIV-911 programme which now includes an online national directory and website (www.hiv911.org.za); a Data Collection Centre (0860 HIV 911 / 0860 448 911) and a series of hard copy directories for each province in the country. The Mpumalanga directory is the fourth directory in a national series of provincial directories that will be produced by the HIV-911 Programme until 2010. Copies of the Mpumalanga Provincial Directory will be mailed out to as many service providers as possible throughout the province with additional copies available for purchase at low cost.

For more information and answers to other frequently asked questions about this project, call 0860 HIV 911 / 0860 448 911 or log on to www.hiv911.org.za

WHO ARE OUR PROJECT PARTNERS?

The HIV-911 national directory project is funded by the Foundation for Professional Development (FPD) through PEPFAR/USAID. The FPD has been registered with the Department of Education as a Private Higher Institution under the Higher Education Act, 1997 (Registration Certificate number 2002/HE07/013). The FPD is also an accredited service provider for continuous professional development (CPD) by the Medical and Dental Professions Board of the Health Professions Council of South Africa (HPCSA). The FPD is currently the largest self-funding health sector educational provider in South Africa. The FPD has three key focus areas: education, research and capacity building - more specifically in the areas of health and management.

HIV-911 is a partner of the FPD through the Compass Project. This FPD initiative strives to assist communities to respond effectively to HIV through three key programmes:

- 1) an HIV and AIDS Mapping and Research Centre to achieve accurate epidemiological data and gap analysis for communities;
- 2) Information and Resource Collaboration for locating HIV and AIDS services/organisations; and
- 3) Organisational Development and Capacity Building through organisational needs assessments, benchmarking and skills building for community organisations.

For more information on the FPD and the Compass Project, please visit www.foundation.co.za and www.compassproject.co.za

The South African Medical Association (SAMA) has collaborated with HIV-911 in the printing and mail out of the national directory series. As a result of this partnership, funds have been raised to enable each clinician, registered as a SAMA member, to receive a complementary copy of the provincial directory relevant to their needs.

Funding is being sought to support production of additional copies of the provincial directories, and to further capacitate the HIV-911 Programme of the Centre for HIV/AIDS Networking (HIVAN). HIVAN operates on not for profit principles and relies on donations, grants and fundraising to support its services. Funds for HIVAN are raised through the University of KwaZulu-Natal Foundation, a registered Section 21 Company, registration number 030-967-NPO / PBO 9300 16101.

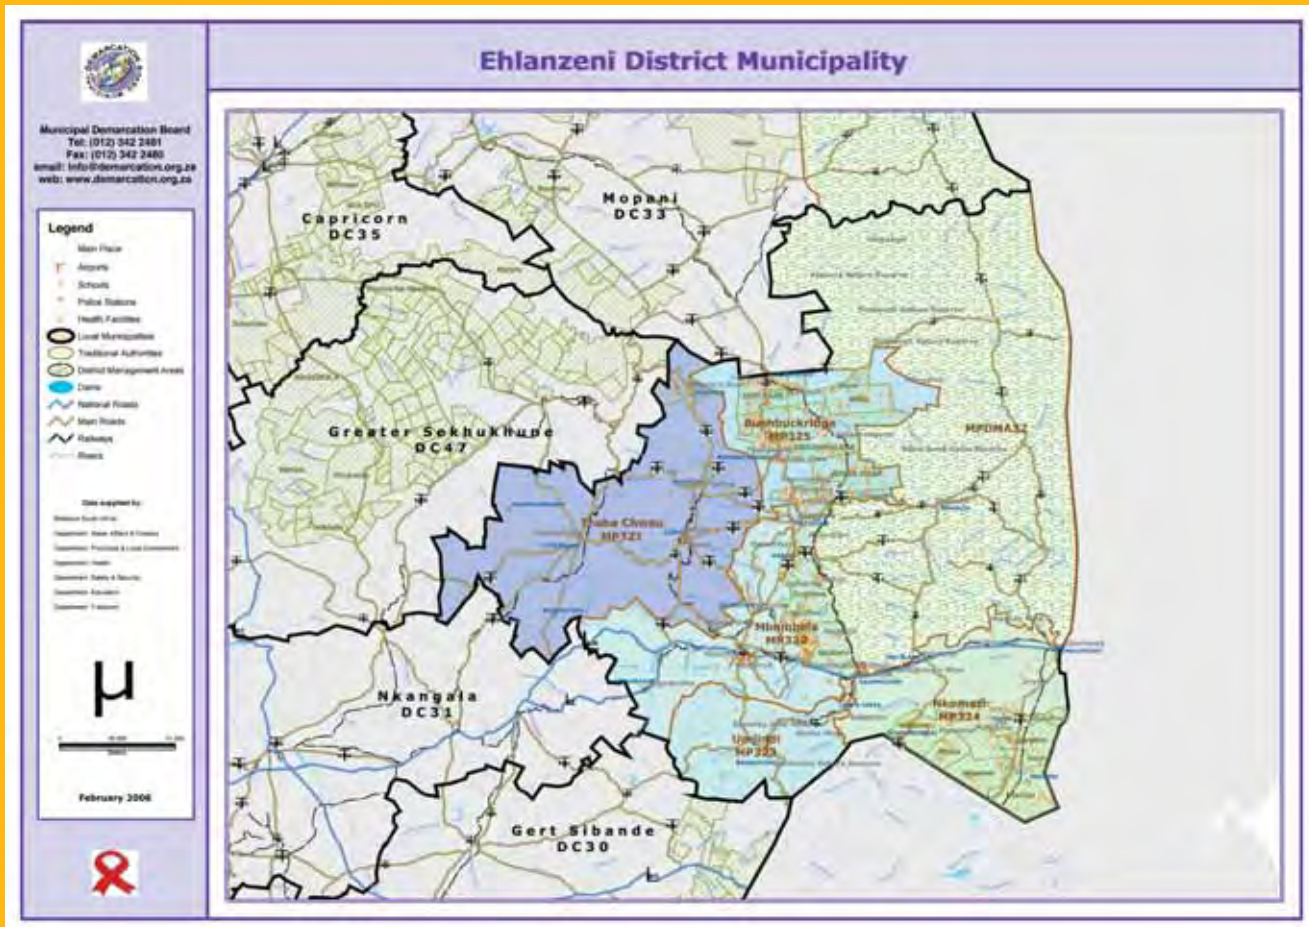

To advertise in the HIV-911 provincial directories or to support the ongoing activities of the HIV-911 Programme please contact HIVAN on (031) 260 3052 or email the Project Director, Debbie Heustice on debbieh@hiv911.org.za

All revenue generated from the directory project will be used to support the ongoing efforts of the HIV-911 Programme.

NAME Centre for Streetkids

DESCRIPTION The centre offers shelter for street and vulnerable children. Children are recruited from streets and placed in programmes that are age appropriate. The older youth are placed in an ABET programme within the centre. Companies are then recruited to provide life skills training which the centre pays for. Once qualified they are employed by the companies. The centre then reunifies the children with their families.

NAME St George:White River

DESCRIPTION The parish of St George: White River is situated in the Diocese of Mpumalanga in South Africa. The parish provides parishioners with a large bag and a list of food items. Parishioners then fill these bags with the requested food items which are then given to the church. The church takes these bags and distributes them to poor families who attend. The parish and her outstations together serve 80 85 people in the communities of White River and Hills View. St George runs a feeding project for poor families who attend the church's outstations.

NAME Youth for Christ - Mpumalanga

ACRONYM YFC Mpumalanga

DESCRIPTION YFC Mpumalanga aims to participate in the mental, physical, social and spiritual development of young people. We are running an extensive abstinence program in schools. One of the key aspects of our work in teaching about HIV/AIDS is using interactive methods of giving information to encourage young people to abstain from sexual intercourse. Our Edutainment Teams who run four day HIV/AIDS workshops in schools work alongside facilitators and create a block of time when this issue can be addressed in a creative way with time to process issues.

HIV-911 DIRECTORY

**Do you know what HIV/AIDS-related services are available in your area?
Do you know where these HIV/AIDS-related services are located?**

WE CAN HELP YOU

The HIV-911 directory is your comprehensive guide to HIV/AIDS-related support services in South Africa. This directory is essential for all organisations in the field of HIV/AIDS.

The HIV-911 database consists of over 6000 HIV-related support services country-wide. Entries are constantly updated ensuring that the HIV-911 database remains current and gives a good reflection of the work being done in South Africa around the pandemic.

ORDER THE FULL HIV-911 DIRECTORY FOR YOUR PROVINCE NOW!

HIV-911 provincial directories cost R200 each (inclusive of VAT, postage & packaging). Orders can be placed online at www.hiv911.org.za or by returning the completed order form below, together with your proof of payment receipt, to HIVAN on Fax: (031) 260 2013 or email admin@hivan.org.za
