PROAG
CONTINUATION
SHEET
ANNEX A

I. BACKGROUND

The Public Safety Telecommunications project assists the Combined Telecommunications Directorate (CTD), the provincial radio system, and the Village-Hamlet Radio System (VHRS). The systems are primarily intended to provide a network in support of essential civil security and administrative communications throughout the Republic of Vietnam. The CTD system will be operated and maintained by the DGNP after the cessation of hostilities.

Currently CTD supports the DGNP by providing:

- A. Command and operational voice, teletype, and radio telegraph communications to and between NP Headquarters autonomous cities, regions, provinces, and districts.
- B. Tactical communications systems to support NPFF and the SMPD operations.

The civilian communications network is not assisted by this project.

Provided within this project are US advisors and various Third Country National (TCN) technicians who have the responsibility to establish an adequate telecommunications network and to train qualified Vietnamese technicians to maintain the systems. This project has also provided for the purchase of, replacement of, and maintenance equipment for the various types of radios required to implement the planned system. The VHRS radios and parts are provided, in their entirety, by the US Department of Defense.

II. OBJECTIVES

To support the US and GVN Pacification, Revolutionary Development, and counterinsurgency efforts by helping the GVN to establish and maintain civil security communications systems, facilities, and services for the National Police Village Hamlet Radio System, and Combined Telecommunications Directorate (CTD) in fulfilling various objectives.

Public Safety Telecommunications

III. ACTIVITY TARGETS

It is agreed that the following are to be accomplished under this project:

A. To provide support (facilities, equipment, materials and supplies) for the following:

1. Radio system of the National Police.
2. Telecommunications facilities and equipment for specialized National Police units, such as the Marine Police, the National Police Field Forces, and other Police units.
3. Radiophone and radioteletype systems established between CTD, Saigon, and the regions.
4. Basic radio telegraph system between CTD Saigon, the Regions, the provinces, and districts.
5. CTD telephone system for Metropolitan Saigon.
6. Telecommunications system for USAID, Saigon.
7. Village-hamlet radio system (including facilities and equipment for recently liberated and resettled villages and hamlets).
8. Any non-military telecommunications requirement in Vietnam, as necessary.

B. To continue to provide technical and administrative assistance to CTD.

C. To procure supplies and services as shown in the plaster budget below (Article III, B).

IV. RESPONSIBILITIES

A. The GVN

1. The Ministry of Interior (MOI) designates the Director of the Combined Telecommunications Directorate, or his designee, as Project Manager for this Project.
2. The MOI agrees to support this project through the normal revenues made available to the Ministry for its operations.
3. The Project Manager will establish and maintain a system of delivery, accountability, and related procedures to insure that commodities programmed for the Telecommunications Project will be delivered to that Project upon receipt by the CTD.
4. The Project Manager will provide suitable office space and vehicle transportation for US technical advisers assigned to this activity.

B. USAID

The United States Agency for International Development (USAID) designates the Director of Public Safety, or his designee, to serve as Project Representative for this Project.

V. FINANCIAL PLAN

GVN Piaster Funding

The MOI agrees to the use of VN\$85,000,000 from the CY 69 American Aid Chapter in support of this project.

USAID/GVN STANDARD PROVISIONS

I. RESPONSIBILITIES :

A. USAID

1. Availability of funds permitting, USAID proposes to provide dollar funds to finance the procurement of contract services, commodities, technicians' costs, participant training, and other costs as required for this project. Except for technician costs, the actual obligation of these funds will be accomplished by separate documentation signed by the GVN and USAID if they are not obligated by this Project Agreement.

2. AID agrees to furnish technical advice, guidance, and assistance through technical advisors, consultants, or contractors to assist the GVN Ministry sponsoring this project, in all technical and financial aspects of the project, including planning and implementation.

3. AID agrees to assist the Government of Vietnam in the selection of participants for further study and training in the USA and third countries and to assist in planning study and observation tours as required.

4. USAID shall appoint a Technical Advisor, who will act as the USAID technical specialist and be delegated the authority to assist his GVN counterpart in the latter's responsibility to supervise, develop, and implement this project. Notification of the name of the USAID Technical Advisor shall be made to DGBFA and the appropriate Ministry within 10 days after the Agreement has been signed. The Technical Advisor or his successor will assure continuity of activities undertaken pursuant to this Project Agreement.

5. USAID shall make available to the USAID Technical Advisor such technical, financial, or administrative services as may be necessary to implement the project on schedule, including relevant financial data concerning the USAID direct dollar assistance. This information will also be made available to DGBFA.

USAID/GVN STANDARD PROVISIONS - CONTINUED

B. Government of Vietnam :

1. The GVN agrees to provide the piaster funds from the source and in the amount specified under block 9 of this Project Agreement for the purposes designated in this Agreement.
2. The GVN Minister sponsoring this project, or his authorized representative, shall appoint a Project Manager, who will act as the GVN technical specialist and be delegated the authority to supervise, develop and implement this project, with the assistance of U.S. technical advisors. Notification of the appointment and the name of the Project Manager shall be made to USAID and DGBFA within 10 days after this Agreement has been signed.
3. The GVN Minister, or his authorized representative, shall make available to the Project Manager such technical, financial, or administrative services as may be necessary to implement the project on schedule, including financial data from the National Budget relating to the project. This information will also be made available to USAID.
4. For evaluation and review purposes, the Project Manager, acting through his Minister, shall render to the Directorate General for Budget and Foreign Aid (DGBFA) quarterly progress reports in a format approved by the GVN and USAID. Copies of the reports will also be made available to USAID.
5. In accordance with AID regulations governing the selection of participants, the Project Manager is to nominate qualified technicians associated with the project as candidates for participant training. Selection of participants and nomination to the GVN and USAID for approval will be achieved jointly by the Project Manager and his U.S. technical advisors. The GVN agrees that all participants selected and mutually approved by the GVN and USAID for training shall (a) be released for training when scheduled, (b) have their salary continued during the period of training, and (c) shall be immediately re-employed upon their return from training in the same position from which released or in a more responsible position in the project.

 Original or Revision No.

A. As used herein, the term «AID» refers to the Agency for International Development, any component agency, or any successor agency. References to «this Project Agreement» shall mean the original Project Agreement as modified by any revisions which have entered into effect.

B. (1) AID will make available the amounts specified in Block 8 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may be further described in Annex A, as required by Block 5 hereof. In addition, as may be further specified in Annex A, AID will, subject to the availability of funds and (where required by AID procedures) as provided for in Project Implementation Orders (PIOs) issued by AID in accordance with its procedures, make available funds (a) to pay costs of furnishing technical services to be performed by United States Government employees in connection with the project, (b) to pay a share of the costs of providing training outside the cooperating country in connection with the project for qualified persons from the cooperating country, and (c) to pay such additional costs as may be specified.

(2) The Cooperating Government Agency will make available the amounts specified in Block 9 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may further be described in Annex A. The Cooperating Government Agency will also make, or arrange to have made, additional contributions of property, services, facilities and funds required for carrying out the project as may be specified in Annex A, or as may subsequently be agreed upon by the two parties.

C. AID and the Cooperating Agency may obtain the assistance of other public and private agencies in carrying out their respective obligations under this Project Agreement. The two parties may agree to accept contributions of property, services, facilities and funds for purposes of this Project Agreement from other public and private agencies, and may agree upon the participation of any such third party in carrying out activities under this Project Agreement.

D. AID shall not be required to make any contribution after the expiration of six months following the estimated final contribution date (Block 13 of the Project Agreement form AID 1330-1) or any amended final contribution date specified herein. Except as otherwise specified herein or subsequently

agreed by the parties, all contributions of the Cooperating Agency pursuant to this Project Agreement shall be made on or before said estimated termination date, or amended date. A contribution of goods or services shall be considered to have been made when the goods or services, provided or financed by the contributing party, are delivered in accordance with commercial practice.

E. The procurement of commodities and contract services to be financed in whole or in part by AID may (where so required by AID procedures) be undertaken only pursuant to PIOs issued by AID in accordance with its procedure.

F. Unless otherwise specified in the applicable PIO, the procurement of commodities financed with the AID contribution referred to in Block 8 of this Project Agreement shall be subject to the provisions of AID Regulation 1.

G. Unless otherwise specified in the applicable PIO, title to all property procured through financing by AID pursuant to Block 8 (c) of this Project Agreement shall be in the Cooperating Agency, or such public or private agency as it may authorize. This provision is inapplicable to any property which may be used in connection with the project but is not financed pursuant to said Block 8 (c).

H. Any property furnished to either party through financing by the other party pursuant to this Project Agreement shall, unless otherwise agreed by the party which financed the procurement, be devoted to the project until completion of the project, and thereafter shall be used so as to further the objectives sought in carrying out the project. Either party shall offer to return to the other, or to reimburse the other for, any property which it obtains through financing by the other party pursuant to this Project Agreement which is not used in accordance with the preceding sentence.

I. (1) If AID and any public or private organization furnishing commodities through AID financing for operations hereunder in the cooperating country, is, under the laws, regulations or administrative procedures of the cooperating country, liable for customs duties and import taxes on commodities imported into the cooperating country for purposes of carrying out this Project Agreement, the Cooperating Agency will pay such duties and taxes unless exemption is otherwise provided by any applicable international agreement.

(2) If any personnel (other than citizens and residents of the cooperating country), whether United

States Government employees, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the cooperating country to provide services which AID has agreed to furnish or finance under this Project Agreement, are, under the laws, regulations or administrative procedures of the cooperating country, liable for income and social security taxes with respect to income upon which they are obligated to pay income or social security taxes to the Government of the United States of America, for property taxes on personal property intended for their own use, or for the payment of any tariff or duty upon personal or household goods brought into the cooperating country for the personal use of themselves and members of their families (not including such personal or household goods as may be sold by any such person in the cooperating country), the Cooperating Agency will pay such taxes, tariff, or duty unless exemption is otherwise provided by any applicable international agreement.

J. Any personnel (other than citizens and residents of the cooperating country), whether United States Government employees, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the cooperating country to provide services which AID has agreed to furnish or finance under this Project Agreement shall be subject to the approval of the Cooperating Agency and AID, and shall be under the general direction of the Director of the Mission to the cooperating country.

K. If any commodity is furnished to the Cooperating Agency, or any public or private agency authorized by the Cooperating Agency, on a grant basis through financing by AID pursuant to this Project Agreement under arrangements which will result in the accrual of proceeds to the Cooperating Agency or any authorized agency and if the applicable agreement between the two governments referred to on the first page of this Project Agreement does not provide for the establishment of a Special Account and the deposit therein of currency of the cooperating country, the Cooperating Agency will make such arrangements as may be necessary to establish a Special Account and to deposit therein currency of the cooperating country in amounts equal to such proceeds, in accordance with such terms and conditions as may be agreed upon. Funds in the Special Account may be used only as agreed upon by AID and the Cooperating Agency; provided, that such portion of the funds in the Special Account as may be designated by AID shall be made available to AID to meet the requirements of the United States.

L. The Cooperating Agency will make such arrangements as may be necessary so that funds introduced into the cooperating country by AID or any public or private agency for purposes of carrying out obligations of AID hereunder shall be convertible into currency of the cooperating country at the highest rate which, at the time the conversion is made, is not unlawful in the cooperating country.

M. AID shall expend funds and carry on operations pursuant to this Project Agreement only in accordance with the applicable laws and regulations of the United States Government.

N. The two parties shall have the right at any time to observe operations carried out under this Project Agreement. Either party during the term of the Project and three years after the completion of the project, shall further have the right (1) to examine any property procured through financing by that party under this Project Agreement, wherever such property is located, and (2) to inspect and audit any records and accounts with respect to funds provided by, or any properties and contract services procured through financing by, that party under this Project Agreement, wherever such records may be located and maintained. Each party, in arranging for any disposition of any property procured through financing by the other party under this Project Agreement, shall assure that the rights of examination, inspection and audit described in the preceding sentence are reserved to the party which did the financing.

O. Upon completion of the project, a Completion Report shall be drawn up, signed by appropriate representatives of AID and the Cooperating Agency, and submitted to AID and the Cooperating Agency. The Completion Report shall include a summary of the actual contributions by both AID and the Cooperating Agency to the project, and shall provide a record of the activities carried out, the objectives achieved, and related basic data. AID and the Cooperating Agency shall each furnish the other with such information as may be needed to determine the nature and scope of operations under this Agreement and to evaluate the effectiveness of such operations.

P. The present Agreement shall enter into force when signed. Either party may terminate this Project Agreement by giving the other party 30 days written notice of intention to terminate it. Termination of this Project Agreement shall terminate any obligations of the two parties to make contributions pursuant to Blocks 8 and 9 of this Project Agreement, except for payments which they are committed to make pursuant to noncancellable commitments entered into with third parties prior to the termination of the Project Agreement. It is expressly understood that the obligations under paragraph H relating to the use of property shall remain in force after such termination.

Vietnam**

1. Project/Activity No.
730-11-710-299

2. Agreement No.
70-019

3.

Original or Revision No.

A. As used herein, «AID» means the Agency for International Development, any component agency, and any successor agency. «Cooperating Agency» means the agency which is a party to this Project Agreement with AID and «Cooperating Country» means the country of the Cooperating Agency. «Local Currency» means currency originally issued by the Cooperating Country as a medium of exchange therein.

B. (x) AID will make available the amounts specified in Block 8 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may be further described in Block 5 hereof.

(a) The Cooperating Agency will make available the amounts specified in Block 9 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may further be described in Block 5 hereof. The Cooperating Agency will also make, or arrange to have made, additional contributions of property, services, facilities and funds required for carrying out the project as may be specified in Block 5 hereof or as may subsequently be agreed upon by the two parties.

C. AID and the Cooperating Agency may obtain the assistance of other public and private agencies in carrying out their respective obligations under this Project Agreement. The two parties may agree to accept contributions of property, services, facilities and funds for purposes of this Project Agreement from other public and private agencies, and may agree upon the participation of any such third party in carrying out activities under this Project Agreement.

D. All contributions of AID pursuant to this Project Agreement shall be made within a six months grace period extending beyond the estimated final contribution date specified herein. Except as otherwise specified herein or subsequently agreed by the two parties, all contributions of the Cooperating Agency pursuant to this Project Agreement shall be made on or before that same date. A contribution of goods or services shall be considered to have been made when the goods or services, provided or financed by the contributing party, are delivered in accordance with commercial practice.

E. The procurement of commodities and contract services to be financed with an AID contribution of currency other than that of the United States or of the Cooperating Country shall be subject to all provisions of, and regulations governing, Foreign Currency Authorizations issued by AID.

F. AID reimbursements or advances shall, in general, not exceed the amount obtained by applying the ratio of AID to Cooperating Agency contributions specified in the Project Agreement to the amount currently contributed by the Cooperating Agency. For example, if the Project Agreement provides for total contributions of \$400,000 by AID and \$600,000 by the Cooperating Agency and if the Cooperating Agency has currently contributed \$6,000 then AID will, in general, reimburse or advance no more than \$4,000. Commodities and services financed with an AID contribution of local currency shall be subject to the following requirements:

(x) Reimbursement

As mutually agreed between AID and the Cooperating Agency, either of the following methods may be employed for reimbursement by AID of local currency expenditures made by the Cooperating Agency:

(a) Direct Reimbursement

Once monthly or at such other intervals as may be mutually agreed between AID and the Cooperating Agency, AID will reimburse the Cooperating Agency for local currency expenditures made by the Cooperating Agency in the procurement of approved project requirements. Each such claim for reimbursement must be supported by the following documentation:

- (i) Public Voucher, SF-1034, signed by the properly accredited representative of the Cooperating Agency, and embodying the following additional certification: «The total amount claimed hereunder was expended for the purposes authorized in Project Agreement No. _____ and is supported by the documentation required by said Project Agreement on file in the Cooperating Agency».
- (ii) A report in the format prescribed by the AID Controller, certified as true and accurate by the properly accredited representative of the Cooperating Agency, in support of each such claim for reimbursement.

(b) Advances

Once monthly or at such other intervals as may be mutually agreed upon between AID and the Cooperating Agency, AID may advance local currency to the Cooperating Agency for operating purposes. The

are properly reimbursable in accordance with the terms of the contract."

(c) Payroll Costs :

One copy of certified payroll listings and vouchers, together with satisfactory evidence of payment. Each payroll listing must show for each employee at least the following data : name, applicable job title, salary or wage rate, period covered, and amount paid.

(d) Other Project Costs :

One copy of the appropriate authorization documents and invoices covering travel, utility costs, etc.

(g) Refund Provision :

With respect to AID contributed local currency made available to the Cooperating Agency under the methods of financing herein described, the Cooperating Agency agrees to refund promptly to AID, upon demand by AID and pursuant to AID instructions, the entire amount of such currency expended by the Cooperating Agency (or such lesser amount as AID may demand) whenever AID determines that such expenditure was improper as being in violation of the terms and conditions of this Project Agreement and/or any applicable agreement or arrangement between AID and the Cooperating Agency.

G. Unless otherwise specified, title to all property procured through financing by AID pursuant to Block 8 of this Project Agreement shall be in the Cooperating Agency, or such public or private agency as it may authorize. This provision is inapplicable to any property which may be used in connection with the project but is not financed pursuant to said Block 8.

H. Any property furnished to either party through financing by the other party pursuant to this Project Agreement shall, unless otherwise agreed by the party which financed the procurement, be devoted to the project until completion of the project, and thereafter shall be used so as to further the objectives sought in carrying out the project. Either party shall offer to return to the other, or to reimburse the other for, any property which it obtains through financing by the other party pursuant to this Project Agreement which is not used in accordance with the preceding sentence.

I. (1) If AID and any public or private organization furnishing commodities through AID financing for operations hereunder in the Cooperating Country, is, under the laws, regulations or administrative procedures of the Cooperating Country, liable for customs duties and import taxes on commodities imported into the Cooperating Country for purposes of carrying out this Project Agreement, the Cooperating Agency will pay such duties and taxes unless exemption is otherwise provided by any applicable international agreement.

initial advance will be in an amount agreed upon between AID and the Cooperating Agency as necessary to cover estimated project expenditures for a specified time period, and will be supported by a budget developed and approved by both AID and the Cooperating Agency. When necessary to replenish the advance, the Cooperating Agency may be reimbursed for amounts actually expended by it by submitting claims for reimbursement of such amounts supported by the documentation prescribed in paragraph (a) (i) above. On the basis of such claims for reimbursement, AID may replenish the working fund in amounts equal to, but not in excess of, the actual expenditures of the Cooperating Agency as so reported, up to the total amount of the AID local currency contribution less the amount of the initial advance.

All expenditures made by the Cooperating Agency against such advances must be supported by the documentation prescribed in paragraph (a) (i) above and such documentation in support of the final expenditures of the Cooperating Agency must be submitted to AID not later than 90 days after the date of the final expenditure.

(2) Documentation

With respect to all AID contributed local currency made available to it, the Cooperating Agency agrees to maintain a separate set of accounts for all transactions financed or to be financed, and the Cooperating Agency further agrees to obtain and retain in its files, for inspection and review by AID at any time as requested by AID, the documents listed below in support of each transaction financed with such funds.

(a) Commodity Transactions :

- (i) Applicable contract or purchase order between supplier and purchaser;
- (ii) Supplier's detailed invoice and satisfactory evidence of payment;
- (iii) Ocean or inland bill of lading, or other document evidencing delivery to the purchaser;
- (iv) Such additional documentation (e.g. inspection certificate) as may be required from the supplier by the purchaser.

(b) Contract Services Transactions :

- (i) Applicable contract between contractor and purchaser;
- (ii) Contractor's detailed invoice and satisfactory evidence of payment;
- (iii) A certificate by the Cooperating Agency as follows :
"The undersigned certifies that the services for which reimbursement is requested have been satisfactorily rendered and the costs thereof

(a) If any personnel (other than citizens and residents of the Cooperating Country), whether United States Government employee, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency, or any agency authorized by the Cooperating Agency who are present in the Cooperating Country to provide services which AID has agreed to furnish or finance under this Project Agreement, are, under the laws, regulations or administrative procedures of the Cooperating Country, liable for income and social security taxes with respect to income upon which they are obligated to pay income or social security taxes to the Government of the United States of America, for property taxes on personal property intended for their own use, or for the payment of any tariff or duty upon personal or household goods brought into the cooperating country for the personal use of themselves and members of their families (not including such personal or household goods as may be sold by such personnel in the Cooperating Country), the Cooperating Agency will pay such taxes, tariff, or duty unless exemption is otherwise provided by any applicable international agreement.

J. Any personnel (other than citizens and residents of the cooperating country), whether United States Government employees, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the Cooperating Country to provide services which AID has agreed to furnish or finance under this Project Agreement shall be subject to the approval of the Cooperating Agency and AID, and shall be under the general direction of the Director of the AID Mission to the Cooperating Country.

K. If any commodity is furnished to the Cooperating Agency, or any public or private agency authorized by the Cooperating Agency, on a grant basis through financing by AID pursuant to this Project Agreement under arrangements which will result in the accrual of proceeds to the Cooperating Agency or any authorized agency and if the applicable agreement between the two governments referred to on the first page of this Project Agreement does not provide for the establishment of a Special Account and the deposit therein of currency of the Cooperating Country, the Cooperating Agency will make such arrangements as may be necessary to establish a Special Account to deposit therein currency of the Cooperating Country in amounts equal to such proceeds, in accordance with such terms and conditions as may be agreed upon. Funds in the special account may be used only as agreed upon by AID and the Cooperating Agency; provided, that such portion of the funds in the Special Account as may be designated by AID shall be made available to AID to meet the requirements of the United States.

L. In the event that currency of a country other than the United States or the Cooperating Country is introduced into the Cooperating Country by AID or any public or private agency for the purposes of carrying out obligations of AID hereunder, the Cooperating Agency will make such arrangements as may be necessary to effect conversion of such currency into the currency of the Cooperating Country at the highest rate which, at the time the conversion is made, is not unlawful in the Cooperating Country. All uses of the currency of the Cooperating Country obtained by this conversion shall be subject to the requirements of paragraph F herein relating to local currency.

M. AID shall expend funds and carry on operations pursuant to this Project Agreement only in accordance with the applicable laws and regulations of the United States Government.

N. The two parties shall have the right at any time to observe operations carried out under this Project Agreement. Either party during the term of the Project and three years after the completion of the project, shall further have the right (1) to examine any property procured through financing by that party under this Project Agreement, wherever such property is located, and (2) to inspect and audit any records and accounts with respect to funds provided by, or any properties and contract services procured through financing by, that party under this Project Agreement, wherever such records may be located and maintained. Each party, in arranging for any disposition of any property procured through financing by the other party under this Project Agreement, shall assure that the rights of examination, inspection and audit described in the preceding sentence are reserved to the party which did the financing.

O. Upon completion of the project, a Completion Report shall be drawn up, signed by appropriate representatives of AID and the Cooperating Agency, and submitted to AID and the Cooperating Agency. The Completion Report shall include a summary of the actual contributions by both AID and the Cooperating Agency to the project, and shall provide a record of the activities carried out, the objectives achieved, and related basic data. AID and the Cooperating Agency shall each furnish the other with such information as may be needed to determine the nature and scope of operations under this Agreement and to evaluate the effectiveness of such operations.

P. The present Agreement shall enter into force when signed. Either party may terminate this Project Agreement by giving the other party 30 days written notice of intention to terminate it. Termination of this

Project Agreement shall terminate any obligations of the two parties to make contributions pursuant to Blocks 8 and 9 of this Project Agreement, except for payments which they are committed to make pursuant to non-cancellable commitments entered

into with third parties prior to the termination of the Project Agreement. It is expressly understood that the obligations under paragraph H relating to the use of property shall remain in force after such termination.

PAGE 2 OF 6 PAGES

Original or

Revision No. 1

The purpose of this revision is to delete ANNEX A in its entirety and substitute the following:

I. BACKGROUND

A. Fast, efficient and reliable telecommunications are required to enable the GVN National Police (NP) and other government security agencies to maintain effective law and order and counterinsurgency operations. Wartime requirements, inadequate public telephone service and the complete lack of rural telephone services necessitate the assistance proposed under this project.

The increased success of the pacification program has placed an increased responsibility on the GVN Combined Telecommunications Directorate (CTD) to expand the telecommunications support of the National Police and other security agencies throughout Vietnam.

The U.S. Department of Defense since 1968 has assumed partial responsibility for communications between villages and hamlets by providing radios and radio parts for the GVN Village Hamlet Radio System. Details are contained in ProAg # 70-060.

B. The USAID/CORDS Public Safety Telecommunications project assists the GVN Combined Telecommunications Directorate (CTD), the Provincial Radio System, and the Village-Hamlet Radio System (VHRS). These systems are primarily intended to provide a network in support of essential civil security and administrative communications throughout the Republic of Vietnam. The CTD system will be operated and maintained by the DGNP after the cessation of hostilities.

Currently CTD supports the DGNP by providing:

1. Command and operational voice, teletype, and radio telegraph communications to and between NP Headquarters, autonomous cities, regions, provinces, and districts; and
2. Tactical communications systems to support National Police Field Forces (NPF) and the Saigon Metropolitan Police Directorate (SMPD) operations.

The GVN civilian communications network is not assisted by this project.

3. Original or

Revision No. 1

Provided within this project are US advisors and various Third Country National (TCN) technicians who have the responsibility to establish an adequate telecommunications network and to train qualified Vietnamese technicians to maintain the system. This project has also provided for the purchase, replacement and maintenance of equipment for the various types of radios required to implement the planned system.

II. OBJECTIVES

To provide adequate telecommunications for the use of police units, other security agencies and all GVN ministries between Saigon and the regions, provinces, districts, villages and hamlets.

A. ACTIVITY: COMBINED TELECOMMUNICATIONS DIRECTORATE (CTD)

The objective of the CTD is to assist in the further development of management, technical personnel; and operational, maintenance and training procedures and facilities of the CTD. The following goals have been established to accomplish this objective.

1. To install, expand and maintain the radio, telephone, telegraph and teletype networks of the CTD. Required construction commodities for renovation of existing, and erection of new CTD facilities; replacement vehicles for CTD use, and telephone, telegraph and teletype equipment and accessories will be procured and distributed.
2. Improve the operation and technical proficiency of the National Police CTD telecommunications system and personnel by advising, assisting and training Vietnamese in inspection and maintenance of equipment, and upgrading of management skills.
3. Improve the Saigon, to region, to province HF radio telegraph and teletype facilities and systems through the installation of transmitters, receivers and generators at selected sites, and the training Vietnamese teletype repairmen.
4. Improve the CTD logistics and property distribution system by enforcing the ordering of commodities on an EOQ (economic order quantity) basis and adopting accepted stock rotation and commodity storing, handling and shipping procedures.

5. Selectively integrate National Police and CTD facilities by co-locating transmitter sites and assigning National Police technicians to the CTD.
6. Achieve a CTD personnel force level of 3500 by assisting the CTD to (a) regain the personnel lost in the mobilization; (b) develop meaningful wage scales; and (c) provide on-the-job training (OJT) to upgrade the skills of CTD technicians.

B. ACTIVITY: NATIONAL POLICE (NP) TELECOMMUNICATIONS

The objective of NP is to assist in the development, operation and maintenance of the NP Telecommunications System through FY 74; the following goals have been established:

1. To expand and maintain a telecommunications system of voice nets from Headquarters Saigon-to-region; region-to-province; province-to-district and intra-district; Phoenix operations; Special Police District nets; NPFF; Marine Police; Combined Patrol Operations; SMPD and Traffic Order Police.
2. Improve the technical proficiency of the National Police Telecommunications System (NPTS) by assigning one PSD US Direct Hire and one US Contract Technician to advise, assist in management, and inspection of the operations of the NPTS.

C. ACTIVITY: POSTWAR PLANNING

The objective of the postwar planning is to determine the optimal organizational arrangement for future operations of the systems supported by this project and possible integration of these with other in-country communications systems.

The immediate goal is the completion of a comprehensive study of the inter-relationship of all communications systems under the control of the Joint GVN/USG Communications and Electronics Staff Committees (CESC) which have been established. Details are contained in Project 029, Telecommunications. The study will utilize the services of a contractor funded under that project.

D. ACTIVITY: VILLAGE HAMLET RADIO SYSTEM

III. RESPONSIBILITIES

A. The GVN

1. The Ministry of Interior (MOI) designates the Director of the Combined Telecommunications Directorate, or his designee, as Project Manager for this Project.

2. The MOI agrees to support this project through the normal revenues made available to the Ministry for its operations.

3. The Project Manager will establish and maintain a system of delivery, accountability, and related procedures to insure that commodities programmed for the Telecommunications Project will be delivered to that Project upon receipt by the CTD.

4. The Project Manager will provide suitable office space and vehicle transportation for US technical advisors assigned to this activity.

B. USAID

The United States Agency for International Development (USAID) designates the Director of Public Safety, or his designee, to serve as Project Representative for this Project.

IV FINANCIAL OBLIGATIONS

A. USAID

The \$653,500 obligated in block 8 on the face sheet of this revision provides for the procurement of commodities as indicated below:

Worksheet Number (If Any)	PIO/C Number & Type (C, T or P)	OLP Number (If Any)	Purpose	Transportation Cost (Non-Add)	PIO/C Value
70/04	0100164	26/70	Teletype Paper	\$ 2,900	\$ 17,600
70/02	0100162	16/70	Transceivers	100,400	627,400
70/05	0100165	27,70	Test Equipment	900	5,500
70/03	0100166	21/70	Air Conditioners	500	3,000
				\$ 104,700 (Non Add)	\$653,500

Total obligated Revision # 1

\$653,500

B. GVN

The MOI agrees to the use of VN\$65,000,000 from the CY 69 American Aid Chapter in support of this project.

See Piaster Budget Annex B, attached to the original of this Pro-Ag.

V. SPECIAL PROVISIONS

A. The DGBFA will provide USAID with a monthly financial report of piaster obligations and expenditures.

B. Piaster shifts between budget articles or items of up to 20% are permissible without amendment to this agreement as provided for under the CY-69 Local Currency Letter of Understanding dated 6/16/69.

3. Project/Activity Title. Public Safety Telecommunications Village Hamlet Radio System (DOD)	

I. BACKGROUND

The Village Hamlet Radio System (VHRS) is an AID/DOD supported GVN communications system comprised of radios (HT-1, TR-5 and TR-20), technicians and repair facilities located at selected population centers and with the security forces operating in those areas. Custodial, technical, logistical and management responsibility for the VHRS is vested in the GVN Combined Telecommunications Directorate (CTD) of the Ministry of Interior (MOI). Operational control is decentralized to province and city level and is under the immediate jurisdiction of the respective province chief or mayor.

The VHRS was first proposed in 1960 to support essential civil and security communications between remote population centers and higher levels of civil government authority. The original criteria envisioned that the VHRS would provide the widest communications coverage, at the most reasonable cost, with the capability of maintaining 80 to 90% of the equipment operational at all times. Although desirable, it was neither economically nor operationally feasible to establish a 95 to 100% reliable system which would be operated by inexperienced personnel in remote areas under the existing or foreseeable security conditions in Vietnam. Since its inception, the VHRS has been operated in accordance with the original criteria and has rapidly become an important segment of the GVN communications capability.

By 1968, the number of radios in the VHRS system had increased from an original 2,420 to approximately 16,000. As VC activity increased, further demands were imposed on the system through the necessity of satisfying military and para-military communications requirements. Accordingly, COMUSMACV directed MACCORDS/PSD to procure an additional 15,000 radios to cope with the increased demand for rapid and reliable communication, and the Department of Defense has funded the increased requirement. It is estimated that a total of 37,000 radios will eventually be operational within the system to support a combined total of approximately 15,000 villages and hamlets within Vietnam.

Since inception of the project, approximately 40,000 radios have been provided or are currently on order for this activity, as follows:

HT-1 31,700; TR-5, 5,900; and TR-20, 2,400.

Of the above, approximately 2,000 have been destroyed or lost to the VC.

PROAG
CONTINUATION
SHEET
ANNEX A

PROJECT AGREEMENT BETWEEN AID AND DGBFA AN AGENCY OF THE GOVERNMENT OF Vietnam	1. Project/Activity No. 730-11-710-299	PAGE 3 OF 5 PAGES
	2. Agreement No. 70-060	3. <input checked="" type="checkbox"/> Original or Revision No. _____
3. Project/Activity Title: Public Safety Telecommunications Village Hamlet Radio System (DOD)		

The HT-1 radio is a crystal controlled, single channel, 30-40 megahertz (MH), amplitude modulated transceiver with a range of up to 5 km. As the basic unit of the VHRS, it is used primarily for communication between hamlets and villages and by US, ARVN, RDC, RFPF, NP or other CORDS authorized forces providing village-hamlet security.

The TR-5 is compatible with the HT-1 and has a range of up to 15 km. It is the primary mode of communication between Villages/Districts and Province headquarters.

The TR-20 radio is being phased out of the VHRS and is being replaced by the TR-5 radio.

With PSD/TEL support, CTD has established an extensive technical and logistical support organization. A supply depot and 5th echelon repair facility have been established at Thu Duc (Saigon). Six CTD Regional and ten sub regional maintenance and supply facilities provide decentralized support. Second echelon VHRS facilities are operational in 28 provinces, while 16 are scheduled for completion during FY 1970.

GVN personnel are responsible for the requisition, issue, distribution, installation, operation and rotation of VHRS commodities in compliance with CTD policies and procedures.

Local electric power sources are either non-existent or have proven ineffective in many VHRS operating areas. To insure security coverage, four (4) six volt batteries have been provided for TR-5 and TR-20 radios located at each fixed station. Battery chargers are provided at each location.

Dry cell (series D, 1.5 volt flashlight) batteries for HT-1 radios are supplied on the basis of eight batteries per week per radio. Battery consumption rate has averaged 9 million batteries per year.

CORDS/PSD has provided the CTD with US Direct-Hire Advisory and Technical Assistance; and TCN (Filipino) maintenance and instructional assistance at national, regional and province level. US military NCO's have been assigned to each province to collate and compile data regarding the usage, location, condition and efficacy of each radio in the VHRS system. These data, reported on Automatic Data Processing

Equipment, are distributed to all interested management levels for evaluation and action.

II. PROJECT OBJECTIVE

To provide adequate telecommunications for use of police units; other security agencies; GVN ministries and other authorized users; between Saigon and the regions, provinces, districts, villages and hamlets within Vietnam.

III. ACTIVITY TARGETS

- A. Expand and provide commodity support to maintain the VHRS at approximately **37,000 radios through FY 1974.**
- B. Establish, equip and assist in operating an additional 16 province radio repair shops to a total of 44 during CY 1970, and assign 10 vehicles to the major repair facilities.
- C. Establish and maintain the MACV Automatic Data Processing of VHRS status reports.
- D. Support of approximately 3000 VHRS radios used by Rural Development Cadre (RDC) personnel was assumed by the CTD in CY 1969. An additional 4200 radios are **being procured for delivery to the RDC during FY 1970.**
- E. Procure and distribute approximately 10% (3,700) radios per year to replace aged, irreparable, destroyed and captured radios during FY 70.
- F. Conduct a survey of the VHRS to determine:
 - 1. Utilization and operational efficiency of all radios;
 - 2. Effectiveness of the VHRS in the accomplishment of activity targets;
 - 3. Reliability of VHRS Radio listing.
- G. Conduct on the job training for VN personnel assigned to VHRS operations and maintenance.

IV. RESPONSIBILITIES

A. GVN

1. The Ministry of Interior (MOI) designates the Director of the Combined Telecommunication Directorate (CTD), or his designee as Project Manager for this project.
2. The MOI agrees to support this project through normal revenues made available to the Ministry for its operations.
3. The Project Manager will establish and maintain a system of storage, delivery, accountability and related procedures to insure that commodities programmed within this project be delivered to the appropriate activity upon receipt.
4. The Project Manager will provide suitable office space and vehicle transportation for US technical advisors.

B. USAID

1. The United States Agency for International Development (USAID) designates the Director of Public Safety, or his designee, to serve as Project Representative for this project.
2. Depending on availability of DOD-Reimbursable funds, USAID will provide the following commodities:

<u>Item</u>	<u>Description</u>	<u>Qty</u>	<u>Cost</u>
1	Wheeled Vehicles Truck CJ-6	10 EA	\$ 38,000
2	Transceivers (HT-1, TR-5)	600 EA	263,000
3	Battery Chargers (Diesel, AC)	50 EA	25,000
4	Antennas (AT-20, 50 ft Mast)	600 EA	23,000

- a. Within the currently authorized ceiling of \$ 363,000 as indicated in Block 8, the Project Manager and Project Representative may jointly re-program item quantities and dollar amounts by 20% without amendment of this ProAg.
- b. The wide variety of commodities to be supplied under this agreement, makes it impractical to issue all of the required sub-obligating PIO/Cs at one time. Accordingly, paragraph C, below, will be amended to include sub-obligating PIO/Cs under the waiver authority granted to the Mission Director under Manual Order 712.4, Para III A, 3, a. All sub-obligating PIO/Cs will be issued within six months after the date of this agreement.
- 3. For FY 70 AID Dollar funding and CY 69 AAC funding see Project Agreement number 70-019.

USAID/GVN STANDARD PROVISIONS

I. RESPONSIBILITIES :

A. USAID

1. Availability of funds permitting, USAID proposes to provide dollar funds to finance the procurement of contract services, commodities, technicians' costs, participant training, and other costs as required for this project. Except for technician costs, the actual obligation of these funds will be accomplished by separate documentation signed by the GVN and USAID if they are not obligated by this Project Agreement.

2. AID agrees to furnish technical advice, guidance, and assistance through technical advisors, consultants, or contractors to assist the GVN Ministry sponsoring this project, in all technical and financial aspects of the project, including planning and implementation.

3. AID agrees to assist the Government of Vietnam in the selection of participants for further study and training in the USA and third countries and to assist in planning study and observation tours as required.

4. USAID shall appoint a Technical Advisor, who will act as the USAID technical specialist and be delegated the authority to assist his GVN counterpart in the latter's responsibility to supervise, develop, and implement this project. Notification of the name of the USAID Technical Advisor shall be made to DGBFA and the appropriate Ministry within 10 days after the Agreement has been signed. The Technical Advisor or his successor will assure continuity of activities undertaken pursuant to this Project Agreement.

5. USAID shall make available to the USAID Technical Advisor such technical, financial, or administrative services as may be necessary to implement the project on schedule, including relevant financial data concerning the USAID direct dollar assistance. This information will also be made available to DGBFA.

USAID/GVN STANDARD PROVISIONS - CONTINUED

B. Government of Vietnam :

1. The GVN agrees to provide the plaster funds from the source and in the amount specified under block 9 of this Project Agreement for the purposes designated in this Agreement.

2. The GVN Minister sponsoring this project, or his authorized representative, shall appoint a Project Manager, who will act as the GVN technical specialist and be delegated the authority to supervise, develop and implement this project, with the assistance of U.S. technical advisors. Notification of the appointment and the name of the Project Manager shall be made to USAID and DGBFA within 10 days after this Agreement has been signed.

3. The GVN Minister, or his authorized representative, shall make available to the Project Manager such technical, financial, or administrative services as may be necessary to implement the project on schedule, including financial data from the National Budget relating to the project. This information will also be made available to USAID.

4. For evaluation and review purposes, the Project Manager, acting through his Minister, shall render to the Directorate General for Budget and Foreign Aid (DGBFA) quarterly progress reports in a format approved by the GVN and USAID. Copies of the reports will also be made available to USAID.

5. In accordance with AID regulations governing the selection of participants, the Project Manager is to nominate qualified technicians associated with the project as candidates for participant training. Selection of participants and nomination to the GVN and USAID for approval will be achieved jointly by the Project Manager and his U.S. technical advisors. The GVN agrees that all participants selected and mutually approved by the GVN and USAID for training shall (a) be released for training when scheduled, (b) have their salary continued during the period of training, and (c) shall be immediately re-employed upon their return from training in the same position from which released or in a more responsible position in the project.

AN AGENCY OF THE GOVERNMENT OF

Vietnam

1. Project/Activity No.

730-11-710-299

2. Agreement No.

70-060

3.

Original or Revision No.

A. As used herein, the term «AID» refers to the Agency for International Development, any component agency, or any successor agency. References to «this Project Agreement» shall mean the original Project Agreement as modified by any revisions which have entered into effect.

B. (1) AID will make available the amounts specified in Block 8 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may be further described in Annex A, as required by Block 5 hereof. In addition, as may be further specified in Annex A, AID will, subject to the availability of funds and (where required by AID procedures) as provided for in Project Implementation Orders (PIOs) issued by AID in accordance with its procedures, make available funds (a) to pay costs of furnishing technical services to be performed by United States Government employees in connection with the project, (b) to pay a share of the costs of providing training outside the cooperating country in connection with the project for qualified persons from the cooperating country, and (c) to pay such additional costs as may be specified.

(a) The Cooperating Government Agency will make available the amounts specified in Block 9 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may further be described in Annex A. The Cooperating Government Agency will also make, or arrange to have made, additional contributions of property, services, facilities and funds required for carrying out the project as may be specified in Annex A, or as may subsequently be agreed upon by the two parties.

C. AID and the Cooperating Agency may obtain the assistance of other public and private agencies in carrying out their respective obligations under this Project Agreement. The two parties may agree to accept contributions of property, services, facilities and funds for purposes of this Project Agreement from other public and private agencies, and may agree upon the participation of any such third party in carrying out activities under this Project Agreement.

D. AID shall not be required to make any contribution after the expiration of six months following the estimated final contribution date (Block 13 of the Project Agreement form AID 1330-1) or any amended final contribution date specified herein. Except as otherwise specified herein or subsequently

agreed by the parties, all contributions of the Cooperating Agency pursuant to this Project Agreement shall be made on or before said estimated termination date, or amended date. A contribution of goods or services shall be considered to have been made when the goods or services, provided or financed by the contributing party, are delivered in accordance with commercial practice.

E. The procurement of commodities and contract services to be financed in whole or in part by AID may (where so required by AID procedures) be undertaken only pursuant to PIOs issued by AID in accordance with its procedure.

F. Unless otherwise specified in the applicable PIO, the procurement of commodities financed with the AID contribution referred to in Block 8 of this Project Agreement shall be subject to the provisions of AID Regulation 1.

G. Unless otherwise specified in the applicable PIO, title to all property procured through financing by AID pursuant to Block 8 (c) of this Project Agreement shall be in the Cooperating Agency, or such public or private agency as it may authorize. This provision is inapplicable to any property which may be used in connection with the project but is not financed pursuant to said Block 8 (c).

H. Any property furnished to either party through financing by the other party pursuant to this Project Agreement shall, unless otherwise agreed by the party which financed the procurement, be devoted to the project until completion of the project, and thereafter shall be used so as to further the objectives sought in carrying out the project. Either party shall offer to return to the other, or to reimburse the other for, any property which it obtains through financing by the other party pursuant to this Project Agreement which is not used in accordance with the preceding sentence.

I. (1) If AID and any public or private organization furnishing commodities through AID financing for operations hereunder in the cooperating country, is, under the laws, regulations or administrative procedures of the cooperating country, liable for customs duties and import taxes on commodities imported into the cooperating country for purposes of carrying out this Project Agreement, the Cooperating Agency will pay such duties and taxes unless exemption is otherwise provided by any applicable international agreement.

(a) If any personnel (other than citizens and residents of the cooperating country), whether United

I. States Government employees, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the cooperating country to provide services which AID has agreed to furnish or finance under this Project Agreement, are, under the laws, regulations or administrative procedures of the cooperating country, liable for income and social security taxes with respect to income upon which they are obligated to pay income or social security taxes to the Government of the United States of America, for property taxes on personal property intended for their own use, or for the payment of any tariff or duty upon personal or household goods brought into the cooperating country for the personal use of themselves and members of their families (not including such personal or household goods as may be sold by any such personnel in the cooperating country), the Cooperating Agency will pay such taxes, tariff, or duty unless exemption is otherwise provided by any applicable international agreement.

J. Any personnel (other than citizens and residents of the cooperating country), whether United States Government employees, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the cooperating country to provide services which AID has agreed to furnish or finance under this Project Agreement shall be subject to the approval of the Cooperating Agency and AID, and shall be under the general direction of the Director of the Mission to the cooperating country.

K. If any commodity is furnished to the Cooperating Agency, or any public or private agency authorized by the Cooperating Agency, on a grant basis through financing by AID pursuant to this Project Agreement under arrangements which will result in the accrual of proceeds to the Cooperating Agency or any authorized agency and if the applicable agreement between the two governments referred to on the first page of this Project Agreement does not provide for the establishment of a Special Account and the deposit therein of currency of the cooperating country, the Cooperating Agency will make such arrangements as may be necessary to establish a Special Account and to deposit therein currency of the cooperating country in amounts equal to such proceeds, in accordance with such terms and conditions as may be agreed upon. Funds in the Special Account may be used only as agreed upon by AID and the Cooperating Agency; provided, that such portion of the funds in the Special Account as may be designated by AID shall be made available to AID to meet the requirements of the United States.

L. The Cooperating Agency will make such arrangements as may be necessary so that funds introduced into the cooperating country by AID or any public or private agency for purposes of carrying out obligations of AID hereunder shall be convertible into currency of the cooperating country at the highest rate which, at the time the conversion is made, is not unlawful in the cooperating country.

M. AID shall expend funds and carry on operations pursuant to this Project Agreement only in accordance with the applicable laws and regulations of the United States Government.

N. The two parties shall have the right at any time to observe operations carried out under this Project Agreement. Either party during the term of the Project and three years after the completion of the project, shall further have the right (1) to examine any property procured through financing by that party under this Project Agreement, wherever such property is located, and (2) to inspect and audit any records and accounts with respect to funds provided by, or any properties and contract services procured through financing by, that party under this Project Agreement, wherever such records may be located and maintained. Each party, in arranging for any disposition of any property procured through financing by the other party under this Project Agreement, shall assure that the rights of examination, inspection and audit described in the preceding sentence are reserved to the party which did the financing.

O. Upon completion of the project, a Completion Report shall be drawn up, signed by appropriate representatives of AID and the Cooperating Agency, and submitted to AID and the Cooperating Agency. The Completion Report shall include a summary of the actual contributions by both AID and the Cooperating Agency to the project, and shall provide a record of the activities carried out, the objectives achieved, and related basic data. AID and the Cooperating Agency shall each furnish the other with such information as may be needed to determine the nature and scope of operations under this Agreement and to evaluate the effectiveness of such operations.

P. The present Agreement shall enter into force when signed. Either party may terminate this Project Agreement by giving the other party 30 days written notice of intention to terminate it. Termination of this Project Agreement shall terminate any obligations of the two parties to make contributions pursuant to Blocks 8 and 9 of this Project Agreement, except for payments which they are committed to make pursuant to noncancellable commitments entered into with third parties prior to the termination of the Project Agreement. It is expressly understood that the obligations under paragraph 11 relating to the use of property shall remain in force after such termination.

Revision No.

I. BACKGROUND

The Public Safety Telecommunications project is divided into two major sub-activities: The National Police (NP), which includes the Saigon Metropolitan Police Directorate (SMPD), and the Combined Telecommunications Directorate (CTD), which includes the Village Hamlet Radio System (VHRS). US and GVN resources and assistance are required to expand the telecommunications support of the National Police and other security agencies throughout Vietnam as increased success is attained in the pacification program.

II. DESCRIPTION AND OBJECTIVE

The overall objective is to provide a reliable nationwide telecommunication system from Saigon to the regions, provinces, districts and village and hamlet population centers. A reliable communications network is required if the NP and other government security agencies are to maintain effective law and order and conduct necessary counterinsurgency operations. Details of the specific targets for each activity are contained in Para IV, below. The major objectives of this project are to:

1. Assist in the development, operation and maintenance of the National Police Telecommunications System.
2. Assist CTD in the maintenance and improvement of the existing radio, telephone, telegraph, and teletype networks, including the Saigon to province NP networks.
3. Upgrade the technical proficiency of CTD personnel.
4. Improve the CTD logistics and property distribution systems.
5. Selectively integrate the NP and CTD facilities.
6. Support CTD efforts to increase its personnel and salary levels.
7. Provide adequate commodity and advisory support for the Village/Hamlet Radio System.

III. DESIGNATIONS

A. The Chief, Telecommunications Division, PSD will serve as US Project Manager for this project. In this capacity, he will act as technical advisor, coordinate the USAID assistance provided for the project, and work closely with the GVN Project Manager in all phases of the project.

B. The Ministry of Interior (MOI) designates the Director, Combined Telecommunications Directorate, or his designee, as GVN Project Manager for this project. In this capacity, he will be responsible for the overall implementation of the program.

IV. IMPLEMENTATION PLAN AND RESPONSIBILITIES

The USAID will provide 14 US direct hire; 15 US contract and 159 TCN contract telecommunications technicians to assist the GVN Project Manager in accomplishing the major actions to be taken in achieving activity goals as follows:

1. NATIONAL POLICE TELECOMMUNICATIONS SYSTEM (NPTS) ACTIVITY

Assist the GVN Project Manager in the further development, operation, maintenance and improved technical proficiency of the NPTS telecommunications system of voice networks at all levels by:

a. Providing technicians to assist in completing the expansion of the NP automatic telephone system from 600 to 1600 lines by the end of FY 72. USAID financed commodities, largely procured in prior years, include telephone switchboards, cables and hardware to be installed at and between the Saigon Metropolitan Police Directorate (SMPD) Headquarters and the Directorate General of National Police Headquarters (DGNP); the two new SMPD Precincts; the National Police Hospital and the Marine Police Base at Phu Xuan.

b. Providing replacement radios, floater radios and the necessary spare parts to maintain the NPTS during FY 1971.

c. Providing motorcycle radio equipment for 35 National Traffic Order Police during FY 1971, and

d. Through the US Project Manager, advising and assisting the GVN Project Manager in the improvement of administrative and managerial procedures.

2. COMBINED TELECOMMUNICATIONS BUREAU ACTIVITY (CTB)

a. Assist the GVN Project Manager in maintaining, operating and improving all existing radio, telephones, telegraph and teletype networks and upgrading the technical proficiency of CTB personnel by:

(1) Providing telecommunications spare parts commodity support during FY 71.

(2) If and when available from excess property sources, providing seven prefabricated buildings to be used for dry cell battery storage at Thu Duc and the six CTB Regions. The GVN will erect the buildings, and renovate existing buildings where necessary through the use of CY71 GVN Regular Budget and plasters provided hereunder.

(3) Assisting the GVN Project Manager in conducting and supervising in-country basic, on-the-job, and advanced telecommunications training for 600 NP and CTB telecommunications technicians during FY 71. Training will include theory, repair and maintenance of radio, teletype and telegraph facilities and systems.

(4) Financing participant training in the US for nine NP and CTB telecommunications administrators and supervisors during FY 71. Personnel will be jointly selected by the GVN and US Project Managers.

b. Improve the CTB logistics management and property distribution systems by:

(1) Continually reviewing, refining, upgrading and monitoring the CTB back-order system.

(2) Establishing proper spare parts stock levels based on current and projected usage factors at all CTB facilities, and enforcing stock rotation plans to assure that commodities (especially batteries) are issued on a first-in first-out (FIFO) basis.

(3) Enforcing the utilization of GVN transportation facilities for in-country movement of commodities in lieu of US transportation.

(4) Enforcing proper packaging, shipping and handling procedures for all CID equipment and commodities.

c. Assisting the GVN Project Manager in selectively integrating National Police and Combined Telecommunications Directorate facilities by:

(1) Co-locating 20% of the CID transmitter sites with National Police facilities to a total of 40% integration by the end of FY 71.

(2) Assigning additional NP radio technicians to each CID repair facility during FY 71. A total of 100 additional technicians will be so assigned.

d. Assist and support the GVN Project Manager in his effort to increase the CID personnel level by 167 men, to a total of 2,900 by the end of FY 71 by:

(1) Assisting the GVN Project Manager in requesting draft deferment for selected CID key personnel.

(2) Assisting the GVN Project Manager in planning for, requesting and implementing pay raises for CID trained personnel.

3. VILLAGE MARKET RADIO SYSTEM (VMRS) ACTIVITY

Insure adequate operation, maintenance and commodity support; and provide training for VN technicians within the VMRS by:

a. Evaluating requirements and providing an estimated 1,500 radios, associated spare parts, and in-country transportation for VMRS radios during FY 71.

b. Assisting the GVN Project Manager in processing documentation for approved commodity support.

c. Providing DCM Contract Technicians to assist the GVN Project Manager in training VN personnel in the repair and maintenance of VMRS equipment.

d. Assigning military NCO's, as made available by DOD, to support 44 province repair shops during FY 71.

4. GENERAL

In support of the activities enumerated above, the GVN will:

- a. Provide for the proper servicing, operation and maintenance of AID financed equipment, vehicles, facilities and structures in use or to be procured or constructed for this project.
- b. Provide suitable office space and vehicle transportation for US technical advisors assigned to this activity.
- c. Assure that individuals selected for participant training satisfy course prerequisites as outlined in the Public Safety Training Program Guide. In addition, the GVN agrees that upon completion of training, returned participants will be retained in the employ of the GVN for at least three years in command or supervisory positions equal to or higher than the positions they held prior to departure for the training.

V. EXPLANATION OF FINANCING

A. The dollar funds obligated on the face sheet (Blocks 8a, 8b, and 8c) will be used to provide personnel services through contract, and participant training for this project. Details will be contained in the appropriate implementing documents.

B. The Ministry of Interior agrees to support this project through the normal revenues made available to the Ministry for its operation.

VI. REPORTING AND EVALUATION

The US and GVN Project Managers shall jointly prepare and submit to their respective agencies quarterly progress reports and other reports as may be requested, in a format mutually acceptable to the GVN and USAID. Distribution will include DCBFA and other GVN agencies as appropriate.

VII. SPECIAL PROVISIONS

A. The GVN and US Project Managers may approve shifts between plaster budget articles or items of up to 20%, without amendment to this agreement.

B. Any land required for construction will be financed from GVN Regular Budget and title shall be vested in the GVN prior to beginning of construction.

C. All plans and specifications for construction to be accomplished under this agreement shall be approved by both the GVN Project Manager and the US Project Manager prior to implementation of construction.

D. The GVN Project Manager will establish a system of delivery, accountability, and related procedures to insure that commodities programmed for the PSD Telecommunications Project will be delivered to the intended activity upon receipt by the GVN and that adequate physical facilities and utilities are furnished for such commodities.

E. Title to the commodities procured under this agreement shall pass to the GVN at the time, place, and under the conditions specified below as applicable.

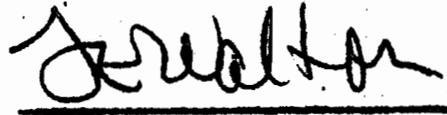

1. Irrespective of Authorized Agent, when project commodities are shipped via the United States Defense Transportation System or APO/FPO mail, title shall vest in the United States Government until such commodities are unloaded and received by an agency of the GVN. At the time when such commodities are unloaded and received, title shall pass to the GVN.

2. Irrespective of Authorized Agent, when project commodities are shipped via commercial carriers or international mail, title is vested in the Government of Vietnam at the time and place of loading/mailling.

F. The dollars provided in Block 8d of the face sheet will be converted to piasters by the United States Disbursing Officer (USDO) on an as needed basis up to an amount not to exceed \$1,060,000 in accordance with the CY71 budget attached. Such piasters will be considered as a grant to the GVN and will be deposited in the Counterpart Special Account. These piasters will be released by USAID to be applied to the CY71 AAC, Budget.

AID 1885-14 9-70 PRO AG CONTINUATION SHEET ANNEX <u>A</u>	PROJECT AGREEMENT BETWEEN AID AND DGBFA AN AGENCY OF THE GOVERNMENT OF Vietnam	1. Project/Activity No. 730-11-710-299	PAGE <u>2</u> OF <u>8</u> PAGES
		2. Agreement No. 72-029	3. <input type="checkbox"/> Original or Reproduction <u>5</u>
		2. Project/Activity Title Public Safety Telecommunications	

I. BACKGROUND

The Public Safety Telecommunications project is divided into two major sub-activities: The National Police Command (NPC), which includes the Saigon Metropolitan Police Directorate (SMPD), and the Combined Telecommunications Directorate (CTD), which includes the Village Hamlet Radio System (VHRS). US and GVN resources and assistance are required to expand the telecommunications support of the National Police Command and other security agencies throughout Vietnam as increased success is attained in the pacification program.

II. OBJECTIVE

Project objective is to assist the GVN to operate and maintain effective telecommunications facilities and services in support of the National Police Command and other GVN agencies contributing to civil security and pacification.

III. DESIGNATIONS

A. The Chief of Telecommunications Division, Public Safety Directorate, or his designee, will serve as US Project Manager for this project. As such, he will coordinate the USAID assistance provided for the project as well as advise and assist the GVN Project Manager in all managerial, technical and administrative phases of the project.

B. The Minister of Interior (MDI) designates the Director of Combined Telecommunications Directorate, or his designee, as GVN Project Manager for this project. As such, he will be responsible for the overall implementation of the program. It is understood and agreed that he will work closely with the US Project Manager and will seek and utilize the latter's technical knowledge, advice and counsel to the maximum degree practical to attain project objectives.

IV. IMPLEMENTATION PLAN AND RESPONSIBILITIES

A. USAID

1. At the start of FY 1972, fourteen (14) US direct hire Public Safety telecommunications advisors will be assigned to this project. This number will be reduced to twelve (12) by the

end of the fiscal year. In addition, US and TCN contract personnel will provide on-the-job training to the GVN. While ten (10) US contract personnel will initially support this project, the level of support will be reduced to seven in December 1971 and terminated by May 1973. The level of TCN personnel support will be reduced from 100 people to 42 by April 1972. TCN support will be terminated in December 1972.

2. Commodity support in FY 1972 will include primarily replacement of radios, and accessories and spare parts for telecommunications equipment.

3. The project goals and major actions to be taken in achieving the goals are shown in the Work Plan, Annex B.

B. GVN

The Combined Telecommunications Directorate will take the required actions to increase its staff and will continue to press for adequate GVN budgetary resources to support its operations.

V. EXPLANATION OF FINANCING

A. The dollars obligated on prior and subsequent revisions to this Project Agreement will be used to provide personnel services through contract, commodity support, and participant training for this project. Details will be contained in the appropriate implementing documents.

B. The Ministry of Interior agrees to support this project through the normal GVN revenues made available to the Ministry for its operation.

VI. REPORTING AND EVALUATION

The US and GVN Project Managers shall jointly prepare and submit to their respective agencies quarterly progress reports and other reports, as may be required, in a format mutually acceptable to the GVN and USAID. Distribution will include DGBFA and other GVN agencies as appropriate. These reports should cover progress in the attainment

AID 122-14 9-79 PRO AG CONTINUATION SHEET ANNEX B	PROJECT AGREEMENT BETWEEN AID AND DGBIA	Project No. 730-11-710-299 A. Agency No. 32-025	Page 5 of 8 Pages B. Original or Revised No. 5
	AN AGENCY OF THE GOVERNMENT OF Vietnam	C. Project/Activity Title Public Safety Telecommunications	

WORK PLAN

The project goals and the major steps to be taken toward their accomplishment are as follows:

NATIONAL POLICE TELECOMMUNICATIONS SYSTEM (NPTS)

Goal 1: Support the National Police Telecommunications Systems and improve the technical and operational proficiency of the system and personnel.

- A. Improve systems design and radio spectrum utilization.
- B. Expand the National Police Automatic Telephone Exchange from 600 to 1,600 lines.
- C. Design a centralized communications facility.
- D. Conduct a PSD technical inspection program of National Police maintenance facilities.
- E. Intensify on-the-job training of National Police technicians.
- F. Provide participant training in the US and observation tours in 3rd country.
- G. Provide in-country training.
- H. Provide replacement radios and spare parts.
- I. Expand the NP Radio System to approximately 2,000 selected village.
- J. Expand TTY services to include four headquarters to region circuits for ID and Records service of the NP.
- K. Provide headquarters/regions/province emergency back-up HF/SSB radio transceiver system for the NP.

COMBINED TELECOMMUNICATIONS DIRECTORATE (CTD)

Goal 1: Improve the management, operation and technical proficiency of the CTD Telecommunications System and facilities.

- A. Initiate a technical inspection program of CTD region/province maintenance facilities.
- B. Increase utilization of GVN transportation facilities for in-country movement of commodities.
- C. Co-locate CTD transmitter sites with NP facilities.

	AN AGENCY OF THE GOVERNMENT OF Vietnam	2. Agreement No. 72-025	3. <input type="checkbox"/> Original to Referral No. 2
		3. Project/Activity Title Public Safety Telecommunications	

- D. Renovate existing buildings and erect 7 prefab facilities by the end of FY 72.
- Goal 2. Assist CTD in maintaining existing radio-telephone, telegraph and teletype networks.
- A. Provide commodity support.
 - B. Elevate each region and province maintenance shop to 3rd echelon level of maintenance capability.
- Goal 3. Improve the CTD logistics and property distribution system
- A. Implement quarterly regional reporting to CTD depot of stock on hand in region.
 - B. Enforce the stock rotation plan.
 - C. Review and monitor the CTD back order system.
 - D. Enforce proper shipping and handling procedures
 - E. Initiate survey action to dispose of obsolete commodities from depot stock.
- Goal 4. Improve the technical proficiency of the NP telecommunications personnel.
- A. Provide in-country training for NP telecommunications technicians.
 - B. Intensify on-the-job training of CTD technicians.

VILLAGE HAMLET RADIO SYSTEM (VHRS) ACTIVITY

- Goal 1. Continue to support the Village Hamlet Radio System for GVN Civil and Security functions within the 44 provinces, 10 autonomous cities and the villages & hamlets.
- A. Sustain the present level of VHRS radios by providing replacement of radios captured or destroyed by enemy action, and spare parts to maintain the system.

US-OWNED PIASTER BUDGET

<u>Expenditures</u>	<u>Amount</u>
Operating Supplies and Services	<u>VR\$75,800,000</u>

EXPLANATORY DETAIL

Operating Supplies and Services - Purchase of dry cell batteries, 1.5 V	<u>VR\$75,800,000</u>
--	-----------------------

1. The VR\$75,800,000 will be used to finance part of the CTD requirements for dry cell batteries.
2. The CTD will designate a disbursing officer and establish an outside budget account specifically for the VR\$75,800,000. The official designation and name of the disbursing officer shall be noted in the space below.
3. Within ten days of this Agreement, USAID/ADPM will transfer the VR\$75,800,000 to the account of the Prime Minister; ^(Special Fund) This sum will then be transferred to an outside budget account of the CTD within ten days of receipt of the funds by the Office of the Prime Minister.
4. The disbursing officer of CTD will maintain accounting records for all expenditures made. He will prepare a monthly status of funds report (showing the amount authorized, obligated and expended) for submission to USAID/ADPM and CORDS/PSD. Further, he will establish the controls necessary to safeguard all funds.
5. Upon completion of the project, the CTD will present a final statement of finance to the USAID/ADPM and CORDS/PSD and return all unused funds to the Prime Minister's office which will return them to USAID/ADPM.
6. The GVN and USAID may conduct audits of expenditures as they deem necessary and advisable.
7. Normal GVN regulations will govern the use of the US-owned piasters.

Designation of Disbursing Officer:

COL. KHONG-VAN-TUYEN DIRECTOR of the Combined Telecommunications Directorate, GVN is hereby designated as the disbursing officer responsible for the funds totaling VR\$75,800,000.

Original X Revision

Explanation and/or comments

This PROAG provides DOD funds (totaling \$1,909,900), furnished under the FY 1973 AID/DOD realignment program, to procure commodities in support of the village police station communications system.

By State telegram 158982 dated August 31, 1972, an allotment for FY 1973 was established at a level of \$7.26 million to cover DOD reimbursable requirements through September 30, 1972.

Of the \$7.26 million, commodity requirements attributable to the PSD telecommunications project total \$2.7 million, (i.e., \$2.3 million for procuring commercial radio equipment (PM-1 and PM-5) with accessories for the village police station communications system (See memo from Mr. Michael G. McCann, CORDS/AD-PS to Mr. Ernest Kaarich, ADPROG/USAID dated July 18, 1972, subject: FY 73 AID/DOD Realignment Program); and \$4 million for procurement of telecommunications accessories, spare parts, open-end funding requirements, and miscellaneous items to maintain the police telecom system.)

PROJECT DOCUMENT CLEARANCE SHEET

Project Title : Public Safety Telecommunications

Project Number : 730-11-710-299

Agreement Number : 73-037

Original _____ Revision 1

Explanation and/or comments

This revision provides DOD funds (\$718,600), furnished under the FY 1973 AID/DOD realignment program, to procure commodities in support of the police telecommunications system. The PIO/C documents, totaling \$718,600, cover the following: \$384,600 worth of accessories for the village police station communications system (PSD #73/11, \$83,200 and PSD #73/12, \$301,400); and \$334,000 worth of telecommunications accessories, spare parts, dry cell batteries and open-end emergency funding requirements to maintain the police telecommunications system (PSD #73/01, \$25,000; PSD #73/02, \$25,000; PSD #73/03, \$54,400; PSD #73/04, \$19,600 and PSD #73/05, \$210,000).

By State telegram 158982 dated August 31, 1972, an allotment for FY 1973 was established at a level of \$7.26 million to cover DOD reimbursable requirements through September 30, 1972.

Of the \$7.26 million, commodity requirements attributable to the PSD telecommunications project total \$2.7 million (i.e., \$2.3 million for procuring commercial radio equipment (FM-1 and FM-5) with accessories for the village police station communications system (see memo from Mr. Michael G. McCann, CCDS/AD-PS to Mr. Ernest Kenrich, ADPROG/USAID dated July 18, 1972, subject: FY 73 AID/DOD Realignment Program); and \$.4 million for procurement of telecommunications accessories, spare parts, open-end funding requirements and miscellaneous items to maintain the police telecommunications system).

AID 1389-1A (1976) PRO AG CONTINUATION SHEET ANNEX	PROJECT AGREEMENT BETWEEN AID AND DGBFA	1. Project/Activity No. 730-11-710-299	Page 1 of 3 pages
		2. Agreement No. 73-037	3. <input type="checkbox"/> Original or Revised No. 4
	AN AGENCY OF THE GOVERNMENT OF Vietnam	3. Project/Activity Title Public Safety Telecommunications	

A. BACKGROUND

1. In 1960, by mutual agreement, the United States Government (USG) commenced support of the Combined Telecommunications Directorate (CTD) of the Government of Vietnam (GVN) under the project title, "Strengthen Public Safety Services."

2. The CTD was established as the single GVN agency responsible for providing telecommunications services to the GVN law enforcement agencies and other GVN agencies involved in maintaining civil security throughout the Republic of Vietnam (RVN).

3. Initial support to the CTD included the provision of radios and associated equipment for the police telecommunications system. Subsequently, the support was expanded to include the development of the CTD system and the Village Hamlet Radio System (VHRS).

4. In 1963, a separate VHRS project was instituted because of the increased emphasis placed on the VHRS.

5. In FY 1965, the Public Safety Telecommunications project was established to consolidate the various security oriented telecommunications systems supporting pacification objectives and maintaining civil security. The Public Safety Telecommunications project is divided into two major activities: (a) the National Police Telecommunications System; and (b) the CTD system, which includes the VHRS.

6. The USG assistance has enabled the GVN to maintain continued effectiveness of the CTD operations and to insure that adequate telecommunications support for the National Police Command (NPC) and other civil security agencies is available throughout the RVN.

B. GOAL STATEMENT

The goal of the Public Safety sector, under which this project is assigned, is to develop viable civil institutions for the GVN which will be capable of maintaining internal security and enforcing law and order in the RVN.

C. PROJECT PURPOSE

To create and develop an integrated and unified telecommunications system capable of supporting GVN agencies involved in maintaining civil security and law and order.

		2. Agreement No. 73-037	3. <input type="checkbox"/> Original or Revision No. <u>A</u>
	AN AGENCY OF THE GOVERNMENT OF Vietnam	3. Project/Activity Title Public Safety Telecommunications	

D. CONDITIONS EXPECTED AT THE END OF PROJECT

A viable police telecommunications system with the capabilities for:

- a. Providing telecommunications service to all levels of the GVN agencies engaged in civil security and law and order.
- b. Managing, operating and maintaining an integrated telecommunications system.

E. OUTPUT TARGETS By the end of FY1973 will have:

1. National Police Telecommunications System (NPTS)

a. Supported the NPTS and improved the technical and operational proficiency of the NPTS and personnel by:

- (1) Improving systems design and utilizing radio spectrum.
- (2) Expanding the NPC automatic telephone exchange from 600 to 1,600 lines.
- (3) Expanding the NPC radio system from district level to more than 2,200 selected villages.
- (4) Expanding the teletype (TTY) services to include four headquarters-to-region circuits for the Identification and Records Service of the NPC.
- (5) Installing a headquarters/region/province emergency back-up high frequency single side band (HF/SSB) radio transceiver system for the NPC.
- (6) Establishing procedures on routine technical inspection of NPC telecommunications maintenance facilities.
- (7) Conducting on-the-job and in-country training for 145 NPC telecommunications maintenance technicians and 80 radio operators.

		2. Agreement No. 73-037	3. <input type="checkbox"/> Original or Revises No. 4
	AN AGENCY OF THE GOVERNMENT OF Vietnam	3. Project/Activity Title Public Safety Telecommunications	

2. Combined Telecommunications Directorate (CTD)

a. Improved the management, operation and technical proficiency of the CTD telecommunications system, facilities and personnel by:

(1) Establishing procedures on routine technical inspection of CTD maintenance facilities at region and province levels.

(2) Increasing the utilization of GVN transportation facilities for movement of commodities and personnel.

(3) Co-locating eighteen CTD transmitter stations with NPC facilities.

b. Maintained the existing radio-telephone, telegraph and teletype networks by elevating the capability of 26 province maintenance shops to 3rd echelon level of maintenance.

c. Improved the logistics and property distribution system by:

(1) Implementing quarterly regional stock on hand reporting to CTD depot.

(2) Implementing stock rotation plan.

(3) Reviewing and monitoring the CTD back-order system.

(4) Encouraging proper shipping and handling procedures.

(5) Completing survey on disposal of obsolete commodities from depot stock.

3. Village Hamlet Radio System (VHRS) Activity

Continued the operation of the VHRS for GVN civil and security functions within the 44 provinces, 10 autonomous cities and the villages and hamlets by:

(1) Providing replacement of radios and spare parts to maintain the VHRS at the present level of 40,000 radios.

(2) Improving automatic machine data processing system which provides information on accountability, location, use and status of VHRS radios.

F. INPUTS

1. The GVN, subject to the availability of funds and personnel, agrees to provide:

a. Personnel - The GVN will increase the CTD staff from 2,300 to 2,600 personnel.

b. Funds - The GVN will support this project through:

- (1) Its annual regular budget for the CTD; and
- (2) The AAC budget for the CTD. The CY 1973 AAC budget in support of the CTD will be set forth by a subsequent revision to this Agreement.

c. Support Services - The GVN shall provide for the proper servicing, operation and maintenance of equipment, vehicles, facilities and structures financed by the USC for use in this project.

d. Physical facilities, equipment, land -

(1) Suitable office facilities and vehicle transportation will be provided to US advisors assigned to this project.

(2) Any land required for construction purposes will be financed by the GVN from its own resources. Title to land sites will be vested in the GVN prior to implementation of any construction projects.

2. The USG, subject to availability of funds and personnel, agrees to provide:

a. Personnel - Twelve US direct hire Public Safety Telecommunications advisors (reduced to 10 by 30 June 1973) will be assigned to this project. In addition, seven (7) US telecommunications contract technicians (terminating on 31 May 1973) and 42 TCN telecommunications contract technicians (reduced to 20 by 31 December 1972) will support this project and provide on-the-job training.

b. Funds for Training - No funds for participant training are provided.

c. Commodities

(1) USAID commodity support will consist principally of telecommunications accessories and spare parts, and supplies for the

NPTS and CTD system. Radios will be provided only as replacements for damaged, lost or destroyed sets.

(2) DOD commodity support will consist principally of radio accessories, batteries and spare parts for the VHRS and radio transceivers with accessories for approximately 2,200 village police stations.

d. Other Costs - Under the AID/DOD Realignment program, DOD dollar funds will be made available to purchase piasters to finance the CTD CY 1973 AAC budget. Local currency obligations funded from the Trust Fund will provide logistical support and per diem allowances for TCH telecommunications contract technicians.

3. Other Donors

No contributions are anticipated from other Free World sources.

G. DESIGNATIONS

1. The GVN:

The Director of the Combined Telecommunications Directorate is designated as the GVN Project Manager.

2. The USG:

The Chief of the Telecommunications Division, Public Safety, CORDS is designated as the US Project Manager.

H. REPORTING AND EVALUATION

1. The GVN Project Manager will prepare and submit to the US Project Manager a monthly financial report covering the status of obligations and expenditures for the CY 1973 AAC funds.

2. The GVN and US Project Managers will prepare jointly an annual evaluation of the project based on the criteria set forth in this Agreement.

I. SPECIAL PROVISIONS

1. All plans and specifications for construction to be accomplished under this Agreement shall be approved by both the GVN and US Project Managers prior to implementation of construction.

2. The GVN Project Manager will establish a system of delivery, accountability, and related procedures to insure that commodities programmed for the PSD Telecommunications project will be delivered to the intended activity upon receipt by the CTD and that adequate physical facilities and utilities are furnished for such commodities.

3. Title to the commodities procured under this Agreement shall pass to the GVN at the time, place, and under the conditions specified below, as applicable:

a. Irrespective of authorized agent, when project commodities are shipped via the United States Defense Transportation System or APO/FPO mail, title shall vest in the United States Government until such commodities are unloaded and received by an agent of the GVN. At the time such commodities are unloaded and received, title shall pass to the GVN.

b. Irrespective of authorized agent, when project commodities are shipped via commercial carriers or international mail, title shall be vested in the GVN at the time and place of loading/mailling.

4. The GVN Project Manager agrees that, upon completion of training, returned participants will be retained in the employ of the CTD for three (3) years in command and supervisory positions equal to or higher than the positions they held on departure of training.

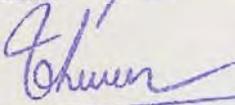

J. STANDARD PROVISIONS ANNEXES

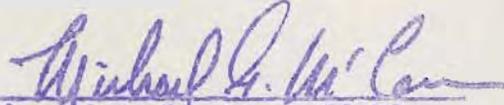

The Standard Provision Annex B (for US dollar funding) and Foreign Currency Standard Provision Annex C (for foreign currency uses) are appended hereto as part of this Agreement.

**PROJECT AGREEMENT
BETWEEN AID AND**

AN AGENCY OF THE GOVERNMENT OF

1. Project/Activity No.

2. Agreement No.

3.

Original or Revision No.

A. As used herein, the term «AID» refers to the Agency for International Development, any component agency, or any successor agency. References to «this Project Agreement» shall mean the original Project Agreement as modified by any revisions which have entered into effect.

B. (1) AID will make available the amounts specified in Block 8 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may be further described in Annex A, as required by Block 5 hereof. In addition, as may be further specified in Annex A, AID will, subject to the availability of funds and (where required by AID procedures) as provided for in Project Implementation Orders (PIOs) issued by AID in accordance with its procedures, make available funds (a) to pay costs of furnishing technical services to be performed by United States Government employees in connection with the project, (b) to pay a share of the costs of providing training outside the cooperating country in connection with the project for qualified persons from the cooperating country, and (c) to pay such additional costs as may be specified.

(2) The Cooperating Government Agency will make available the amounts specified in Block 9 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may further be described in Annex A. The Cooperating Government Agency will also make, or arrange to have made, additional contributions of property, services, facilities and funds required for carrying out the project as may be specified in Annex A, or as may subsequently be agreed upon by the two parties.

C. AID and the Cooperating Agency may obtain the assistance of other public and private agencies in carrying out their respective obligations under this Project Agreement. The two parties may agree to accept contributions of property, services, facilities and funds for purposes of this Project Agreement from other public and private agencies, and may agree upon the participation of any such third party in carrying out activities under this Project Agreement.

D. AID shall not be required to make any contribution after the expiration of six months following the estimated final contribution date (Block 13 of the Project Agreement form AID 1330-1) or any amended final contribution date specified herein. Except as otherwise specified herein or subsequently

agreed by the parties, all contributions of the Cooperating Agency pursuant to this Project Agreement shall be made on or before said estimated termination date, or amended date. A contribution of goods or services shall be considered to have been made when the goods or services, provided or financed by the contributing party, are delivered in accordance with commercial practice.

E. The procurement of commodities and contract services to be financed in whole or in part by AID may (where so required by AID procedures) be undertaken only pursuant to PIOs issued by AID in accordance with its procedure.

F. Unless otherwise specified in the applicable PIO, the procurement of commodities financed with the AID contribution referred to in Block 8 of this Project Agreement shall be subject to the provisions of AID Regulation 2.

G. Unless otherwise specified in the applicable PIO, title to all property procured through financing by AID pursuant to Block 8 (c) of this Project Agreement shall be in the Cooperating Agency, or such public or private agency as it may authorize. This provision is inapplicable to any property which may be used in connection with the project but is not financed pursuant to said Block 8 (c).

H. Any property furnished to either party through financing by the other party pursuant to this Project Agreement shall, unless otherwise agreed by the party which financed the procurement, be devoted to the project until completion of the project, and thereafter shall be used so as to further the objectives sought in carrying out the project. Either party shall offer to return to the other, or to reimburse the other for, any property which it obtains through financing by the other party pursuant to this Project Agreement which is not used in accordance with the preceding sentence.

I. (1) If AID and any public or private organization furnishing commodities through AID financing for operations hereunder in the cooperating country, is, under the laws, regulations or administrative procedures of the cooperating country, liable for customs duties and import taxes on commodities imported into the cooperating country for purposes of carrying out this Project Agreement, the Cooperating Agency will pay such duties and taxes unless exemption is otherwise provided by any applicable international agreement.

(2) If any personnel (other than citizens and residents of the cooperating country), whether United

initial advance will be in an amount equal to that between AID and the Cooperating Agency as necessary to cover estimated project expenditures for a specified time period, and will be supported by a budget developed and approved by both AID and the Cooperating Agency. When necessary to replenish the advance, the Cooperating Agency may be reimbursed for amounts actually expended by it by submitting claims for reimbursement of such amounts supported by the documentation prescribed in paragraph (c) (i) above. On the basis of such claims for reimbursement, AID may replenish the working fund in amounts equal to, but not in excess of, the actual expenditures of the Cooperating Agency as reported, up to the total amount of the AID local currency contribution less the amount of the initial advance.

All expenditures made by the Cooperating Agency against such advances must be supported by the documentation prescribed in paragraph (c) (i) above and such documentation in support of the final expenditures of the Cooperating Agency must be submitted to AID not later than 90 days after the date of the final expenditure.

(a) Documentation

With respect to all AID contributed local currency made available to it, the Cooperating Agency agrees to maintain a separate set of accounts for all transactions financed or to be financed, and the Cooperating Agency further agrees to obtain and retain in its files, for inspection and review by AID at any time as requested by AID, the documents listed below in support of each transaction financed with such funds.

(i) Commodity Transactions :

- (i) Applicable contract or purchase order between supplier and purchaser;
- (ii) Supplier's detailed invoice and satisfactory evidence of payment;
- (iii) Ocean or inland bill of lading, or other document evidencing delivery to the purchaser;
- (iv) Such additional documentation (e.g. inspection certificate) as may be required from the supplier by the purchaser.

(ii) Contract Services Transactions :

- (i) Applicable contract between contractor and purchaser;
- (ii) Contractor's detailed invoice and satisfactory evidence of payment;
- (iii) A certificate by the Cooperating Agency as follows: "The undersigned certifies that the services for which reimbursement is requested have been satisfactorily rendered and the costs thereof

are properly reimbursable in accordance with the terms of the contract."

(c) Payroll Costs :

One copy of certified payroll listings and vouchers, together with satisfactory evidence of payment. Each payroll listing must show for each employee at least the following data: name, applicable job title, salary or wage rate, period covered, and amount paid.

(d) Other Project Costs :

One copy of the appropriate authorization documents and invoices covering travel, utility costs, etc.

(e) Refund Provision :

With respect to AID contributed local currency made available to the Cooperating Agency under the methods of financing herein described, the Cooperating Agency agrees to refund promptly to AID, upon demand by AID and pursuant to AID instructions, the entire amount of such currency expended by the Cooperating Agency (or such lesser amount as AID may demand) whenever AID determines that such expenditure was improper as being in violation of the terms and conditions of this Project Agreement and/or any applicable agreement or arrangement between AID and the Cooperating Agency.

G. Unless otherwise specified, title to all property procured through financing by AID pursuant to Block 8 of this Project Agreement shall be in the Cooperating Agency, or such public or private agency as it may authorize. This provision is inapplicable to any property which may be used in connection with the project but is not financed pursuant to said Block 8.

H. Any property furnished to either party through financing by the other party pursuant to this Project Agreement shall, unless otherwise agreed by the party which financed the procurement, be devoted to the project until completion of the project, and thereafter shall be used so as to further the objectives sought in carrying out the project. Either party shall offer to return to the other, or to reimburse the other for, any property which it obtains through financing by the other party pursuant to this Project Agreement which is not used in accordance with the preceding sentence.

I. (i) If AID and any public or private organization furnishing commodities through AID financing for operations hereunder in the Cooperating Country, is, under the laws, regulations or administrative procedures of the Cooperating Country, liable for customs duties and import taxes on commodities imported into the Cooperating Country for purposes of carrying out this Project Agreement, the Cooperating Agency will pay such duties and taxes unless exemption is otherwise provided by any applicable international agreement.

(a) If any personnel (other than citizens and residents of the Cooperating Country), whether United States Government employee, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency, or any agency authorized by the Cooperating Agency who are present in the Cooperating Country to provide services which AID has agreed to furnish or finance under this Project Agreement, are, under the laws, regulations or administrative procedures of the Cooperating Country, liable for income and social security taxes with respect to income upon which they are obligated to pay income or social security taxes to the Government of the United States of America, for property taxes on personal property intended for their own use, or for the payment of any tariff or duty upon personal or household goods brought into the cooperating country for the personal use of themselves and members of their families (not including such personal or household goods as may be sold by such personnel in the Cooperating Country), the Cooperating Agency will pay such taxes, tariff, or duty unless exemption is otherwise provided by any applicable international agreement.

J. Any personnel (other than citizens and residents of the cooperating country), whether United States Government employees, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the Cooperating Country to provide services which AID has agreed to furnish or finance under this Project Agreement shall be subject to the approval of the Cooperating Agency and AID, and shall be under the general direction of the Director of the AID Mission to the Cooperating Country.

K. If any commodity is furnished to the Cooperating Agency, or any public or private agency authorized by the Cooperating Agency, on a grant basis through financing by AID pursuant to this Project Agreement under arrangements which will result in the accrual of proceeds to the Cooperating Agency or any authorized agency and if the applicable agreement between the two governments referred to on the first page of this Project Agreement does not provide for the establishment of a Special Account and the deposit therein of currency of the Cooperating Country, the Cooperating Agency will make such arrangements as may be necessary to establish a Special Account to deposit therein currency of the Cooperating Country in amounts equal to such proceeds, in accordance with such terms and conditions as may be agreed upon. Funds in the special account may be used only as agreed upon by AID and the Cooperating Agency; provided, that such portion of the funds in the Special Account as may be designated by AID shall be made available to AID to meet the requirements of the United States.

L. In the event that currency of a country other than the United States or the Cooperating Country is introduced into the Cooperating Country by AID or any public or private agency for the purposes of carrying out obligations of AID hereunder, the Cooperating Agency will make such arrangements as may be necessary to effect conversion of such currency into the currency of the Cooperating Country at the highest rate which, at the time the conversion is made, is not unlawful in the Cooperating Country. All uses of the currency of the Cooperating Country obtained by this conversion shall be subject to the requirements of paragraph F herein relating to local currency.

M. AID shall expend funds and carry on operations pursuant to this Project Agreement only in accordance with the applicable laws and regulations of the United States Government.

N. The two parties shall have the right at any time to observe operations carried out under this Project Agreement. Either party during the term of the Project and three years after the completion of the project, shall further have the right (1) to examine any property procured through financing by that party under this Project Agreement, wherever such property is located, and (2) to inspect and audit any records and accounts with respect to funds provided by, or any properties and contract services procured through financing by, that party under this Project Agreement, wherever such records may be located and maintained. Each party, in arranging for any disposition of any property procured through financing by the other party under this Project Agreement, shall assure that the rights of examination, inspection and audit described in the preceding sentence are reserved to the party which did the financing.

O. Upon completion of the project, a Completion Report shall be drawn up, signed by appropriate representatives of AID and the Cooperating Agency, and submitted to AID and the Cooperating Agency. The Completion Report shall include a summary of the actual contributions by both AID and the Cooperating Agency to the project, and shall provide a record of the activities carried out, the objectives achieved, and related basic data. AID and the Cooperating Agency shall each furnish the other with such information as may be needed to determine the nature and scope of operations under this Agreement and to evaluate the effectiveness of such operations.

P. The present Agreement shall enter into force when signed. Either party may terminate this Project Agreement by giving the other party 90 days written notice of intention to terminate it. Termination of this

Project Agreement shall terminate any obligations of the two parties to make contributions pursuant to Blocks 8 and 9 of this Project Agreement, except for payments which they are committed to make pursuant to non-cancellable commitments entered

into with third parties prior to the termination of the Project Agreement. It is expressly understood that the obligations under paragraph H relating to the use of property shall remain in force after such termination.

Original or Revised No.

A. As used herein, «AID» means the Agency for International Development, any component agency, and any successor agency. «Cooperating Agency» means the agency which is a party to this Project Agreement with AID and «Cooperating Country» means the country of the Cooperating Agency. «Local Currency» means currency originally issued by the Cooperating Country as a medium of exchange therein.

B. (x) AID will make available the amounts specified in Block 8 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may be further described in Block 5 hereof.

(a) The Cooperating Agency will make available the amounts specified in Block 9 of this Project Agreement, as necessary for the project, for use for the designated purposes and as may further be described in Block 5 hereof. The Cooperating Agency will also make, or arrange to have made, additional contributions of property, services, facilities and funds required for carrying out the project as may be specified in Block 5 hereof or as may subsequently be agreed upon by the two parties.

C. AID and the Cooperating Agency may obtain the assistance of other public and private agencies in carrying out their respective obligations under this Project Agreement. The two parties may agree to accept contributions of property, services, facilities and funds for purposes of this Project Agreement from other public and private agencies, and may agree upon the participation of any such third party in carrying out activities under this Project Agreement.

D. All contributions of AID pursuant to this Project Agreement shall be made within a six months grace period extending beyond the estimated final contribution date specified herein. Except as otherwise specified herein or subsequently agreed by the two parties, all contributions of the Cooperating Agency pursuant to this Project Agreement shall be made on or before that same date. A contribution of goods or services shall be considered to have been made when the goods or services, provided or financed by the contributing party, are delivered in accordance with commercial practice.

E. The procurement of commodities and contract services to be financed with an AID contribution of currency other than that of the United States or of the Cooperating Country shall be subject to all provisions of, and regulations governing, Foreign Currency Authorizations issued by AID.

F. AID reimbursements or advances shall, in general, not exceed the amount obtained by applying the ratio of AID to Cooperating Agency contributions specified in the Project Agreement to the amount currently contributed by the Cooperating Agency. For example, if the Project Agreement provides for total contributions of \$400,000 by AID and \$600,000 by the Cooperating Agency and if the Cooperating Agency has currently contributed \$6,000 then AID will, in general, reimburse or advance no more than \$4,000. Commodities and services financed with an AID contribution of local currency shall be subject to the following requirements:

(x) Reimbursement

As mutually agreed between AID and the Cooperating Agency, either of the following methods may be employed for reimbursement by AID of local currency expenditures made by the Cooperating Agency:

(a) Direct Reimbursement

Once monthly or at such other intervals as may be mutually agreed between AID and the Cooperating Agency, AID will reimburse the Cooperating Agency for local currency expenditures made by the Cooperating Agency in the procurement of approved project requirements. Each such claim for reimbursement must be supported by the following documentation:

- (i) Public Voucher, SF-1034, signed by the properly accredited representative of the Cooperating Agency, and embodying the following additional certification: «The total amount claimed hereunder was expended for the purposes authorized in Project Agreement No. _____ and is supported by the documentation required by said Project Agreement on file in the Cooperating Agency».
- (ii) A report in the format prescribed by the AID Controller, certified as true and accurate by the properly accredited representative of the Cooperating Agency, in support of each such claim for reimbursement.

(b) Advances

Once monthly or at such other intervals as may be mutually agreed upon between AID and the Cooperating Agency, AID may advance local currency to the Cooperating Agency for operating purposes. The

... public or private organization or individual under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the cooperating country to provide services which AID has agreed to furnish or finance under this Project Agreement, etc. under the laws, regulations or administrative procedures of the cooperating country, liable for income and social security taxes with respect to income upon which they are obligated to pay income or social security taxes to the Government of the United States of America, for property taxes on personal property intended for their own use, or for the payment of any tariff or duty upon personal or household goods brought into the cooperating country for the personal use of themselves and members of their families (not including such personal or household goods as may be sold by any such personnel in the cooperating country), the Cooperating Agency will pay such taxes, tariff, or duty unless exemption is otherwise provided by any applicable international agreement.

J. Any personnel (other than citizens and residents of the cooperating country), whether United States Government employees, or employees of public or private organizations under contract with, or individuals under contract with, AID, the Cooperating Agency or any agency authorized by the Cooperating Agency, who are present in the cooperating country to provide services which AID has agreed to furnish or finance under this Project Agreement shall be subject to the approval of the Cooperating Agency and AID, and shall be under the general direction of the Director of the Mission to the cooperating country.

K. If any commodity is furnished to the Cooperating Agency, or any public or private agency authorized by the Cooperating Agency, on a grant basis through financing by AID pursuant to this Project Agreement under arrangements which will result in the receipt of proceeds to the Cooperating Agency or any authorized agency and if the applicable agreement between the two governments referred to on the first page of this Project Agreement does not provide for the establishment of a Special Account and the deposit therein of currency of the cooperating country, the Cooperating Agency will make such arrangements as may be necessary to establish a Special Account and to deposit therein currency of the cooperating country in amounts equal to such proceeds, in accordance with such terms and conditions as may be agreed upon. Funds in the Special Account may be used only as agreed upon by AID and the Cooperating Agency; provided, if a such portion of the funds in the Special Account as may be designated by AID shall be made available to AID to meet the requirements of the United States.

L. The Cooperating Agency will make such arrangements whereby financing received and introduced into the cooperating country by AID or any public or private agency for purposes of carrying out obligations of AID hereunder shall be convertible into currency of the cooperating country at the highest rate which, at the time the conversion is made, is not unlawful in the cooperating country.

M. AID shall expend funds and carry on operations pursuant to this Project Agreement only in accordance with the applicable laws and regulations of the United States Government.

N. The two parties shall have the right at any time to observe operations carried out under this Project Agreement. Either party during the term of the Project and three years after the completion of the project, shall further have the right (a) to examine any property procured through financing by that party under this Project Agreement, wherever such property is located, and (b) to inspect and audit any records and accounts with respect to funds provided by, or any properties and contract services procured through financing by, that party under this Project Agreement, wherever such records may be located and maintained. Each party, in arranging for any disposition of any property procured through financing by the other party under this Project Agreement, shall assure that the rights of examination, inspection and audit described in the preceding sentence are reserved to the party which did the financing.

O. Upon completion of the project a Completion Report shall be drawn up, signed by appropriate representatives of AID and the Cooperating Agency, and submitted to AID and the Cooperating Agency. The Completion Report shall include a summary of the actual contributions by both AID and the Cooperating Agency to the project and shall provide a record of the activities carried out, the objectives achieved, and related basic data. AID and the Cooperating Agency shall each furnish the other with such information as may be needed to determine the nature and scope of operations under this Agreement and to evaluate the effectiveness of such operations.

P. The present Agreement shall enter into force when signed. Either party may terminate this Project Agreement by giving the other party 90 days written notice of intention to terminate. Termination of this Project Agreement shall terminate any obligations of the two parties to make contributions pursuant to Blocks H and G of this Project Agreement, except for payments which they are obligated to make pursuant to commitments or arrangements entered into with third parties prior to termination of the Project Agreement. It is expressly understood that the obligations under paragraph H relating to the use of property shall continue in force after such termination.

PROJECT DOCUMENT CLEARANCE SHEET

Project Title : Public Safety Telecommunications

Project Number : 730-11-710-299

Agreement Number : 73-037

Original _____ Revision 4

Explanation and/or comments

The purpose of this FY 1973 ProAg revision is to set forth the scope of the Public Safety Telecommunications Project and to stipulate the responsibilities and contributions of the GVN and the USG.

Funds to finance contract services, commodities and other costs which have not yet been obligated will be obligated by a subsequent ProAg revision subject to the availability of funds and submission of PTOs.
