Narcotic Enforcement

I. Purpose

The purpose of this Agreement is to enable the Thai Government to increase its anti-narcotic efforts by bringing more resources to bear on the areas where narcotic trafficking and growing of opium poppies occur.

II. Description and Explanation

For the past two years the RTG and USG have worked closely in efforts to stem the flow of opium and opium derivatives through Thailand. Although the results of these increased efforts have been encouraging, the two governments have concluded that increased aerial assets would result in even more successful efforts in interdiction and seizure of narcotics.

Increased air assets will allow the Thai Government to assume a more aggressive posture against armed groups engaged in opium smuggling, increase the quantity and quality of information pertaining to the movement of narcotics in Thailand and permit greater support to development efforts being undertaken in North Thailand, particularly in opium producing areas.

III. USG Participation

Pursuant to this Agreement, the USG will provide five rotary wing utility aircraft at a cost estimated to be \$4,100,000 including an initial order of essential spare parts for the TNPDP. These aircraft will permit the use of seven such aircraft for use in the Thailand Government's anti-narcotic efforts and will provide airlift capability for one BPP platoon (58 individuals).

IV. RTG Participation

Upon arrival in Thailand the five helicopters being provided under this agreement shall be based in trafficking affected areas. Simultaneously, DEA will be informed by TNPDP of the initial locations or alterations thereof for each helicopter for the purpose of their dedication to anti-narcotic activities. Further, the RTG agrees to undertake the following actions upon signature of this ProAg:

1. The present 40 8-man BPP anti-narcotic teams will be expanded to 55 teams by not later than October 30, 1975.

2. The RTG agrees that the TNPDP will continue to make its full air assets available to TNPDP anti-narcotic efforts, particularly the Special

Narcotic Enforcement

Narcotic Organization (SNO) and the Border Patrol Police (BPP), and agrees to operate the five rotary wing aircraft provided and the two provided earlier in accordance with the priorities outlined in the special provisions below. The five aircraft (as well as the two) are to become a part of the TPAD air fleet and, as such, are to be maintained in accordance with TPAD regulations, policies and procedures affecting the existing aircraft inventories. Sufficient trained air crews, maintenance crews, spare parts, POL and operating budget will be provided to allow each aircraft to operate at a minimum of 35 hours per month.

V. Special Provisions

A. The RTG agrees to utilize the aircraft in accordance with the following mutually agreed priorities:

1. Operations against suspected narcotic carrying caravans, processing laboratories, storage sites and other physical targets.
2. Information collection to include aerial reconnaissance, surveillance and air to ground radio contact with informants/operatives.
3. Establishing unannounced mobile check points for the inspection of vehicles and persons.
4. Support to RTG/UN and RTG/Other Donor development programs for hilltribes.
5. Inspections of anti-narcotic facilities and activities.
6. Narcotic suppression training.

B. Paragraph IV, Special Provisions of ProAg 119-3001, Revision 9 pertaining to two helicopters purchased in FY 1973 apply to this Agreement with the substitution of DEA for USOM.

C. The helicopters supplied as the USG contribution are recognized as being provided in accordance with U.S. law, which permits such equipment to be furnished only to facilitate controls on illicit production, processing, transportation and distribution of narcotic drugs.

D. Responsibility for compliance with the terms and conditions of this Project Agreement on the part of the RTG will be vested in the Director-General of the TNP. The Region 16 Director of the U.S. Drug
