C. Compliance with Federal Guidelines and Regulatory Procedures

1. The Recipient will implement this research activity in accordance with:
 - (a) The National Institutes of Health Guidelines for Research Involving Recombinant DNA Molecules;
 - (b) Procedures issued by the U. S. Department of Agriculture (USDA), the Environmental Protection Agency (EPA), or other appropriate Federal agency, regarding testing of genetically engineered organisms;
 - (c) A.I.D.'s environmental procedures; and
 - (d) Such other Federal guidelines and procedures as may apply during the course of research.
2. The Grantee cannot commence testing in any foreign location until written approval for such testing is obtained from the cognizant A.I.D. Project Officer and the government of the country where testing is planned. Testing shall be conducted in accordance with all applicable regulations of that country.
3. In addition, and prior to commencement of any such testing, the Grantee shall make a judgment and communicate same to the cognizant A.I.D. Project Officer as to whether the regulations, procedures, or facilities of the country in question are adequate to ensure testing in an environmentally sound manner. In the event such judgment is that they are not, the Grantee and the cognizant A.I.D. Project Officer will consult and agree on the conditions to be applied to the testing which will have such environmental effect.
4. Reports submitted to A.I.D. under this Grant hereunder will address regulatory issues as noted above related to the activity."
