ATTACHMENT

SECTION C  
of  
SPECIAL PROVISIONS

Compliance with Federal Guidelines and Regulatory Procedures

The grantee will implement this research activity in accordance with:

- a. The National Institute of Health's Guidelines for Research Involving Recombinant DNA Molecules;
- b. procedures issued by the U.S.D.A., E.P.A., or other appropriate Federal agency, regarding testing of genetically engineered organisms;
- c. A.I.D.'s environmental procedures; and
- d. such other Federal guidelines and procedures as may apply during the course of research.

Additionally, the grantee cannot commence testing in any foreign location until written approval for such testing is obtained from A.I.D. and the government of the country where testing is planned. Testing shall be conducted in accord with all applicable regulations of that country.

In addition, however, and prior to commencement of any such testing, the grantee shall make a judgment and communicate the same to A.I.D. as to whether the regulations, procedures or facilities of the country in question are adequate to ensure testing in an environmentally sound manner. In the event such judgment is that they are not, the grantee and A.I.D. will consult and agree on the conditions to be applied to the testing which will have such environmental effect.

Reports submitted under this activity to A.I.D. will address regulatory issues as above related to this activity.
