Appropriation No. 72-1141013

APPENDIX A
SPECIAL PROVISIONS

ARTICLE I - PURPOSE OF THE GRANT

1. Under Section 214 of the Foreign Assistance Act of 1961, as amended, assistance is authorized to schools outside the United States, founded or sponsored by United States citizens and serving as study and demonstration centers for ideas and practices of the United States.

2. Grantee, a non-profit corporation established in 1921 under the laws of the Commonwealth of Massachusetts, has sponsored St. Georges College since 1942. The College offers a secondary program for over 1,000 students and an extension program with courses in economics, business administration, mathematics, the arts and sciences. Over 2,000 are enrolled in the extension school.

3. Facilities at the College, some of which date to 1913, do not permit an expansion of these programs, especially the popular extension school which permits working men and women to increase their competence and further their careers.

4. For Fiscal Year 1984, Grantee has requested assistance to construct a multi-purpose building at an estimated cost of \$850,000. A.I.D. has determined that \$625,000 should be provided for this purpose on a cost-sharing basis.

ARTICLE II - AUTHORIZED EXPENDITURES

Except as otherwise approved by A.I.D. in writing, the \$625,000 provided by this grant shall be used only for the following:

Procurement of architectural and engineering services, construction services and commodities to construct a multi-purpose building to provide classrooms, auditorium and cafeteria facilities totaling approximately 12,000 square feet. Commodity related services such as shipping, insurance and installation are chargeable to the grant.

ARTICLE III - OTHER SPECIAL PROVISIONS

1. Cost Sharing

Grantee agrees that the costs in excess of the amount provided by this grant for the multi-purpose classroom building will be from sources other than the Government of the United States of America.

2. Non-Payment of Foreign Taxes

No funds provided by this grant shall be used to pay any value added tax, import tax or duties on commodities imported to Jamaica for this project.

3. Review of Architectural-Engineering Work

In addition to the requirements of Appendix B (2), Grantee shall submit architectural plans, specifications and an updated cost estimate for A.I.D. review at approximately the 25 to 30% level of design completion.
