Project Authorization Amendment

Entity: Worldwide  
Project Number: 936-9997  
Project Name: Conventional Energy Training

1. Pursuant to Sections 106 of the Foreign Assistance Act of 1981, the Conventional Energy Training Program was authorized October 29, 1980 and amended June 6, 1983 with a total life-of-project cost of \$14,650,000 and an estimated Project Assistance Completion Date of June 30, 1987.

That authorization is hereby amended to authorize a change in the Project Assistance Completion Date from June 30, 1987 to March 31, 1988.

2. Except as herein amended all other terms and conditions remain unchanged.

ACTION MEMORANDUM FOR THE AGENCY DIRECTOR FOR ENERGY AND NATURAL RESOURCES

FROM: S&T/EY, James *JS* B. Sullivan

SUBJECT: Reauthorization of the Conventional Energy Training Program (936-9997)

Action: Your approval is needed to extend the estimated Project Completion Date of the Conventional Energy Training Program from June 30, 1987 to March 31, 1988.

Discussion: The success of this training program has attracted several buy-ins, which are valued at \$697,000 from USAID Pakistan, Tunisia and Cairo. These buy-ins will require extending the estimated completion date of the contract with the Institute of International Training to March 31, 1988, in order to allow the contractor to deliver all services required of the contractor including final reports. The contract has sufficient authority to cover these new buy-ins but the completion date needs to be extended to permit the expenditure of S&T funds remaining in the contract. Final year of obligation also must be changed to FY 87 to allow funds for S&T/EY core support under this current contract to cover central administrative costs for work already planned. No additional funds will be necessary from S&T/EY to cover administrative costs for these new buy-ins.

Recommendation: That you approve the attached PAF Amendment No. 2 extending the estimated project completion date to March 31, 1988 and the fiscal year of obligation to FY 87.
