PROGRAM DESCRIPTION

A. Goal and Purpose

The overall goal of the Grant is to promote sustainable (economic) development for the the peoples of the South Pacific. The purpose of the Grant is to undertake a preliminary classification of the terrestrial and marine ecosystems of the RDO/SP region* and to prepare an evaluation system for the selection of ecosystem classes for conservation within the region*.

B. Program Description

The ecosystem classification activities under this Grant provide the means for determining the location of significant (e.g. representative, rare and/or biologically rich) ecosystems in the region. This supports the Profitable Environmental Protection (PEP) Project being designed by RDO/SP by providing the scientific basis for determining the most vulnerable and valuable ecosystems to be conserved as the Pacific nations pursue sustainable economic development. This will be useful in three major ways: (1) enables appropriate sustainable development projects to be planned for some ecosystem sites; (2) locates other infrastructural development projects where they cannot damage important ecosystem sites; and (3) bridges gaps in knowledge about ecosystem occurrences, leading to additional inventory and evaluation of ecosystems in the region.

The classification responds to growing international awareness about and concern for the environment. It will be useful for planning regional, national and local solutions for realizing sustainable economic development. It advances U.S. participation in the the region's international organization with the environmental mandate. This program will be carried out in close coordination with its companion "inventory" program under a separate grant to SPC.

Specific program activities include:

1. completing two working papers derived from the literature that summarize existing approaches to terrestrial and marine ecosystem classification with emphasis (in order of priority) on: tested, tropical, Pacific, and conservation oriented approaches;

* The terms "RDO/SP region" and "region" refer to the following ten countries: Cook Islands, Fiji, Kiribati, Niue, Papua New Guinea, Solomon Islands, Tonga, Tuvalu, Vanuatu, and Western Samoa

2. cataloging and purchasing maps (target scale 1:500,000) available of the countries in the region;
3. conducting a 1-week Tropical Experts Meeting of the four leading topical experts for both marine and terrestrial ecosystems (eight total) to classify the ecosystems of the region, to identify representative or best sites for each class on the small scale maps, and to prepare a multiple criteria (e.g. representativeness, richness, rarity) system for evaluating ecosystem classes for conservation. The meeting venue is to be determined, but will preferably not be in Honolulu, Noumea or Suva. Activities include, but are not limited to preparing list of invitees, inviting them, and providing them with maps in advance of the meeting;
4. editing and revising the two classification schemes, and resolving any problems in consultation with the classification experts, and;
5. preparing the project final report including small-scale maps, and delivering two copies each to SPREP and RDO/SP.

C. Program Inputs

In addition to the inputs being financed by this Grant as listed in the Schedule, paragraph D (Attachment 1), the program inputs shall include contributions from TNC and inputs financed by a grant from World Wildlife Fund to TNC specifically to support this program. These addition inputs are as follows:

TNC Matching Contribution (in-kind)

1. TNC office staff (\$500/week)	5,000
2. Terrestrial & Marine Team Leader (by contract \$1,000/week)	12,000
	<hr/>
TOTAL TNC IN-KIND	\$17,000.

Grant WWF to TNC

1. TNC Project Coordination (\$1,000/week)	5,000
2. TNC Project Scientist (\$1,500/week)	13,000
3. Terrestrial Ecosystem Working Paper (by contract)	3,000
4. TNC Office Costs (communications, supplies, copying, contract administration)	4,000
	<hr/>
TOTAL WWF GRANT	\$25,000

D. Program Implementation

The Nature Conservancy will implement this Grant through a sub-grant with the South Pacific Commission (SPC). TNC will contract for a project scientist to work at TNC while SPC will contract for a project administrator to be stationed at SPREP (in addition to the TNC Project Coordinator already on staff).

Note: The project administrator will occupy a similar position for the "inventory" program being carried out by SPREP under a separate grant to SPC. This person is expected to spend about 20 weeks on this program and 16 weeks on the "inventory" program. The A.I.D. regional office in Suva, Fiji (RDO/SP) will monitor Grant progress, maintain close contact and coordination with the SPC and TNC officers responsible for the classification program.

(1) Accurate, current, and complete disclosure for each AID-sponsored project or program in accordance with the reporting requirements of this grant. While AID requires reporting on an accrual basis, the grantee shall not be required to establish an accrual accounting system but shall develop such accrual data for its reports on the basis of an analysis of the documentation on hand.

(2) Records that identify adequately the source and application of funds for AID-sponsored activities. These records shall contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, outlays, and income.

(3) Effective control over and accountability for all funds, property, and other assets. Grantee shall adequately safeguard all such assets and shall ensure that they are used solely for authorized purposes.

(4) Comparison of actual outlays with budget amounts for each grant. Financial information should be related to performance and unit-cost data whenever appropriate.

(5) Procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury and the disbursement by the recipient, whenever funds are advanced by the Federal Government.

(6) Procedures for determining the reasonableness, allowability, and allocability of costs in accordance with the provisions of the applicable Federal cost principles and the terms of the grant.

(7) Accounting records that are supported by documentation that at a minimum will identify, segregate, accumulate, and record all costs incurred under a grant and which fully disclose (i) the amount and disposition by the grantee of the proceeds of such assistance, (ii) the total cost of the project or undertaking in connection with which such assistance is given or used, (iii) the amount of that portion of the cost of the project or undertaking supplied by other sources, and (iv) such other records as will facilitate an effective audit.

(8) Examinations in the form of audits or internal audits shall be made by qualified individuals that are sufficiently independent of those that authorize the expenditure of AID funds to produce unbiased opinions, conclusions, or judgments. They shall meet independence criteria along the lines of Chapter IV, Part B of the U.S. General Accounting Office Publication Standards for Audit of Governmental Organizations, Programs, Activities, and Functions (1981 Revision).

AID HANDBOOK 13	Trans. Memo. No. 13:51	Effective Date Mar. 30, 1989	Page No. 4C-3
-----------------	---------------------------	---------------------------------	------------------

These examinations are intended to ascertain the effectiveness of the financial management systems and internal procedures that have been established to meet the terms and conditions of the grant. It is not intended that each grant awarded to the grantee be examined. Generally, examinations should be conducted on an organization-wide basis to determine whether the institution has implemented and utilizes appropriate financial and administrative systems and controls in compliance with the uniform administrative requirements of OMB Circular A-110 and the applicable cost principles specified in the "Allowable Costs" standard provision of this grant, and to test the fiscal integrity of financial transactions, including accuracy and reliability of financial reports submitted to AID and other Federal agencies under agreements to which the terms of Attachment G of OMB Circular A-110 apply, as well as compliance with the terms and conditions of the AID grant. Such tests would include an appropriate sampling of AID and other Federal grants and agreements. Examinations will be conducted with reasonable frequency, on a continuing basis or at scheduled intervals, usually annually, but not less frequently than every two years. A copy of the audit report shall be furnished to the AID grant officer who shall make appropriate distribution within the Agency. The frequency of these examinations shall depend upon the nature, size, and the complexity of the activity. These grantee self-examinations do not relieve AID of its audit responsibilities, but may affect the frequency and scope of such audits.

(9) A systematic method to ensure timely and appropriate resolution of audit findings and recommendations.

(b) The grantee shall preserve and make available such records for examination and audit by AID and the Comptroller General of the United States, or their authorized representatives:

(1) until the expiration of three years from the date of termination of the grant;

(2) for such longer period, if any, as is required to complete an audit to resolve all questions concerning expenditures unless written approval has been obtained from the grant officer to dispose of the records. AID follows generally accepted accounting practices in determining that there has been proper accounting and use of grant funds. The grantee agrees to make available any further information requested by AID with respect to any questions arising as a result of the audit; and

Page No. 4C-4	Effective Date Mar. 30, 1989	Trans. Memo. No. 13:51	AID HANDBOOK 13
-------------------------	--	----------------------------------	------------------------

(3) If any litigation, claim, or audit is started before the expiration of the three year period, the records shall be retained until all litigations, claims or audit findings involving the records have been resolved.

(c) The grantee shall require subrecipients to adopt the standards in paragraphs (a) and (b) above except that portion of subparagraph (a) 1 that would require specific financial reporting forms and frequencies in accordance with the payment provisions of the grant.

3. REFUNDS (JANUARY 1988)

(a) The grantee shall remit to AID all interest earned on funds provided by AID at least quarterly, except that interest amounts up to \$100 per year may be retained by the grantee for administrative expense.

(b) Funds obligated by AID but not disbursed to the grantee at the time the grant expires or is terminated shall revert to AID; except for such funds encumbered by the grantee by a legally binding transaction applicable to this grant. Any funds advanced to but not expended by the grantee and not encumbered by a legally binding transaction applicable to this grant at the time of expiration or termination of the grant shall be refunded to AID

(c) If, at any time during the life of the grant, or as a result of final audit, it is determined by AID that funds it provided under this grant have been expended for purposes not in accordance with the terms of this grant, the grantee shall refund such amount to AID

4. REVISION OF GRANT BUDGET (NOVEMBER 1985)

(a) The approved grant budget is the financial expression of the grantee's program as approved during the grant award process.

(b) The grantee shall immediately request approval from the grant officer when there is reason to believe that within the next 30 calendar days a revision of the approved grant budget will be necessary for the following reasons:

(1) Changes in the scope or the objectives of the program and/or revisions in the funding allocated among program objectives.

(2) The need for additional funding.

AID HANDBOOK 13	Trans. Memo. No. 13:51	Effective Date Mar. 30, 1989	Page No. 4C-5
-----------------	---------------------------	---------------------------------	------------------

(3) The grantee expects the amount of AID authorized funds to exceed its needs by more than \$5,000 or five percent of the AID award, whichever is greater.

(4) The grantee plans to transfer funds budgeted for indirect costs to absorb increases in direct costs or vice versa.

(5) The grantee intends to contract or subgrant any of the substantive programmatic work under this grant, and such contracts or subgrants were not included in the approved grant budget.

(6) The grantee plans to incur an expenditure which would require advance approval in accordance with the applicable Federal cost principles and was not included in the approved grant budget.

(7) The grantee plans to transfer funds allotted for training allowances to other categories of expense.

(c) When requesting approval for budget revisions, the grantee shall use the budget formats that were used in the application unless a letter request will suffice.

(d) Within 30 calendar days from the date of the receipt of the request for budget revisions, the grant officer shall review the request and notify the grantee whether the budget revisions have been approved. If the revisions are still under consideration at the end of 30 calendar days, the grant officer shall inform the grantee in writing of the date when the grantee may expect the decision. The grant officer shall obtain the project officer's clearance on all such requests prior to communication with the grantee.

(e) If the requested budget revision requires the obligation of additional funding, and, if after notification pursuant to this standard provision, AID determines not to provide additional funds, the AID grant officer will, upon written request of the grantee, terminate this grant pursuant to the standard provision of this grant, entitled "Termination and Suspension."

(f) Except as required by other provisions of this grant specifically stated to be an exception from this provision, the Government shall not be obligated to reimburse the grantee for costs incurred in excess of the total amount obligated under the grant. The grantee shall not be obligated to continue performance under the grant (including actions under the "Termination and Suspension" provision) or otherwise to incur costs in excess of the amount obligated under the grant, unless and until the grant officer has notified the grantee in writing that such obligated amount has been increased and has specified in such notice the new obligated grant total amount.

5. TERMINATION AND SUSPENSION (MAY 1986)

(a) For Cause. This grant may be terminated for cause at any time, in whole or in part, by the grant officer upon written notice to the grantee, whenever it is determined that the grantee has failed to comply with the conditions of the grant.

(b) For Convenience. This grant may be terminated for convenience at any time by either party, in whole or in part, if both parties agree that the continuation of the grant would not produce beneficial results commensurate with the further expenditure of funds. Both parties shall agree upon termination conditions, including the effective date and, in the case of partial terminations, the portion to be terminated. The agreement to terminate shall be set forth in a letter from the grant officer to the grantee.

(c) Suspension: Termination for Changed Circumstances. If at any time AID determines that continuation of funding for a program should be suspended or terminated because such assistance is not in the national interest of the United States or that it would be in violation of an applicable law, then AID may, following notice to the grantee, suspend this grant and prohibit the grantee from incurring additional obligations chargeable to this grant other than necessary and proper costs in accordance with the terms of this grant during the period of suspension. If the situation causing the suspension continues for 60 days or more, then AID may terminate this grant on written notice to the grantee and cancel that portion of this grant which has not been disbursed or irrevocably committed to third parties.

(d) Termination Procedures. Upon receipt of and in accordance with a termination notice as specified in either paragraph (a) or (b) above, the grantee shall take immediate action to minimize all expenditures and obligations financed by this grant and shall cancel such unliquidated obligations whenever possible. Except as provided below, no further reimbursement shall be made after the effective date of termination. The grantee shall within 30 calendar days after the effective date of such termination repay to the Government all unexpended AID funds which are not otherwise obligated by a legally binding transaction applicable to this grant. Should the funds paid by the Government to the grantee prior to the effective date of the termination of this grant be insufficient to cover the grantee's obligations in the legally binding transaction, the grantee may submit to the Government within 90 calendar days after the effective date of such termination a written claim covering such obligations. The grant officer shall determine the amount(s) to be paid by the Government to the grantee under such claim in accordance with the applicable cost principles.

(a) Any dispute under this grant shall be decided by the AID grant officer. The grant officer shall furnish the grantee a written copy of the decision.

(b) Decisions of the AID grant officer shall be final unless, within 30 days of receipt of the decision of the grant officer, the grantee appeals the decision to AID's Associate Assistant to the Administrator for Management. Any appeal made under this provision shall be in writing and addressed to the Associate Assistant to the Administrator for Management, Agency for International Development, Washington, D.C. 20523. A copy of the appeal shall be concurrently furnished to the grant officer.

(c) In order to facilitate review on the record by the Associate Assistant to the Administrator for Management, the grantee shall be given an opportunity to submit written evidence in support of its appeal. No hearing will be provided.

(d) A decision under this provision by the Associate Assistant to the Administrator for Management shall be final.

7. INELIGIBLE COUNTRIES (MAY 1986)

Unless otherwise approved by the AID grant officer, funds will only be expended for assistance to countries eligible for assistance under the Foreign Assistance Act of 1961, as amended, or under acts appropriating funds for foreign assistance.
