APPENDIX A
SPECIAL PROVISIONS

ARTICLE I - PURPOSE OF THE GRANT

1. Pursuant to Section 214 of the Foreign Assistance Act of 1961, as amended, assistance is authorized to schools outside the United States, founded or sponsored by United States citizens and serving as study and demonstration centers for ideas and practices of the United States.

2. Grantee is a non-profit corporation organized and existing under the laws of the District of Columbia. It conducts undergraduate and graduate educational programs at its campus in Cairo, Egypt, emphasizing, in the American tradition, course work that is multidisciplinary and problem oriented. Approximately 2,500 students are enrolled in Grantee's regular degree programs. In addition, Grantee's Division of Public Services, which offers continuing education for adults, enrolls thousands of part-time students, principally in English, business administration and computer sciences.

3. The University has expanded both its student body and its educational programs in an effort to make them increasingly relevant to Egypt and the area the University serves. For Fiscal Year 1985, Grantee has requested assistance for Phase I funding of dormitory facilities for 320 students and dollar operating costs. A.I.D. has determined that \$1,850,000 should be provided for these purposes.

ARTICLE II - AUTHORIZED EXPENDITURES

Except as otherwise approved by A.I.D. in writing, the \$1,850,000 provided by this grant shall be expended only for the following:

| 2. Salaries of non-Egyptian citizens on Grantee's faculty and administrative staff in Cairo, including related benefits such as retirement, health insurance, etc. However, not more than \$50,000 from grant funds shall be used to defray the salary of any full-time member of the staff or faculty. | \$400,000 |

b. Conversion of Dollars to Local Currency

In addition to the requirements of General Provisions B(5b), paragraph D, Grantee must insure that accurate records are maintained on all currency conversions involving grant funds. These records, which are to be submitted to A.I.D. with each SF 269, Financial Status Report, must include the following: (1) the dates of currency conversions and the exchange rate used at the time of each conversion, and (2) the amount of grant funds converted and local currency received.

c. A.I.D. Approval

In the event funds excess to those needed to achieve the purposes of Article II become available, either as a result of currency exchange transactions or from unexpected savings in construction or procurement, Grantee must seek prior A.I.D. approval for the use of such funds.

2. Prohibition Regarding Foreign Taxes

No funds provided by this grant shall be used to pay any value added tax, import tax or duties on commodities imported into Egypt for this project.

3. Review of Architectural-Engineering Work

1. Procurement in the United States

Commodities procured in the United States shall have been produced in the United States. A commodity shall not be eligible as being produced in the United States if

- (b) it contains components from any communist country, excluding Yugoslavia.

2. Procurement in the Country in which Grantee's Institution is Located

B. U.S. Carriers

Shipment of commodities from the United States shall be on U.S. flag carriers except as otherwise approved by AID.

C. Quotations and Bids

Procurement shall be made in accordance with Grantee's regular methods of procurement, provided Grantee employs good business practices which, except as permitted by paragraph D below, shall include:

1. Obtaining quotations or bids, as appropriate, from as many alternative sources as may be feasible, and
2. Procurement at the lowest price except as extenuating circumstances or non-responsive bids otherwise dictate.

D. Proprietary Procurement

Proprietary procurement, i.e., procurement from a single source and without obtaining quotations or bids from other manufacturers or suppliers, is hereby authorized (1) to assure compatibility or standardization with existing commodities, (2) when special design requirements are needed and available only from a single source, (3) when a specific commodity has proven to be most economical, dependable or serviceable under local conditions, and (4) when a specific commodity has a sole manufacturer or supplier. Any decision by Grantee to procure a commodity on a proprietary basis shall be documented pursuant to paragraph E below, except for procurement of spare parts and components for existing commodities which may be undertaken on a proprietary basis without the documentation required in paragraph E below.

E. Notification to AID

Any decision by Grantee to procure a commodity (1) at other than the lowest price offered or (2) on a proprietary basis (except for spare parts and components for existing commodities) shall be supported by a statement setting forth the reason(s) and the name(s) of the person(s) deciding that such procurement was advisable and necessary. Statements

substantiating the above kinds of action shall be included in Grantee's record and furnished to AID when the procurement is undertaken.

F. AID Financed Export Opportunities Bulletin

Each notice shall (1) describe generically the commodities to be procured, (2) provide an address in the United States where more detailed information may be obtained by interested parties, and (3) state that procurement will begin 45 days (or such later date as Grantee may desire) after publication of notice.

G. Marking Requirements

The Grantee shall insure that all major commodities financed under this grant are marked with the official AID ("clasped hands") emblem, except as AID may otherwise approve in writing.

H. Procurement Documentation

Grantee's records shall include copies of all solicitations made for bids or quotations for commodities procured under this grant; all quotations or bids received; suppliers commercial invoices; and, as applicable, other pertinent documents related to procurement, e.g., bills of lading or other evidence of shipment, including insurance; sales and service contracts or agreements; and Grantee's documentation for proprietary procurement and procurement at other than the lowest price pursuant to paragraph E above.

DISBURSEMENT PROCEDURES

Periodic or Prescheduled Advances

Prescheduled advances are intended for grant financed activities when costs cannot be met by grant recipients on a reimbursement for expenses basis, e.g., construction and major equipment procurement projects.

A. Procedures for Requesting Disbursement

1. Upon request from the Grantee, AID will make prescheduled advances to meet Grantee's cash disbursement needs for maximum periods of three months. However, Grantee's requests must reflect each month's requirements and funds will be disbursed to the Grantee on a monthly basis only.

2. To obtain such advances, the Grantee shall submit to AID Standard Form 270, "Request for Advance or Reimbursement" (a sample copy of SF 270 is attached). An original and three copies of a properly completed SF 270 shall be submitted to the Office of Financial Management (FM/PAD), Agency for International Development, Washington, D.C., 20523. To ensure timely response, the request should be received by AID not later than the 10th working day of the month prior to the month for which an advance disbursement is requested.

3. Any reduction or increase in any month's requirements for which an advance of funds is requested shall be promptly called to AID's attention by submission of a revised SF 270 clearly marked "REVISION."

4. In the event that funds disbursed to Grantee for any month exceed Grantee's requirements, funds in excess of requirements for that month shall be promptly refunded to AID.

B. Financial Reporting Requirements

Each quarter, and within 15 working days after the end of the reporting period, the Grantee shall submit to the Office of Financial Management (FM/PAD), Agency for International Development, Washington, D.C., 20523, an original and 2 copies of SF 269 "Financial Status Report."

C. Special Bank Account

Until advance payments made hereunder are liquidated, the advance payment and all other payments under this grant shall be deposited by the Grantee in a special bank account separate from the Grantee's general or other funds. A separate account number shall be assigned by the Grantee for operation of this grant, and all requests and disbursements shall be recorded thereunder by the Grantee in such manner that it will be possible to ascertain the nature of the withdrawal and the balance of the advance payment account at any time. The records thereof shall be preserved and be subject to inspection and audit in accordance with applicable provisions of this grant.

D. Conversion of Dollars to Local Currency

Unless prohibited by Appendix A,* Grantee is authorized to convert United States dollars to local currency. Such conversions shall be made under arrangements approved in writing by a United States Disbursing Officer (U.S.D.O.) at the AID Mission, American Embassy, or Consulate in the country where Grantee's institution is located. Such conversions may be handled by the U.S.D.O. directly or through commercial banking channels depending on the circumstances in each country.

* If Grantee institution is located in an excess or near-excess country, Appendix A will prohibit conversion except through a U.S. Disbursing Office.

E. Restriction on Interest

Interest earned on all or any part of the funds disbursed under this grant, whether dollars or dollars converted to local currency, shall be refunded to AID in dollars.

ADMINISTRATIVE AND OTHER PROVISIONS

A. Reports to Office of American Schools and Hospitals Abroad

As a condition of accepting this grant, Grantee agrees to keep the Office of American Schools and Hospitals Abroad (ASHA) informed of its activities toward accomplishing the purposes of this grant as well as its successes and problems as an American founded or sponsored institution overseas. To this end, Grantee agrees, pursuant to the provisions set forth below, to submit to ASHA

- quarterly reports of grant expenditures,
- quarterly progress reports on capital improvements, and
- an annual institutions report.

Grantee should bear in mind that failure to submit the reports enumerated above could lead to suspension of disbursement of funds by AID.

1. Quarterly Report of Grant Expenditures*

Grantee shall submit to ASHA a quarterly report of grant expenditures as illustrated in the attached format (see Attachment A). Two copies of this report shall be submitted within 15 days following the end of each quarter of the calendar year, until the (1) expiration date of the grant, (2) total expenditure of grant funds, (3) completion of the purpose of the grant, or (4) termination of the grant, whichever is earliest. This report is separate from and additional to expenditure reports submitted with disbursement vouchers prepared pursuant to the Disbursement Provisions of this grant.

* Standard Form 269 acceptable for submission of Quarterly Report which is due even if no grant disbursements were made during the quarter.

2. Quarterly Progress Report on Capital Improvements

If the Special Provisions of this grant (Appendix A) provide funding for construction, commodity procurement or other capital improvements, Grantee shall submit two copies of a progress report within 15 days following the end of each quarter of the calendar year. The reports should include the following information and may be consolidated into one quarterly report, as applicable.

a) Construction Progress

The status of planning, contracting, construction, and related procurement by a fixed or unit price contractor should be reported in full. Each report should show the percentage of completion of each major segment of work, e.g., final architectural-engineering planning, excavation, structural work, mechanical work, electrical work, etc., and should indicate how the rate of work compares with the progress schedule adopted at the inception of the project. The progress schedule should be included in each report, along with any revisions made in the schedule and the reasons for such revisions. As applicable, one or more photographs should be included showing the work in progress. The report should include a statement of utilization of funds for the project and should separately identify both grant funds and any other funds financing the project, as applicable. The report should inform ASHA of any current or potential problems affecting the character and progress of the work and steps taken, or which are to be taken, to resolve them.

b) Commodity Procurement

Commodity procurement undertaken during the reporting period by the Grantee or Grantee's procurement agency, excluding procurement undertaken by a fixed or unit price construction contractor, should be reported as follows:

<u>Description and Amount of Commodities Procured</u>	<u>Price</u>	<u>Number of Quotations/ Bids*</u>	<u>Lowest Price (yes, no)</u>	<u>Place of Purchase (U.S., local country)</u>
---	--------------	------------------------------------	-------------------------------	--

* Indicate any proprietary procurement with a "P" (see the grant provisions relating to Procurement of Commodities for information regarding proprietary procurement).

3. Annual Institutional Report

Grantee shall submit an Annual Institutional Report informing ASHA of significant activities, accomplishments, problems, plans for the future, and the contribution this grant is making to Grantee's educational and/or medical endeavors. The report should cover the goals of the institution as well as the assumption on which the goals are based; changes, improvements or setbacks in the academic or medical programs; local and international developments or trends affecting operations; administration; staffing; budget and finance. Three copies of the report should be submitted to ASHA for each 12 month period, covered in whole or part by the term of the grant, at such times as is most relevant in terms of Grantee's academic or fiscal year.

B. Records and Books of Account - Right of Inspection

The Grantee shall keep full and complete records and books of account, in accordance with generally accepted accounting principles, covering financial details applicable to this grant. AID and the Comptroller General of the United States, or any of their authorized representatives, shall have the right to examine, audit and copy, at all reasonable times, all such records and books of account, and all other documents or reports, pertaining to the grant. All such books and records shall be maintained by Grantee for at least three years after the date of the last disbursement by AID.

C. Reimbursement to AID

a) In the case of any disbursement which is not supported by valid documentation in accordance with this agreement, or which is not made or used in accordance with this agreement, or which was for goods or services not used in accordance with this agreement, AID, notwithstanding the availability or exercise of any other remedies under this agreement, may require the Grantee to refund the amount of such disbursement in U.S. dollars to AID within sixty (60) days after receipt of a request therefor.

b) If the failure of Grantee to comply with any of its obligations under this agreement has the result that goods or services financed under the grant are not used effectively in accordance with this agreement, AID may require the Grantee to refund all or any part of the amount of the disbursements under this agreement for such goods or services in U.S. dollars to AID within sixty days after receipt of a request therefor.

c) The right under subsection (a) or (b) to require a refund of a disbursement will continue, notwithstanding any other provision of this agreement, for three years from the date of the last disbursement under this agreement.

c) (1) Any refund under subsection (a) or (b), or (2) any refund to AID from a contractor, supplier, bank or other third party with respect to goods or services financed under the grant, which refund relates to an unreasonable price for or erroneous invoicing of goods or services, or to goods that did not conform to specifications, or to services that were inadequate, will (A) be made available first for the cost of goods and services required for the project, to the extent justified, and (B) the remainder, if any, will be applied to reduce the amount of the grant.

D. Non-Liability

AID disclaims all liability with respect to any claims arising out of or connected with activities supported by this grant.

E. Equal Opportunity

Grantee's employment practices with regard to U.S. nationals shall provide equality of opportunity without regard to race, religion, sex, color or national origin. Further, in the carrying out of its educational and/or medical program, Grantee agrees that no person shall, on the grounds of race, religion, sex, color or national origin, be excluded from participation, be denied benefits, or be otherwise subject to discrimination.

The above shall not be construed to require enrollment of students of both sexes at an educational institution enrolling boys or girls only.

F. Covenant Against Contingent Fees

The Grantee warrants that no person or selling agent has been employed or retained to solicit or secure this grant upon agreement or understanding for a commission, percentage, brokerage, or contingent fee. For breach or violation of this warranty, AID shall have the right to cancel this grant without liability or, in its discretion, to deduct from the grant amount, or otherwise recover, the full amount of each commission, percentage, brokerage, or contingent fee.

G. Officials Not to Benefit

No member or delegate to the Congress or resident commissioner shall be admitted to any share or part of this grant or to any benefit that may arise therefrom.

H. Termination

AID may revoke this grant at any time for the convenience of the United States Government by giving written notice to such effect to the Grantee. Upon receipt of and in accordance with such notice, Grantee shall take appropriate action to minimize all expenditures and cancel outstanding obligations financed by this grant wherever possible. Grantee shall be reimbursed for all obligations incurred prior to the date of termination which have not been cancelled and which it has made in accordance with the provisions of this grant. Grantee shall refund to AID any unexpended and/or non-obligated portion of the funds which have been disbursed to the Grantee by AID within ninety (90) days after the termination of this grant. In addition, upon such termination AID may, at AID's expense, direct that title to goods financed under the grant be transferred to AID if the goods are from a source outside the country in which Grantee's institution is located, are in a deliverable state and have not been offloaded in ports of entry of the country in which Grantee's institution is located.
